#### 4. Sleep cycle support

On the website under HCBS services, all updates are listed along with the effective date.

Adult day care: to go to a licensed provider, and need help during the day. They do have to be living in the community. There cannot be any duplication of services.

Assistive tech: Anything to help them get along in their homes.

Nursing visits are Level 2 and Level 3, these are one time visits.

Medication administration is help with remembering or administrating medication. It could be a reminder.

Financial Management Services: we do have info on the website.

Comprehensive Support; does not exceed 12hrs/day.

Does not require Program Manager approval. If we ever reach capacity, it may start req that. We are in an extension from CMS right now, as we wait on approval.

Questions?

Q. Attendant Care? Will you elaborate?

A. We have changed to Personal Care Services, The worker will provide whatever services are identified in the Plan of Care for that consumer.

Q. Can you talk about FMS Services and self-directed vs. agency?

A. Self-directed- they would let the MCO know that is what they wanted. We have more info under Financial Management section of the KDADS website.

Q. Needs assessed, agency directed? More info?

A. It is the ADRC does the assessment for eligibility and then they are different FAI by the MCO if they are found eligible by the ADRC.

Q. Speak to Informal Supports and how they work?

A. Capable person? It looks at what supports (both formal and informal) that are in place. Maybe they need help when the spouse is not able to provide, or maybe the family works and are not available during the day. There are many different scenarios.
