**April 8th, 2015
12:00 pm-1:00 pm
Lunch and Learn Call for HCBS Consumers
(21 Participants on the call)**

Facilitated by Kerrie Bacon

- **Introductions Kancare bi-weekly conference calls.**

- **Speaker and Topic: Health Homes with Rick Hoffmeister**

Overview of Health Homes and how it is functioning at this time, only people that have Medicaid are eligible. Coordinates physical and mental health care.

Kansas Eligibility

In Kansas, we plan to submit two separate Medicaid State Plan Amendments (SPAs) to allow us to implement Health Homes for the SMI target populations July 1, 2014. The first population employs the Federal option of “one serious and persistent mental health condition,” which we are calling serious mental illness, defined as having a primary diagnosis of one or more of the following:

- Schizophrenia
- Bipolar and major depression
- Delusional disorders
- Personality disorders
- Psychosis not otherwise specified
- Obsessive-compulsive disorder
- Post-traumatic stress disorder

About 28,000 enrolled.

This target population will also include anyone who may have a substance use disorder who also has one of the above-listed diagnoses.

The second target population which will be implemented in 2015, makes use of the second of the Federal eligibility options, “one chronic condition and at risk for a second.” Initially, this is defined as anyone with asthma, diabetes (including pre-diabetes and metabolic syndrome) who is also at risk for:

- Substance use disorder

Goals: Preventable Hospital stays and reduces usage of emergency rooms.

Health Home providers get a monthly payment per person while they are signed up in the program.

Line opened for Questions;

Q. MCO's are looking at diagnosis to see if one is qualified, right?

A. yes, we have a referral form on our website, so if you think someone qualifies, send it to the appropriate MCO and they are the ones making that decision.

Q. Do you have that website?

A. Yes,

Website: http://www.kancare.ks.gov/health_home.htm.

Q. Are there any others on the way?

A. Chronic Condition Health Home. It is for people with "one chronic condition and at risk for a second." Initially, this is defined as anyone with asthma, diabetes (including pre-diabetes and metabolic syndrome) is on hold.

You may email Rick rhoffmeister@kdheks.gov. with any questions.

Reminder from Ashley Kurtz, TBI Program manager. 785-296-0648. There was an HCBS Summit next Monday and Tuesday, Tuesday is for consumers and their providers. Please come and participate. There will be a lot of information. Conflict Free, HCBS transition plan, SEARCH will be there, care for the Caregiver. It is 8-4:30.

Next Lunch and Learn will be; KS Comm. On Veterans Affairs with Greg Burden, Dir. & Wayne Bollig
