Request for Accountability of Waitlist

- Agency continues to hear anecdotal stories that people did not receive offers of service
- KDADS is trying to locate these individuals and encourage them contact us
- To date, we have not been contacted by anyone on waitlist who has not received services as expected when waitlist was cleared
- This not only a KDADS issue, this is a state issue that needs to be solved
- We want to partner with advocates and families in order to identify anyone not receiving services to be able to provide services to anyone who is eligible.

Autism Services:

Waiver Renewal:

- Recently submitted autism waiver renewal application
 - 62 currently receive services; more children will get services due to transfer of some autism waiver services to the State Plan under the new waiver
 - **Key Changes:**
 - Three behavioral services transferred from waiver to the State Plan
 - The goal is to work with families to provide the right plan of services and care
 - We expect a significant reduction in proposed recipient list
 - More children will receive early intervention Autism services
-

Serious Emotional Disturbance:

- **Waiver Renewal:**
- KDADS is working on the waiver renewal application for the SED waiver
- CMS has approved a 90-day extension 2016 due to concerns about conflict of interest.
 - Currently the CMHC provides all eligibility determinations, plan of care development, and provision of services.
 - CMS has said the CMHC cannot continue to perform all these tasks.
 - KDADS is working with CMS to determine specifically what CMS will require to address conflict of interest.
