

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver’s target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for an Amendment to a §1915(c) Home and Community-Based Services Waiver

1. Request Information

- A.** The State of **Kansas** requests approval for an amendment to the following Medicaid home and community-based services waiver approved under authority of §1915(c) of the Social Security Act.
 - B. Program Title:**
Kansas HCBS Traumatic Brain Injury Waiver
 - C. Waiver Number:KS.4164**
Original Base Waiver Number: KS.4164.
 - D. Amendment Number:KS.4164.R04.05**
 - E. Proposed Effective Date:** *(mm/dd/yy)*
01/01/13
- Approved Effective Date: 01/01/13**
Approved Effective Date of Waiver being Amended: 07/01/09

2. Purpose(s) of Amendment

Purpose(s) of the Amendment. Describe the purpose(s) of the amendment:
 The purpose of this amendment is to integrate the services provided under this waiver with the State’s Section 1115 KanCare Demonstration Project, effective January 1, 2013. KanCare is an integrated delivery system in which nearly all Medicaid services, including services provided under this waiver, will be provided through the KanCare health plans.

3. Nature of the Amendment

- A. Component(s) of the Approved Waiver Affected by the Amendment.** This amendment affects the following component(s) of the approved waiver. Revisions to the affected subsection(s) of these component(s) are being submitted concurrently *(check each that applies)*:

| Component of the Approved Waiver | Subsection(s) |
|---|-----------------------|
| <input checked="" type="checkbox"/> Waiver Application | Main, 1.E,1.G.,2, Tra |
| <input checked="" type="checkbox"/> Appendix A – Waiver Administration and Operation | A.3, A.7, Quality Per |
| <input checked="" type="checkbox"/> Appendix B – Participant Access and Eligibility | B.3.b, B.6, B.6.e, Qu |
| <input checked="" type="checkbox"/> Appendix C – Participant Services | C-1/C-3, C.1.b, C.1.c |
| <input checked="" type="checkbox"/> Appendix D – Participant Centered Service Planning and Delivery | D.1.b., D.1.d, D.2, Q |

| Component of the Approved Waiver | Subsection(s) |
|--|------------------------|
| <input checked="" type="checkbox"/> Appendix E – Participant Direction of Services | Participant Direction |
| <input checked="" type="checkbox"/> Appendix F – Participant Rights | Participant Rights |
| <input checked="" type="checkbox"/> Appendix G – Participant Safeguards | G.1, G.2, g.3, Quality |
| <input type="checkbox"/> Appendix H | |
| <input checked="" type="checkbox"/> Appendix I – Financial Accountability | Amended to reflect ca |
| <input checked="" type="checkbox"/> Appendix J – Cost-Neutrality Demonstration | Amended to reflect ca |

B. Nature of the Amendment. Indicate the nature of the changes to the waiver that are proposed in the amendment (check each that applies):

- Modify target group(s)
 - Modify Medicaid eligibility
 - Add/delete services
 - Revise service specifications
 - Revise provider qualifications
 - Increase/decrease number of participants
 - Revise cost neutrality demonstration
 - Add participant-direction of services
 - Other
- Specify:
Integrate services into capitated health plans.

Application for a §1915(c) Home and Community-Based Services Waiver

1. Request Information (1 of 3)

- A.** The State of Kansas requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of §1915(c) of the Social Security Act (the Act).
- B. Program Title** (optional - this title will be used to locate this waiver in the finder):
Kansas HCBS Traumatic Brain Injury Waiver
- C. Type of Request:** amendment

Requested Approval Period: (For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.)

- 3 years 5 years

Original Base Waiver Number: KS.4164

Waiver Number: KS.4164.R04.05

Draft ID: KS.12.04.06

D. Type of Waiver (select only one):

Regular Waiver

E. Proposed Effective Date of Waiver being Amended: 07/01/09

Approved Effective Date of Waiver being Amended: 07/01/09

1. Request Information (2 of 3)

F. Level(s) of Care. This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid State plan (check each that applies):

- Hospital

Select applicable level of care

- Hospital as defined in 42 CFR §440.10

If applicable, specify whether the State additionally limits the waiver to subcategories of the hospital level of care:

- Traumatic Brain Injury Rehabilitation Facility
- Inpatient psychiatric facility for individuals age 21 and under as provided in 42 CFR §440.160**
- Nursing Facility**
Select applicable level of care
 - Nursing Facility As defined in 42 CFR §440.40 and 42 CFR §440.155**
If applicable, specify whether the State additionally limits the waiver to subcategories of the nursing facility level of care:
 - Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR §440.140**
- Intermediate Care Facility for the Mentally Retarded (ICF/MR) (as defined in 42 CFR §440.150)**
If applicable, specify whether the State additionally limits the waiver to subcategories of the ICF/MR level of care:

1. Request Information (3 of 3)

G. Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities
Select one:

- Not applicable**
- Applicable**
Check the applicable authority or authorities:
 - Services furnished under the provisions of §1915(a)(1)(a) of the Act and described in Appendix I**
 - Waiver(s) authorized under §1915(b) of the Act.**

Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:

Specify the §1915(b) authorities under which this program operates (check each that applies):

- §1915(b)(1) (mandated enrollment to managed care)
- §1915(b)(2) (central broker)
- §1915(b)(3) (employ cost savings to furnish additional services)
- §1915(b)(4) (selective contracting/limit number of providers)
- A program operated under §1932(a) of the Act.**
Specify the nature of the State Plan benefit and indicate whether the State Plan Amendment has been submitted or previously approved:
- A program authorized under §1915(i) of the Act.**
- A program authorized under §1915(j) of the Act.**
- A program authorized under §1115 of the Act.**
Specify the program:
KanCare 1115 Demonstration Project

H. Dual Eligibility for Medicaid and Medicare.

Check if applicable:

- This waiver provides services for individuals who are eligible for both Medicare and Medicaid.**

2. Brief Waiver Description

Brief Waiver Description. *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods. With this amendment, TBI waiver services will be provided as part of a comprehensive package of services provided by KanCare health plans (Managed Care Organizations), and will be paid as part of a capitated rate.

The purpose of the Kansas Traumatic Brain Injury (TBI) waiver is to provide eligible Kansans the option to receive services in their home and community in a cost-efficient manner. The program diverts persons with TBI from seeking services from more expensive, non-inclusive, institutional settings, as well as deinstitutionalizing persons already being served in these settings. TBI waiver services are available to persons with a traumatically-incurred injury to the brain who meet the criteria for placement in a Traumatic Brain Injury Rehabilitation Facility (TBIRF). In addition, the person needing services must be 16 to 65 years of age, be financially eligible for Medicaid, and show the capacity for progress in rehabilitation and independent living skills. The individual must also meet the minimum Medicaid TBI threshold score based on an assessment with the Uniform Assessment Instrument and the TBI Addendum. The assessment must be conducted by a qualified assessor from the Aging and Disability Resource Center.

The waiver program places an emphasis on consumer-driven services and independent living. Through the program, persons with TBI can access needed services in the residence (non-congregate) of their choice while having the ability to exercise more control in creating a lifestyle that is of their choosing.

The Kansas TBI waiver is designed to be a rehabilitation program rather than one with a focus on maintenance, with an emphasis on the development of new skills and/or re-learning of lost skills. Individuals who receive services through this waiver may continue to do so until it is determined that they are no longer making progress in rehabilitation and improved living skills. This determination is made through annual reassessments of the level of care. In addition, participants go through a formal review process after four years of receiving services to determine if their needs continue to be met through the TBI waiver and whether or not they are continuing to make progress.

The plans are responsible for developing a person-centric plan of care that includes both state plan services and, as appropriate, the TBI services listed

Services available through the TBI waiver are:

- Transitional Living Skills
- Personal Services
- Assistive Services (assistive technology and home modifications)
- Personal Emergency Response System and Installation
- Sleep Cycle Support
- Physical Therapy
- Occupational Therapy
- Speech/Language Therapy
- Cognitive Rehabilitation
- Behavior Therapy
- Financial Management Services
- Home-Delivered Meals Service
- Medication Reminder Services

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.

- D. Participant-Centered Service Planning and Delivery.** Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).
- E. Participant-Direction of Services.** When the State provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

- Yes. This waiver provides participant direction opportunities.** Appendix E is required.
 - No. This waiver does not provide participant direction opportunities.** Appendix E is not required.
- F. Participant Rights.** Appendix F specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
- G. Participant Safeguards.** Appendix G describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.
- H. Quality Improvement Strategy.** Appendix H contains the Quality Improvement Strategy for this waiver.
- I. Financial Accountability.** Appendix I describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.
- J. Cost-Neutrality Demonstration.** Appendix J contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

- A. Comparability.** The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in Appendix C that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in Appendix B.
- B. Income and Resources for the Medically Needy.** Indicate whether the State requests a waiver of §1902(a)(10)(C)(i) (III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):
 - Not Applicable
 - No
 - Yes
- C. Statewide.** Indicate whether the State requests a waiver of the statewide requirements in §1902(a)(1) of the Act (*select one*):

- No
- Yes

If yes, specify the waiver of statewide that is requested (*check each that applies*):

- Geographic Limitation.** A waiver of statewide is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State.

Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

- Limited Implementation of Participant-Direction.** A waiver of statewide is requested in order to make *participant-direction of services* as specified in Appendix E available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State.

Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

- A. Health & Welfare:** The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any State licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community based waiver services. **Appendix B** specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.
- I. Habilitation Services.** The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.

J. Services for Individuals with Chronic Mental Illness. The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR §441.301(b)(1) (ii), waiver services are not furnished to individuals who are in-patients of a hospital, nursing facility or ICF/MR.
- C. Room and Board.** In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The State does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- G. Fair Hearing:** The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community- based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.
- H. Quality Improvement.** The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in **Appendix H**.
- I. Public Input.** Describe how the State secures public input into the development of the waiver:

The original Kansas TBI waiver was written with significant input provided by persons with TBI and family members, advocates, and service providers. Input continues to be provided by the TBI Waiver Steering Committee, which is similarly represented. This group meets on a quarterly basis to consult with and advise the operating agency on all aspects of the waiver program, including development. Work groups with representation from the Steering Committee and other interested parties, including community members, are often utilized to discuss, research, write, and refine proposed policies and policy changes. In addition, public input is solicited on the SRS web site whenever proposed policies or policy changes specific to the TBI waiver are considered.

Prior to submitting the request to amend this waiver, input was sought from stakeholders. There were discussions held regarding the impact of the changes, as well as alternatives to the proposals presented. Stakeholder input was considered and changes to the original proposals were made as a result of that feedback. Input was sought from tribal governments on November 24, 2010 and again on February 18, 2011.

In the summer of 2011, the State of Kansas facilitated a Medicaid public input and stakeholder consultation process, during which more than 1,700 participants engaged in discussions on how to reform the Kansas Medicaid system. Participants produced more than 2,000 comments and recommendations for reform. After three public forums in Topeka, Wichita and Dodge City, web teleconferences were held with stakeholders representing Medicaid population groups and providers. The State also made an online comment tool available, and a fourth, wrap-up public forum was conducted in Overland Park in August 2011.

The State carefully considered the input from this process and from meetings with advocates and provider associations. In November 2011, Kansas announced a comprehensive Medicaid reform plan that incorporated the themes that had emerged from the public process, including integrated, whole-person care; preserving and creating paths to independence; alternative access models; and enhancing community-based services. The State conducted a formal public comment period related to the KanCare waiver application in June and July 2012. The State also conducted two rounds of tribal consultation, an initial consultation meeting in February 2012, and the second in June and July 2012, incorporating feedback from that process in its August 6 application.

- J. Notice to Tribal Governments.** The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.
- K. Limited English Proficient Persons.** The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

7. Contact Person(s)

- A.** The Medicaid agency representative with whom CMS should communicate regarding the waiver is:

8. Authorizing Signature

This document, together with the attached revisions to the affected components of the waiver, constitutes the State's request to amend its approved waiver under §1915(c) of the Social Security Act. The State affirms that it will abide by all provisions of the waiver, including the provisions of this amendment when approved by CMS. The State further attests that it will continuously operate the waiver in accordance with the assurances specified in Section V and the additional requirements

specified in Section VI of the approved waiver. The State certifies that additional proposed revisions to the waiver request will be submitted by the Medicaid agency in the form of additional waiver amendments.

Signature: Elizabeth Phelps

State Medicaid Director or Designee

Transition Plan

Specify the transition plan for the waiver:

The integration of TBI waiver services into KanCare health plans will take effect January 1, 2013, with the implementation of KanCare. The change is limited to the delivery system. There is no change in eligibility for the waiver services or the scope and amount of services available to waiver participants. Beneficiaries who are American Indians and Alaska Natives will be presumptively enrolled in KanCare, but they will have the option of affirmatively opting-out of managed care.

The State's plan for transition of TBI services to KanCare is multi-pronged:

1. Beneficiary Education and Notification; Targeted Readiness for HCBS Waiver Providers. The State has conducted extensive outreach to all Medicaid beneficiaries and providers regarding the integration of waivers services into KanCare. There have been five rounds of educational tours to multiple cities and towns across the state since July

2012. These tours generally included daily sessions for providers and daily sessions for beneficiaries (and usually included two different beneficiary sessions in the day – one earlier in the day and one later in the day to accommodate a wide range of schedules). Two of these tours were for all KanCare beneficiaries and providers; one focused on dental providers; and one was specifically focused on those beneficiaries and providers that have not previously been in managed care. The final tour is being conducted after member selection materials are distributed, in November 2012, designed specifically to assist beneficiaries in fully understanding their options and selecting their KanCare plan.

In addition to beneficiary education, the providers that support HCBS waiver members have received additional outreach, information, transition planning and education regarding the KanCare program, to ensure an effective and smooth transition. In addition to the broader KanCare provider outreach (including educational tours and weekly stakeholder update calls), the providers that support HCBS waiver members have had focused discussions with state staff and MCO staff about operationalizing the KanCare program; about transition planning (and specific flexibility to support this) for the shift of targeted case management into MCO care management; and about member support in selecting their KanCare plan.

Beneficiaries received notices throughout November informing them of the changes that the KanCare program will bring effective 1.1.13, pending CMS approval; advising them as to which of the three KanCare plans they had been tentatively assigned to; explaining how to make a different choice if desired; describing the relative benefits available to them under each of the three KanCare plans; describing grievances and appeals; and providing contact information for eligibility and the enrollment broker, as well as each of the KanCare plans. A further notice will be mailed in late November-early December 2012 to HCBS beneficiaries specifically, which will specifically address the how the HCBS services will transition into KanCare, how the HCBS waiver services will continue, the 180 day transition safeguard for existing plans of care, and when applicable the role of new ADRC/level of care determination contractors. The materials provided are in languages, formats and reading levels to meet enrollee needs. The State will track returned mail and make additional outreach attempts for any beneficiary whose notification is returned.

During the first 180 days of the program, the State will continue with its educational activities after initial implementation to ensure providers, beneficiaries, and stakeholders are reminded of their enrollment and choice options.

2. Efforts to Preserve Existing Provider Relationships. Wherever possible, the State has pre-assigned members to a health plan in which its existing providers are participating. Beneficiaries will be allowed to access services with existing providers during the first 90 days of implementation, regardless of whether the provider is in the plan's network. If a new plan of care is not established in this 90 day period, this protection of both services and existing providers will continue up to either 180 days or the time a new plan of care is established. This period is extended to one year for residential service providers. For beneficiaries who do not receive a service assessment and revised service plan within the first 180 days, the health plan will be required to continue the service plan already in existence until a new service plan is created, agreed upon by the enrollee, and implemented. A member who does not receive a service assessment and revised service plan during the 90 day choice period may disenroll from his or her health plan "for cause" within 30 days of receiving a new plan of care, and select another KanCare plan managed care organization.

3. Information Sharing with KanCare Health Plans. Once the member is assigned to a health plan, the State and/or current case management entities will transmit the following data to the consumer's new MCO:

- Outstanding Prior Authorizations
- Functional assessments
- Plan of Care (along with associated providers)
- Notices of Action
- Historical claims
- Historical Prior Authorizations

This information serves as a baseline for the health plan's care management process and allows the care management team to assess the level of support and education the member may need.

4. Continuity of Services During the Transition. In order to maintain continuity of services and allow health plans time to outreach and assess the members, the State of Kansas has required the KanCare health plans to authorize and continue all existing PD services for a period of 180 days, or until a comprehensive needs assessment is completed face-to-face and a new, person centric plan of care, is developed and approved.

Also, to ensure continuity of services, the State will allow providers to continue to use the State's MMIS to enter claims. The option will ease a technical consideration of the transition for providers who do not have experience billing directly to commercial clearinghouses or other payers.

5. Intensive State Oversight. Kansas Department for Aging and Disability Services long term care licensure and quality

assurance staff will provide oversight and “ride alongs” with health plan staff to ensure a smooth transition for the first 180 days. The State will review any reductions or termination of services and must approve any reduction in advance of the change.

Enrollee’s will have all appeal rights afforded through the MCO and state fair hearing process, including the ability to continue services during the appeal.

The State will require each health plan to maintain a call center and will review call center statistics daily. The State will also hold regular calls with each health plan to discuss key operational activities and address any concerns or questions that arise. Issues to be discussed can include, but are not limited to, network reporting and provider panel size reports, call center operations, reasons for member calls, complaint and appeal tracking, health plan outreach activities, service planning, data transfer, claims processing, and any other issue encountered during transition. The State will also review beneficiary complaints and grievances/appeals during the initial implementation on a frequent basis, and will have comprehensive managed care oversight, quality improvement and contract management.

6. Designation of an Ombudsman. There will be a KanCare Ombudsman in the Kansas Department for Aging and Disability Services. The KanCare Ombudsman helps people in Kansas who are enrolled in a KanCare plan, with a primary focus on individuals participating in the HCBS waiver program or receiving other long term care services through KanCare.

The KanCare Ombudsman helps health plan members with access and service concerns, provides information about the KanCare grievance and appeal process that is available through the KanCare plans and the state fair hearing process, and assists KanCare consumers seek resolution to complaints or concerns regarding their fair treatment and interaction with their KanCare plan.

The KanCare Ombudsman will:

Help consumers to resolve service-related problems when resolution is not available directly through a provider or health plan.

Help consumers understand and resolve notices of action or non-coverage.

Assist consumers learn and navigate the grievance and appeal process at the KanCare plan, and the State fair hearing process, and help them as needed.

Assist consumers to seek remedies when they feel their rights have been violated.

Assist consumers understand their KanCare plan and how to interact with the programs benefits.

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

N/A

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

The waiver is operated by the State Medicaid agency.

Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (*select one*):

The Medical Assistance Unit.

Specify the unit name: _____

(Do not complete item A-2)

Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

(Complete item A-2-a).

- **The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency.**

Specify the division/unit name:

Kansas Department of Aging and Disability Services / Community Services and Programs Commission

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. (Complete item A-2-b).

Appendix A: Waiver Administration and Operation

2. Oversight of Performance.

- a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency.** When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:
As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.

- b. Medicaid Agency Oversight of Operating Agency Performance.** When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:
 Kansas Department of Health and Environment (KDHE), which is the single state Medicaid agency (SSMA), and the Kansas Department for Aging and Disability Services (KDADS) have an interagency agreement which, among other things:
- Specifies that the SSMA is the final authority on compensatory Medicaid costs.
 - Recognizes the responsibilities imposed upon the SSMA as the agency authorized to administer the Medicaid program, and the importance of ensuring that the SSMA retains final authority necessary to discharge those responsibilities.
 - Requires the SSMA approve all new contracts, MOUs, grants or other similar documents that involve the use of Medicaid funds.
 - Notes that the agencies will work in collaboration for the effective and efficient operation of Medicaid health care programs, including the development and implementation of all program policies, and for the purpose of compliance with all required reporting and auditing of Medicaid programs.
 - Requires the SSMA to provide KDADS with professional assistance and information, and both agencies to have designated liaisons to coordinate and collaborate through the policy implementation process.
 - Delegates to KDADS the authority for administering and managing certain Medicaid-funded programs, including those covered by this waiver application.
 - Specifies that the SSMA has final approval of regulations, SPAs and MMIS policies, is responsible for the policy process, and is responsible for the submission of applications/amendments to CMS in order to secure and maintain existing and proposed waivers, with KDADS furnishing information, recommendations and participation. (The submission of this waiver application is an operational example of this relationship. Core concepts were developed through collaboration among program and operations staff from both the SSMA and KDADS; functional pieces of the waiver were developed collectively by KDHE and KDADS staff; and overview/approval of the submission was provided by the SSMA, after review by key administrative and operations staff and approval of both agencies' leadership.)
- In addition to leadership-level meetings to address guiding policy and system management issues (both ongoing periodic meetings and as needed, issue-specific discussions), the SSMA ensures that KDADS

performs assigned operational and administrative functions by the following means:

a. Regular meetings are held by the SSMA with representatives from KDADS to discuss:

- Information received from CMS;
- Proposed policy changes;
- Waiver amendments and changes;
- Data collected through the quality review process
- Eligibility, numbers of consumers being served
- Fiscal projections; and
- Any other topics related to the waivers and Medicaid.

b. All policy changes related to the waivers are approved by KDHE. This process includes a face to face meeting with KDHE staff.

c. Waiver renewals, 372 reports, any other federal reporting requirements, and requests for waiver amendments must be approved by KDHE.

d. Correspondence with CMS is copied to KDHE.

Kansas Department of Health and Environment, as the single state Medicaid agency, has oversight responsibilities for all Medicaid programs, including direct involvement or review of all functions related to HCBS waivers. In addition, under the KanCare program, as the HCBS waiver programs merge into comprehensive managed care, KDHE will have oversight of all portions of the program and the KanCare MCO contracts, and will collaborate with KDADS regarding HCBS program management, including those items identified in part (a) above. The key component of that collaboration will be through the KanCare Interagency Monitoring Team, an important part of the overall state's KanCare Quality Improvement Strategy, which will provide quality review and monitoring of all aspects of the KanCare program – engaging program management, contract management, and financial management staff from both KDHE and KDADS.

Appendix A: Waiver Administration and Operation

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

- Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).**

Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.:*

The state's contracted Aging & Disability Resource Center (ADRC) conducts participant waiver assessment and level of care evaluation activities for current potential consumers, as well as options counseling; the state's contracted Managed Care Organizations conduct plan of care development and related service authorization, develop and review service plans, assist with utilization management, conduct provider credentialing, provider manual, and other provider guidance; and participate in the comprehensive state quality improvement strategy for the KanCare program including this waiver.

- No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).**

Appendix A: Waiver Administration and Operation

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

- Not applicable**
- Applicable** - Local/regional non-state agencies perform waiver operational and administrative functions.

Check each that applies:

- Local/Regional non-state public agencies** perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

- Local/Regional non-governmental non-state entities** conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

- 5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities.** Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:
Kansas Department for Aging and Disability Services/ Community Services and Programs Commission

Appendix A: Waiver Administration and Operation

- 6. Assessment Methods and Frequency.** Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

Contracted entities, including both the state's contracted ADRC providing level of care determinations (initial and redeterminations) and the state's contracted KanCare managed care organizations, are monitored through the state's KanCare Quality Improvement Strategy, which will provide quality review and monitoring of all aspects of the KanCare program – engaging program management, contract management, and financial management staff from both KDHE and KDADS. All functions delegated to contracted entities will be included in the state's comprehensive quality strategy review processes. A key component of that monitoring and review process will be the KanCare Interagency Monitoring Team, which will include HCBS waiver management staff from KDADS. In addition, the SSMA and the state operating agency will continue to operate collaboratively under an interagency agreement, as addressed in part A.2.b above, and that agreement will include oversight and monitoring of all HCBS programs and the KanCare MCOs and ADRC contractors.

The KanCare Quality Improvement Strategy and interagency agreements/monitoring teams will ensure that the entities contracting with KDADS (the Waiver Operating Agency) are operating within the established parameters. These parameters include CMS rules/guidelines, the approved KanCare managed care contracts and related 1115 waiver, Kansas statutes and regulations, and related policies. Included in the QIS will be ongoing assessment of the results of onsite monitoring and in-person reviews with a sample of HCBS waiver participants. Initially the MCOs will partner with KDADS field staff to conduct those reviews, and over time the MCOs will become increasingly responsible for conducting those reviews and the state will take a monitoring role in that process.

Appendix A: Waiver Administration and Operation

- 7. Distribution of Waiver Operational and Administrative Functions.** In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency.

Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.

| Function | Medicaid Agency | Other State Operating Agency | Contracted Entity |
|--|-------------------------------------|-------------------------------------|-------------------------------------|
| Participant waiver enrollment | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |
| Waiver enrollment managed against approved limits | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| Waiver expenditures managed against approved levels | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| Level of care evaluation | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |
| Review of Participant service plans | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |

| Quality assurance and quality improvement activities | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Standard =100%; Measure = Number of aggregated performance measure reports, trends, and remediation efforts generated by the Operating agency vs number of aggregated performance measure reports, trends, and remediation efforts reviewed by the Medicaid agency.

Data Source (Select one):

Reports to State Medicaid Agency on delegated Administrative functions

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Kansas Department of Health and Environment, Division of Health Care Finance (KDHE), the single state Medicaid agency, and Kansas Department for Aging and Disability Services (KDADS) work together to develop state operating agency priority identification regarding all waiver assurances and minimum standards/basic assurances. The state agencies work in partnership with consumers, advocacy organizations, provider groups and other interested stakeholders to monitor the state quality strategy and performance standards and discuss priorities for remediation and improvement. The state quality improvement strategy includes protocols to review cross-service system data to identify trends and opportunities for improvement related to all Kansas waivers, policy and procedure development and systems change initiatives.

Data gathered by KDADS Regional Staff during the Quality Survey Process is compiled quarterly for evaluation and trending to identify areas for improvement. Upon completion of identified areas of improvement this information is compiled into reports and shared both internally and externally, including with KDHE. As the KanCare program is operationalized, staff of the three plans will be engaged with state staff to ensure strong understanding of Kansas’ waiver programs and the quality measures associated with each waiver program. Over time, the role of the MCOs in collecting and reporting data regarding the waiver performance measures will evolve, with increasing responsibility once the MCOs fully understand the Kansas programs. These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

State staff and/or KanCare MCO staff request, approve, and assure implementation of provider corrective action planning and/or technical assistance to address non-compliance with waiver and performance standards as detected through on-site monitoring, survey results and other performance monitoring. These processes are monitored by both program managers and other relevant state and MCO staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

Monitoring and survey results are compiled, trended, reviewed, and disseminated consistent with protocols identified in the statewide quality improvement strategy. Each provider receives annual data trending which identifies Provider specific performance levels related to statewide performance standards and statewide averages. Corrective Action Plan requests, technical assistance and/or follow-up to remediate negative trending are included in annual provider reports where negative trending is evidenced.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

| Responsible Party <i>(check each that applies):</i> | Frequency of data aggregation and analysis <i>(check each that applies):</i> |
|---|--|
| <input checked="" type="checkbox"/> State Medicaid Agency | <input type="checkbox"/> Weekly |
| <input checked="" type="checkbox"/> Operating Agency | <input type="checkbox"/> Monthly |
| <input type="checkbox"/> Sub-State Entity | <input checked="" type="checkbox"/> Quarterly |
| <input type="checkbox"/> Other Specify: | <input type="checkbox"/> Annually |
| | <input type="checkbox"/> Continuously and Ongoing |
| | <input type="checkbox"/> Other Specify: |

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Administrative Authority that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Administrative Authority, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the State limits waiver services to a group or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR §441.301(b)(6), select one waiver target group, check each of the subgroups in the selected target group that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:*

| Target Group | Included | Target SubGroup | Minimum Age | Maximum Age | |
|--|-------------------------------------|----------------------|-------------|-------------------|--------------------------|
| | | | | Maximum Age Limit | No Maximum Age Limit |
| <input type="radio"/> Aged or Disabled, or Both - General | | | | | |
| | <input type="checkbox"/> | Aged | | | <input type="checkbox"/> |
| | <input type="checkbox"/> | Disabled (Physical) | | | |
| | <input type="checkbox"/> | Disabled (Other) | | | |
| <input checked="" type="radio"/> Aged or Disabled, or Both - Specific Recognized Subgroups | | | | | |
| | <input checked="" type="checkbox"/> | Brain Injury | 16 | 64 | <input type="checkbox"/> |
| | <input type="checkbox"/> | HIV/AIDS | | | <input type="checkbox"/> |
| | <input type="checkbox"/> | Medically Fragile | | | <input type="checkbox"/> |
| | <input type="checkbox"/> | Technology Dependent | | | <input type="checkbox"/> |

| Target Group | Included | Target SubGroup | Minimum Age | Maximum Age | |
|--|--------------------------|-------------------------------|-------------|-------------------|--------------------------|
| | | | | Maximum Age Limit | No Maximum Age Limit |
| <input type="radio"/> Mental Retardation or Developmental Disability, or Both | | | | | |
| | <input type="checkbox"/> | Autism | | | <input type="checkbox"/> |
| | <input type="checkbox"/> | Developmental Disability | | | <input type="checkbox"/> |
| | <input type="checkbox"/> | Mental Retardation | | | <input type="checkbox"/> |
| <input type="radio"/> Mental Illness | | | | | |
| | <input type="checkbox"/> | Mental Illness | | | |
| | <input type="checkbox"/> | Serious Emotional Disturbance | | | |

b. Additional Criteria. The State further specifies its target group(s) as follows:

The brain injury must be traumatically-acquired, i.e., caused by an external physical force, such as blunt or penetrating trauma or from accelerating-decelerating forces.

The individual must meet the level of care required for Traumatic Brain Injury Rehabilitation Facility placement, determined by the Medicaid Long Term Care (LTC) threshold score for TBI based on an assessment using the TBI Uniform Assessment Instrument and the accompanying TBI Assessment Addendum.

The individual must show the capacity to make progress in their rehabilitation and independent living skills. (Progress is evaluated annually and as deemed necessary by the MCO, using standard criteria developed by the operating agency, KDADS.)

Individuals who reach the age of 65 while receiving TBI waiver services may choose to continue to receive waiver services if they continue to make progress.

If aged 20 or younger, a TBI waiver consumer must have a KAN-Be-Healthy (EPSDT) screening completed on an annual basis.

c. Transition of Individuals Affected by Maximum Age Limitation. When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (*select one*):

- Not applicable. There is no maximum age limit**
- The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.**

Specify:

Individuals receiving TBI waiver services who continue to make progress in their rehabilitation may continue to receive waiver services, if they so choose, including participants receiving services at the time that they reach the age of 65. Individuals transitioning off the waiver, including those participants who are approaching the age of 65 and do not show progress in their rehabilitation, may choose to forego the use of formal services or they may transition to the Physical Disability (PD) waiver prior to their 65th birthday, provided they meet established criteria. KanCare MCOs consult with consumers to discuss options and to determine consumers' individual choices. Individuals served on the TBI waiver age 65 or older who do not show progress in their rehabilitation may choose to forego the use of formal services or they may transition to the Frail Elderly (FE) waiver, provided that they meet established criteria. In any case, the MCO consults with the consumer to discuss their options and determine the consumer's choice.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

- a. Individual Cost Limit.** The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*) Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

- No Cost Limit.** The State does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*
- Cost Limit in Excess of Institutional Costs.** The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. *Complete Items B-2-b and B-2-c.*

The limit specified by the State is (*select one*)

- A level higher than 100% of the institutional average.**

Specify the percentage:

- Other**

Specify:

- Institutional Cost Limit.** Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*
- Cost Limit Lower Than Institutional Costs.** The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

The cost limit specified by the State is (*select one*):

- The following dollar amount:**

Specify dollar amount:

The dollar amount (*select one*)

- Is adjusted each year that the waiver is in effect by applying the following formula:**

Specify the formula:

- May be adjusted during the period the waiver is in effect. The State will submit a waiver amendment to CMS to adjust the dollar amount.**
- The following percentage that is less than 100% of the institutional average:**

Specify percent: |

Other:

Specify:

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

Answers provided in Appendix B-2-a indicate that you do not need to complete this section.

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

c. Participant Safeguards. When the State specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the State has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

- The participant is referred to another waiver that can accommodate the individual's needs.**
- Additional services in excess of the individual cost limit may be authorized.**

Specify the procedures for authorizing additional services, including the amount that may be authorized:

Other safeguard(s)

Specify:

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

| Waiver Year | Unduplicated Number of Participants |
|-------------|-------------------------------------|
| Year 1 | 315 |
| Year 2 | 594 |
| Year 3 | 664 |
| Year 4 | |

| Waiver Year | Unduplicated Number of Participants |
|-------------|-------------------------------------|
| | 734 |
| Year 5 | 804 |

b. **Limitation on the Number of Participants Served at Any Point in Time.** Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the State limits the number of participants in this way: *(select one)*:

- The State does not limit the number of participants that it serves at any point in time during a waiver year.**
- The State limits the number of participants that it serves at any point in time during a waiver year.**

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

| Waiver Year | Maximum Number of Participants Served At Any Point During the Year |
|-------------|--|
| Year 1 | |
| Year 2 | |
| Year 3 | |
| Year 4 | |
| Year 5 | |

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

c. **Reserved Waiver Capacity.** The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State *(select one)*:

- Not applicable. The state does not reserve capacity.**
- The State reserves capacity for the following purpose(s).**

Purpose(s) the State reserves capacity for:

| Purposes |
|--------------------------------|
| Money Follows the Person (MFP) |

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

Purpose *(provide a title or short description to use for lookup)*:

Money Follows the Person (MFP)

Purpose *(describe)*:

The State reserves capacity for individuals transitioning from the MFP grant program to the HCBS-TBI waiver. These individuals are moved onto the waiver immediately following the expiration of their MFP grant benefits.

In addition: State waiver appropriations historically have determined the number of individuals that can be served in the waiver. Funding for slots will continue to be appropriated separately for each waiver. To the extent annual appropriations remain constant or increase as savings from KanCare are realized, the State intends to increase the number of individuals served and reserves the ability to amend the waiver accordingly.

Describe how the amount of reserved capacity was determined:

MFP reserve capacity is based upon historical experience as to people who have chosen to enter the MFP program and anticipated related transitions.

The capacity that the State reserves in each waiver year is specified in the following table:

| Waiver Year | Capacity Reserved |
|-----------------------|-------------------|
| Year 1 | |
| Year 2 | |
| Year 3 | |
| Year 4 (renewal only) | 5 |
| Year 5 (renewal only) | 5 |

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d. Scheduled Phase-In or Phase-Out. Within a waiver year, the State may make the number of participants who are served subject to a phase-in or phase-out schedule (*select one*):

- The waiver is not subject to a phase-in or a phase-out schedule.**
- The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.**

e. Allocation of Waiver Capacity.

Select one:

- Waiver capacity is allocated/managed on a statewide basis.**
- Waiver capacity is allocated to local/regional non-state entities.**

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

To be eligible for HCBS-TBI services, persons must 1) have an injury to the brain that is traumatically-acquired; 2) be between the ages of 16 and 65; 3) meet the Medicaid long-term care threshold; and 4) show the capacity to make progress in their rehabilitation and independent living skills (K.A.R. 30-5-300 (a)(29)(B)(i-v)). Entry to the waiver is based on a first-come, first-served basis for eligible persons. In the event that there is a waiting list, entry is based on the date and time that the assessment is completed. Persons may supersede the waiting list process if they fall into one of the following groups:

- Individuals transferring from the HCBS/Physical Disability Waiver;
- Individuals exiting a Kansas Medicaid-approved TBI Rehabilitation Facility or state hospital; or
- Individuals identified and approved for a crisis exception. Crisis exceptions are based on the following criteria:
 - The individual is at significant risk of serious harm or institutionalization because the primary caregiver(s) is/

- are not able to provide the level of support necessary to meet the individual's basic needs, or
- The individual requires protection from confirmed abuse, neglect, or exploitation, or
- There is risk of family unit dissolution, involving a minor dependent child or dependent spouse, or
- The individual is at imminent risk of incarceration due to being charged with a crime or having multiple arrests.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served - Attachment #1 (4 of 4)

Answers provided in Appendix B-3-d indicate that you do not need to complete this section.

Appendix B: Participant Access and Eligibility

B-4: Eligibility Groups Served in the Waiver

a.

1. **State Classification.** The State is a (*select one*):

- §1634 State
- SSI Criteria State
- 209(b) State

2. **Miller Trust State.**

Indicate whether the State is a Miller Trust State (*select one*):

- No
- Yes

b. **Medicaid Eligibility Groups Served in the Waiver.** Individuals who receive services under this waiver are eligible under the following eligibility groups contained in the State plan. The State applies all applicable federal financial participation limits under the plan. *Check all that apply:*

Eligibility Groups Served in the Waiver (excluding the special home and community-based waiver group under 42 CFR §435.217)

- Low income families with children as provided in §1931 of the Act
- SSI recipients
- Aged, blind or disabled in 209(b) states who are eligible under 42 CFR §435.121
- Optional State supplement recipients
- Optional categorically needy aged and/or disabled individuals who have income at:

Select one:

- 100% of the Federal poverty level (FPL)
- % of FPL, which is lower than 100% of FPL.

Specify percentage:

- Working individuals with disabilities who buy into Medicaid (BBA working disabled group as provided in §1902(a)(10)(A)(ii)(XIII) of the Act)
- Working individuals with disabilities who buy into Medicaid (TWWIIA Basic Coverage Group as provided in §1902(a)(10)(A)(ii)(XV) of the Act)
- Working individuals with disabilities who buy into Medicaid (TWWIIA Medical Improvement Coverage Group as provided in §1902(a)(10)(A)(ii)(XVI) of the Act)
- Disabled individuals age 18 or younger who would require an institutional level of care (TEFRA 134 eligibility group as provided in §1902(e)(3) of the Act)
- Medically needy in 209(b) States (42 CFR §435.330)
- Medically needy in 1634 States and SSI Criteria States (42 CFR §435.320, §435.322 and §435.324)
- Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

Specify:

Special home and community-based waiver group under 42 CFR §435.217) Note: When the special home and community-based waiver group under 42 CFR §435.217 is included, Appendix B-5 must be completed

- No. The State does not furnish waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217. Appendix B-5 is not submitted.**
- Yes. The State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217.**

Select one and complete Appendix B-5.

- All individuals in the special home and community-based waiver group under 42 CFR §435.217**
- Only the following groups of individuals in the special home and community-based waiver group under 42 CFR §435.217**

Check each that applies:

- A special income level equal to:**

Select one:

- 300% of the SSI Federal Benefit Rate (FBR)**
- A percentage of FBR, which is lower than 300% (42 CFR §435.236)**

Specify percentage:

- A dollar amount which is lower than 300%.**

Specify dollar amount:

- Aged, blind and disabled individuals who meet requirements that are more restrictive than the SSI program (42 CFR §435.121)**
- Medically needy without spenddown in States which also provide Medicaid to recipients of SSI (42 CFR §435.320, §435.322 and §435.324)**
- Medically needy without spend down in 209(b) States (42 CFR §435.330)**
- Aged and disabled individuals who have income at:**

Select one:

- 100% of FPL**
- % of FPL, which is lower than 100%.**

Specify percentage amount:

- Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)**

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (1 of 4)

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group. A State that uses spousal impoverishment rules under §1924 of the Act to determine the eligibility of individuals with a community spouse may elect to use spousal post-eligibility rules under §1924 of the Act to protect a personal needs allowance for a participant with a community spouse.

a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217 (*select one*):

- Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group.**

In the case of a participant with a community spouse, the State elects to (*select one*):

- Use spousal post-eligibility rules under §1924 of the Act.**
(Complete Item B-5-b (SSI State) and Item B-5-d)
- Use regular post-eligibility rules under 42 CFR §435.726 (SSI State) or under §435.735 (209b State)**
(Complete Item B-5-b (SSI State). Do not complete Item B-5-d)
- Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The State uses regular post-eligibility rules for individuals with a community spouse.**
(Complete Item B-5-b (SSI State). Do not complete Item B-5-d)

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (2 of 4)

b. Regular Post-Eligibility Treatment of Income: SSI State.

The State uses the post-eligibility rules at 42 CFR 435.726 for individuals who do not have a spouse or have a spouse who is not a community spouse as specified in §1924 of the Act. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

i. Allowance for the needs of the waiver participant (*select one*):

- The following standard included under the State plan**

Select one:

- SSI standard**
- Optional State supplement standard**
- Medically needy income standard**
- The special income level for institutionalized persons**

(*select one*):

- 300% of the SSI Federal Benefit Rate (FBR)**
- A percentage of the FBR, which is less than 300%**

Specify the percentage:

- A dollar amount which is less than 300%.**

Specify dollar amount: _____

A percentage of the Federal poverty level

Specify percentage: _____

Other standard included under the State Plan

Specify:

The following dollar amount

Specify dollar amount: _____ If this amount changes, this item will be revised.

The following formula is used to determine the needs allowance:

Specify:

Other

Specify:

Operationally, the State will continue to calculate patient liability, or member Share of Cost, and providers will continue to be responsible for collecting it. In practice, this means the State will reduce capitation payments by the individual Share of Cost amounts. The reduction will be passed from the MCO to the provider in the form of reduced reimbursement, and the provider will be responsible for collecting the difference.

The dollar amount for the allowance is \$727. Excess income will only be applied to the cost of 1915(c) waiver services.

ii. Allowance for the spouse only (select one):

Not Applicable

The state provides an allowance for a spouse who does not meet the definition of a community spouse in §1924 of the Act. Describe the circumstances under which this allowance is provided:

Specify:

Specify the amount of the allowance (select one):

SSI standard

Optional State supplement standard

Medically needy income standard

The following dollar amount:

Specify dollar amount: _____ If this amount changes, this item will be revised.

The amount is determined using the following formula:

Specify:

iii. Allowance for the family (select one):

- Not Applicable (see instructions)
- AFDC need standard
- Medically needy income standard
- The following dollar amount:

Specify dollar amount: _____ The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the State's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.

- The amount is determined using the following formula:

Specify:

- Other

Specify:

iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:

- a. Health insurance premiums, deductibles and co-insurance charges
- b. Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of these expenses.

Select one:

- Not Applicable (see instructions) *Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.*
- The State does not establish reasonable limits.
- The State establishes the following reasonable limits

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (3 of 4)

c. Regular Post-Eligibility Treatment of Income: 209(B) State.

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (4 of 4)

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it

determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan.. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

i. Allowance for the personal needs of the waiver participant

(select one):

- SSI standard**
- Optional State supplement standard**
- Medically needy income standard**
- The special income level for institutionalized persons**
- A percentage of the Federal poverty level**

Specify percentage:

- The following dollar amount:**

Specify dollar amount: If this amount changes, this item will be revised

- The following formula is used to determine the needs allowance:**

Specify formula:

- Other**

Specify:

ii. If the allowance for the personal needs of a waiver participant with a community spouse is different from the amount used for the individual's maintenance allowance under 42 CFR §435.726 or 42 CFR §435.735, explain why this amount is reasonable to meet the individual's maintenance needs in the community.

Select one:

- Allowance is the same**
- Allowance is different.**

Explanation of difference:

iii. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:

- a. Health insurance premiums, deductibles and co-insurance charges
- b. Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of these expenses.

Select one:

- Not Applicable (see instructions)**Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.

- The State does not establish reasonable limits.**
- The State uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.**

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:

i. Minimum number of services.

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is: 1

- ii. Frequency of services.** The State requires (select one):

- The provision of waiver services at least monthly**
- Monthly monitoring of the individual when services are furnished on a less than monthly basis**

If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (*select one*):

- Directly by the Medicaid agency**
- By the operating agency specified in Appendix A**
- By an entity under contract with the Medicaid agency.**

Specify the entity:

Aging and Disability Resource Center (ADRC) contracting with Kansas. The ADRC is using the same functional eligibility instrument, measuring the same substantive issues, as has previously been used for this waiver, with the same instruction/guidance for completion provided by the state.

- Other**
Specify:

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

Qualifications of ADRC Level of Care assessors:

• Four year degree from an accredited college or university with a major in gerontology, nursing, health, social work, counseling, human development, family studies, or related area as defined by the ADRC; or a Registered Nurse license to practice in the state of Kansas.

• The ADRC must verify experience, education and certification requirements are met for assessors identified in 2.7.3.A2-4. The ADRC must maintain these records for five (5) years following termination of employment.

• Successfully complete the Functional Assessment Instrument (FAI) and Kansas Aging Management Information System (KAMIS) training prior to performing assessments.

• Assessors and interviewers must attend initial certification and recertification training sessions that cover the

forms(s) the assessor or interviewer is being certified to complete.

• An assessor or interviewer that has not conducted any assessments or interviews within the last six months must repeat the training and certification requirements for the functional assessment instrument that he or she will use.

• KDADS shall have the responsibility for conducting all training sessions, certification and recertification of all FAI Assessors. KDADS shall provide training materials and written documentation of successful completion of training.

o Assessors must participate in all state-mandated trainings to ensure proficiency of the program, services, rules, regulations, policies and procedures set forth by KDADS

o Assessors must complete 15 hours of training or continuing education annually, with an emphasis in aging and disability topics, including, but not limited to:

i,§ Annual training on the Independent Living Philosophy consisting of standardized training in history and philosophy of the National Independent Living Movement.

i,§ Completion of training regarding traumatic brain injuries.

o Tracking of staff training is a responsibility of the ADRC and should be recorded in the assessor's personnel file.

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

As established by state policy, individuals with TBI must meet the level of care required for Traumatic Brain Injury Rehabilitation Facility placement, determined by the Medicaid Long Term Care (LTC) threshold score for TBI using the TBI Uniform Assessment Instrument (UAI) and by the accompanying TBI Assessment Addendum. The UAI is a functional assessment of an individual's Activities of Daily Living (ADLs) and Instrumental Activities of Daily Living (IADLs). The Addendum provides a measure of an individual's behavioral/emotional deficits and cognitive limitations.

- e. Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

- The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.**
- A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.**

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

- f. Process for Level of Care Evaluation/Reevaluation:** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The level of care criteria employed for initial assessments of HCBS TBI waiver applicants and yearly reassessments of waiver services recipients is the level of care criteria employed for Traumatic Brain Injury Rehabilitation facilities. The individual must meet the Medicaid Long Term Care Threshold based on an assessment completed with the Uniform Assessment Instrument (UAI) and by the accompanying TBI Assessment Addendum. The Level of Care assessment. The level of care assessment and reassessment process is conducted by a qualified staff member at the Aging and Disability Resource Center contract with Kansas. Information used to determine scores and other eligibility criteria can come from a variety of sources. The consumer is the primary source of information. The ADRC uses interview techniques that are considerate of any limitations the consumer might have with hearing, eyesight, cognition, etc. Family members and other individuals who might have relevant information about the consumer can also be interviewed. The ADRC staff may also use clinical records, if available, and/or discuss the consumer's status with the appropriate medical professional.

- g. Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

- Every three months**
- Every six months**
- Every twelve months**
- Other schedule**

Specify the other schedule:

h. Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations (*select one*):

The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.

The qualifications are different.

Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (*specify*):

Timely re-evaluations are a component part of the state's contract with the ARDC. Both expectations and guidelines are specified in the waiver program's policies and procedures, which the ADRC must follow. Assurance is provided through ongoing contract monitoring and review, and quality reviews conducted by state or MCO staff.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

Written and/or electronically retrievable documentation of all evaluations and reevaluations is maintained by the ADRC. The state's contracting ADRC is using the state's KAMIS data base and the State's MIS.

Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

i. Sub-Assurances:

a. Sub-assurance: *An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.*

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Measure - Performance Standard =100%; Measure = total number of applicants who have met Traumatic Brain Injury required criteria VS total number of applicants who have met Traumatic Brain Injury required criteria who received Level of Care determination assessments.

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Measure - Performance Standard =100%; Measure = total number of enrolled participants eligible to receive LOC determination re-assessment VS actual number of persons who received LOC determination re-assessment during current service year.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

These performance measures will be included as part of the comprehensive KanCare State Quality Improvement Strategy, and assessed quarterly with follow remediation as necessary. In addition, the performance of the Aging and Disability Resource Center (ADRC) contracting with Kansas will be monitored on an ongoing basis to ensure compliance with the contract requirements.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, contract managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

State staff request, approve, and assure implementation of contractor corrective action planning and/or technical assistance to address non-compliance with performance standards as detected through on-site monitoring, survey results and other performance monitoring. These processes are monitored by both contract managers and other relevant state staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

- ii. **Remediation Data Aggregation**

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Level of Care that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Level of Care, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
- ii. given the choice of either institutional or home and community-based services.

a. Procedures. Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

During the plan of care development process, the KanCare MCO selected by the consumer informs eligible consumers, or their legal representatives, of feasible alternatives for long-term care, and documents their choice of either institutional or home and community-based waiver services utilizing the HCBS-TBI Waiver Consumer Choice Form.

b. Maintenance of Forms. Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

HCBS/TBI Waiver Consumer Choice forms are documented and maintained by the consumer's chosen KanCare MCO in the consumer's case file.

Appendix B: Participant Access and Eligibility

B-8: Access to Services by Limited English Proficiency Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

KDADS has taken steps to assist staff in communicating with Limited English Proficient (LEP) consumers and to meet the provisions set out in the Department of Health and Human Services Policy Guidance of 2000 requiring agencies which receive federal funding to provide meaningful access to services by LEP consumers. In order to comply with federal requirements that consumers receive equal access to services provided by KDADS, and to determine the kinds of resources necessary to assist staff in ensuring meaningful communication with LEP consumers, states are required to capture language preference information. As not all currently used applications gather this information, an "Addendum to Application" has been developed. This addendum should capture the language needs of each consumer.

Each service access organization has either staff available to communicate with the consumer in his/her spoken language, accesses a phone-based translation service, or uses other interpreters for its consumers.

Appendix C: Participant Services

C-1: Summary of Services Covered (1 of 2)

- a. **Waiver Services Summary.** List the services that are furnished under the waiver in the following table. If case management is not a service under the waiver, complete items C-1-b and C-1-c:

| Service Type | Service | | |
|------------------------------------|---|--|--|
| Statutory Service | Personal Services | | |
| Extended State Plan Service | Occupational Therapy (Extended State Plan service) | | |
| Extended State Plan Service | Physical Therapy (Extended State Plan service) | | |
| Extended State Plan Service | Speech and Language Therapy (Extended State Plan service) | | |
| Supports for Participant Direction | Financial Management Services | | |
| Other Service | Assistive Services | | |
| Other Service | Behavior Therapy | | |
| Other Service | Cognitive Rehabilitation | | |
| Other Service | Home-Delivered Meals Service | | |
| Other Service | Medication Reminder Services | | |
| Other Service | Personal Emergency Response System and Installation | | |
| Other Service | Sleep Cycle Support | | |
| Other Service | Transitional Living Skills | | |

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Statutory Service

Service:

Personal Care

Alternate Service Title (if any):

Personal Services

Service Definition (Scope):

Personal Services is defined as assistance provided to a person with a disability with tasks which the individual with a disability would typically do for themselves in the absence of his/her disability. Personal Services may include, but are not limited to, bathing, grooming, toileting, dressing, transferring, eating, mobility, housecleaning, meal preparation, laundry, shopping, financial management, obtaining necessary medical services, and any other Activities of Daily Living(ADLs)and Instrumental Activities of Daily Living (IADLs). Services are associated with normal rhythms of the day that can occur both in the consumer's home and in the greater community, and may be all-inclusive of K.S.A. 65-6201 in order to meet consumer needs. This includes transportation to and from related activities (although only the time involved with transportation, and not transportation costs, is included in the scope for Personal Services). The scope of and intent behind Personal Services is entirely different from, and therefore not duplicative of services defined as, and provided under, Sleep Cycle Support Services.

Health maintenance activities such as monitoring vital signs, supervising and/or training others on nursing procedures, ostomy care, catheter care, enteral nutrition, assistance with or administering medicines, wound care, and range of motion may be provided as Personal Services when they are delegated by a physician or licensed professional nurse and are documented in the plan of care, in accordance with K.S.A. 65-6201.

All Personal Services will be arranged for and authorized by the KanCare managed care organization selected by the consumer, with the consumer's written authority, and paid for through the consumer's FMS provider. Consumers may choose any qualified provider who can meet their Personal Services needs.

To avoid any overlap of services, Personal Services is limited to those services which cannot be procured from other formal or informal resources. HCBS-TBI Waiver funding is used as the funding source of last resort and requires prior authorization from the consumer's KanCare MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Personal Services are limited to the individual's assessed level of service need, as specified in the participant's plan of care, not to exceed ten (10) hours per 24-hour time period. Personal Services can exceed the limitation established by the State with Program Manager approval, given one or more of the following critical situations:

1. The consumer is returning to the community from an institutional setting, i.e., nursing facility, TBI rehabilitation facility, or other medical facility. Personal Services that exceed ten (10) hours per 24-hour time period must be critical to the consumer's ability to return to and remain in the community.

2. A TBI waiver consumer is in a situation where there is:

- Confirmation by Adult Protective Services that the consumer is a recent victim of abuse, neglect or exploitation;
- Confirmation by Children and Family Services that the consumer is a recent victim of abuse or neglect; or
- Documentation showing that the consumer is a recent victim of domestic violence.

In each case, Personal Services must be critical to the remediation of the consumer's abuse, neglect, exploitation, or domestic violence situation and be necessary for the consumer to remain in the community.

3. A TBI waiver consumer has a documented health and safety need that requires more than a total of ten (10) hours per 24-hour period. Related needs include two-person transfers, certain medical interventions, or supervision for elopement that is likely to result in danger to the consumer or others.

All consumers are held to the same criteria when qualifying to exceed the limitation in accordance with statewide policies and guidelines. Children who may require Personal Services that do not meet the criteria may receive the service through the Medicaid State Plan if medically necessary.

All Personal Services will be arranged for by the KanCare MCO's Care Coordinator with the participant's written authorization, and paid for through an enrolled home health agency, when services are agency-directed, or an enrolled Financial Management Services provider, when services are participant-directed. Payment for services must be made within the approved reimbursement range established by the state.

Participants may choose any qualified provider who can meet their Personal Services needs. An adult consumer's spouse and a minor consumer's parent, however, cannot be paid to provide Personal Services unless the service would be otherwise unavailable and/or the provision of Personal Services by that person is determined to be essential to the consumer's health and well being, in accordance with state regulation (K.A.R. 30-5-307).

A person may have several personal assistants providing him or her care. However, the MCO's will not approve Plans of Care for which it is determined that the provision of Personal Services would be a duplication

of services already approved on the Plan of Care, nor will the State MMIS make payments for multiple claims filed for the same time on the same date of service.

Persons who are directing or coordinating care on behalf of a consumer may not provide Personal Services to that same consumer.

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Extended State Plan Service

Service Title:

Occupational Therapy (Extended State Plan service)

Service Definition (*Scope*):

Occupational Therapy is a treatment approach that focuses on the effects of injury on the social, emotional, and physiological condition of the individual, and evaluates an individual's balance, motor skills, posture, and perceptual and cognitive abilities within the context of functional, everyday activities. Occupational Therapy helps individuals with TBI achieve greater independence in their lives by regaining some or all of the physical, perceptual, and/or cognitive skills needed to perform activities of daily living through exercises and other related activities. When skills and strength cannot be adequately developed or improved, Occupational Therapy offers creative solutions and alternatives for carrying out daily activities. This is done by manipulating the individual's environment or by obtaining or designing special adaptive equipment and training the individual in its use. In every case, the goal of Occupational Therapy is to help people develop the living skills necessary to increase independence and, thus, enhance self-satisfaction with the person's quality of life.

Occupational Therapy waiver services are provided when the limits of the approved Occupational Therapy State Plan service (i.e., up to six months post injury) are exhausted. Therapeutic treatments provided over and above the amount allowed in the State Plan are provided according to the participant's needs as identified by the licensed provider and in keeping with the rehabilitative intent of the waiver, i.e., that the participant continues to make progress in their rehabilitation.

To avoid any overlap of services, Occupational Therapy is limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

A maximum of 3,120 units per year (1 unit=15 minutes) either alone or in combination with any other TBI Waiver rehabilitation therapy.

Consumers under the age of 21 who are Medicaid eligible will continue to receive Medicaid services available to them under EPSDT in addition to the extended State Plan service. EPSDT eligible children receive services solely through EPSDT unless the extended state plan service is not available under EPSDT

Occupational Therapy is offered through the TBI waiver no sooner than six months after the TBI occurs. (Prior to this, it is available as a Medicaid State Plan service.)

Service Delivery Method (*check each that applies*):

- Participant-directed as specified in Appendix E

Service Type:

Extended State Plan Service

Service Title:

Physical Therapy (Extended State Plan service)

Service Definition (Scope):

Physical Therapy is a treatment approach that assists persons with reaching their highest level of motor functioning and mobility. Through Physical Therapy, people with TBI receive treatment to move and perform functional activities in their daily lives and to help prevent conditions associated with loss of mobility through fitness and wellness programs that achieve healthy and active lifestyles. Treatment may involve intensive work in a variety of areas including standing, sitting, walking, balance, muscle tone, endurance, strength, and coordination. Physical Therapy also identifies and instructs the individual in the use of special equipment, when necessary, that can help the individual adapt to limited physical functioning and move more freely and independently in their environment.

Physical Therapy waiver services are provided when the limits of the approved Physical Therapy State Plan service (i.e., up to six months post injury) are exhausted. Therapeutic treatments provided over and above the amount allowed in the State Plan are provided according to the participant's needs as identified by the licensed provider and in keeping with the rehabilitative intent of the waiver, i.e., that the participant continues to make progress in their rehabilitation.

To avoid any overlap of services, Physical Therapy is limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

A maximum of 3,120 units per year (1 unit=15 minutes) either alone or in combination with any other TBI Waiver rehabilitation therapy.

Consumers under the age of 21 who are Medicaid eligible will continue to receive Medicaid services available to them under EPSDT in addition to the extended State Plan service. EPSDT eligible children receive services solely through EPSDT unless the extended state plan service is not available under EPSDT

Physical Therapy is offered through the TBI waiver no sooner than six months after the TBI occurs. (Prior to this, it is available as a Medicaid State Plan service.)

Service Type:

Extended State Plan Service

Service Title:

Speech and Language Therapy (Extended State Plan service)

Service Definition (*Scope*):

Speech-Language Therapy is the treatment of speech and/or language disorders, i.e., problems with the actual production of sounds and difficulty understanding or putting words together to communicate ideas. Assessment and treatment of persons with TBI may include the areas of language (listening, talking, reading, writing), cognition (attention, memory, sequencing, planning, time management, problem solving), motor speech skills and articulation, and conversational skills. Speech-language therapy can also address issues related to swallowing and respiration. Goals for the person with TBI will depend on the individual's level of functioning, with the overriding focus being to regain lost skills and/or learn ways to compensate for abilities that have permanently changed so as to help the individual achieve the greatest level of independence possible.

Speech-Language Therapy waiver services are provided when the limits of the approved Speech-Language Therapy State Plan service (i.e., up to six months post injury) are exhausted. Therapeutic treatments provided over and above the amount allowed in the State Plan are provided according to the participant's needs as identified by the licensed provider and in keeping with the rehabilitative intent of the waiver, i.e., that the participant continues to make progress in their rehabilitation.

To avoid any overlap of services, Speech-Language Therapy is limited to those services not covered through

regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

A maximum of 3,120 units per year (1 unit=15 minutes) either alone or in combination with any other TBI Waiver rehabilitation therapy.

Consumers under the age of 21 who are Medicaid eligible will continue to receive Medicaid services available to them under EPSDT in addition to the extended State Plan service. EPSDT eligible children receive services solely through EPSDT unless the extended state plan service is not available under EPSDT

Speech-Language Therapy is offered through the TBI waiver no sooner than six months after the TBI occurs. (Prior to this, it is available as a Medicaid State Plan service.)

Other Standard (*specify*):

- 40 hours of training in TBI or one year of experience working with individuals with TBI.
- May be provided by an individual under the supervision of an enrolled licensed provider.

Verification of Provider Qualifications

Entity Responsible for Verification:

Kansas Department of Health and Environment (KDHE), through the state fiscal agent; and KanCare MCOs

Frequency of Verification:

As deemed necessary by KDHE.

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Supports for Participant Direction

The waiver provides for participant direction of services as specified in Appendix E. Indicate whether the waiver includes the following supports or other supports for participant direction.

Support for Participant Direction:

Financial Management Services

Alternate Service Title (if any):

Service Definition (Scope):

Financial Management Services (FMS) is provided to individuals who are eligible for TBI waiver services and have chosen to self-direct some or all of their services. FMS will be provided within the scope of the Agency with Choice (AWC) model. AWC FMS is the employer option model that Kansas is making available to individuals who reside in their own private residences or the private home of a family member and have chosen to self-direct their services.

Within this model the consumer or responsible party enters into a joint employment arrangement with the AWC FMS provider and must work collaboratively with the AWC FMS provider to ensure the receipt of quality, needed support services from direct support workers. The AWC FMS provider is responsible for assisting the consumer or the consumer's representative with two distinct types of tasks: (1) Administrative tasks and (2) Information and Assistance (I & A).

FMS Administrative tasks include, but are not limited to, the following:

- a) verification and processing of time worked, and the provision of quality assurance;
- b) preparation and disbursement of qualified direct support worker payroll in compliance with federal, state and local tax; labor; and workers' compensation insurance requirements; making tax payments to appropriate tax authorities; and
- c) performance of fiscal accounting and expenditure reporting to the individual or individual's representative and the state, as required.

FMS Information and Assistance tasks include, but are not limited to, the following:

- a) explanation of all aspects of self-direction and subjects pertinent to the individual or individual's representative in managing and directing services;
- b) assistance to the individual or individual's representative in arranging for, directing, and managing services;
- c) assistance in identifying immediate and long-term needs, developing options to meet those needs, and accessing identified supports and services; and
- d) the offer of practical skills training to enable participants or representatives to independently direct and manage waiver services such as recruiting and hiring direct service workers, managing workers, and providing effective communication and problem-solving.

The extent of the assistance furnished to the individual or individual's representative is specified in the service plan. This service does not duplicate other waiver services or case management. Where the possibility of duplicate provision of services exists, the individual's service plan shall clearly delineate responsibilities for the performance of activities.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Access to this service is limited to individuals or individual's representatives who direct some or all of their services or to individuals or individual's representatives who are planning to direct some or all of their services.

Financial Management Services (FMS) is reimbursed per member per month. FMS may be accessed by the participant at a minimum monthly or as needed in order to meet the needs of the participant.

A participant may have only one FMS provider per month.

Service Delivery Method (*check each that applies*):

- Participant-directed as specified in Appendix E**
- Provider managed**

Specify whether the service may be provided by (*check each that applies*):

- Legally Responsible Person**
- Relative**
- Legal Guardian**

Service Type: Supports for Participant Direction
Service Name: Financial Management Services

Provider Category:

Agency

Provider Type:

Enrolled Medicaid Provider

Provider Qualifications

License (*specify*):

Certificate (*specify*):

Other Standard (*specify*):

New language for FMS services – provider qualifications – “Other Standard”:

1. Each potential Agency With Choice Financial Management Service (AWC FMS) entity must complete and maintain in good standing:

a. KDADS Provider Agreement between KDADS and the FMS agency

i. Applications are available on the following website:

<http://www.selfdirect.ks.gov/CaseManagersAndProviders/Pages/Forms.aspx>

ii. The application must be completed and returned electronically as identified on the website.

iii. Application must be complete. Incomplete applications or the failure to provide required documentation will result in the application being pended awaiting completed documentation.

iv. KDADS Provider Agreements are valid for three (3) years; unless revoked; withdrawn or surrendered.

b. Medicaid Provider Agreement

i. Medicaid Provider Agreement cannot be obtained without the presentation of a valid, approved KDADS provider agreement.

ii. Medicaid provider requirements can be located at: <https://www.kmap-state-ks.us> .

c. A corporation or other entity that is required to be registered with the Secretary of State’s office.

i. Be in good standing with all Kansas laws/business requirements.

ii. Owners/Principles/Administrators/Operators have no convictions of embezzlement, felony theft, or fraud.

iii. Businesses established to provide FMS to individuals that live in a separate household from the owner, primary operator or administrator of the FMS business.

iv. Business is established to provide FMS to more than one individual.

d. Insurance defined as:

i. Liability insurance

1) Annual liability with a \$500,000 minimum

ii. Workers Compensation Insurance

1) Policy that covers all workers

2) Meets all requirements of the State of Kansas

3) Demonstrates the associated premiums are paid in a manner that ensures continuous coverage

4) Unemployment insurance (if applicable)

5) Other insurances (if applicable)

e. Annual Independent Financial Audit:

i. Shall be contracted by all AWC FMS providers, and submitted to KDADS.

f. Demonstrate financial solvency

i. Evidence that 45 days operation costs are met (estimate of cash requirements will be estimated utilizing the past quarter's performance from the date of review; or if a new entity, provider must estimate the number of individuals that they reasonably expect to serve utilizing nominal costs).

1) Cash (last three bank statements)

2) Open line of credit (statement(s) from bank/lending institution)

3) Other (explain)

g. Maintain required policies/procedures including but not limited to;

i. Policies/procedures for billing Medicaid in accordance with approved rates, and for services as authorized by POC.

ii. Policies/procedures for billing AWC FMS administrative fees

iii. Policies/procedures to receive and disburse Medicaid funds, track disbursements and provide reports as requested

1) Report to self-direct individuals semi-annually billing/dispensed on their behalf

2) Report to the State of Kansas as requested

iv. Policies/procedures that ensure proper/appropriate background checks are conducted on all individuals (FMS provider and DSW) in accordance with program requirements

v. Policies/procedures that ensure that self-directing individuals follow the pay rate procedures as established by the State of Kansas when setting direct support workers pay rates.

1) Clear identification of how this will occur

2) Prohibition of wage/benefit setting by AWC FMS provider

3) Prohibition of "recruitment" of self-direct individuals (HCBS waiver consumers/customers and/or DSW staff) by enticements/promises of greater wages and/or benefits through the improper use of Medicaid funds.

vi. Policies/procedures that ensure proper/appropriate process of time worked, disbursement of pay checks, filing of taxes and other associated responsibilities

vii. Policies/procedures regarding the provision of Information & Assistance services

viii. Policies/procedures for Grievance. The grievance policy is designed to assure a method that Direct Support Workers can utilize to address hours paid that differ from hours worked, lack of timely pay checks, bounced pay checks, and other AWC FMS issues.

h. Enter into a provider agreement with the KanCare MCOs to service members that have chosen those MCOs.

The Financial Management Services (FMS) Provider Agreement identifies the applicable waiver programs under which the organization is requesting to provide FMS and outlines general expectations and all specific provider requirements. Organizations interested in providing FMS are required to submit a signed Provider Agreement to the State Operating Agency, KDADS, prior to enrollment with the State's Fiscal Agent to provide FMS. The Secretary of KDADS (or designee) signs the agreement for the State Operating Agency.

Verification of Provider Qualifications

Entity Responsible for Verification:

Kansas Department of Health and Environment, KDADS and KanCare MCOs are responsible for ensuring the FMS provider met the approved standards

Frequency of Verification:

At a minimum, every three years or more frequently as deemed necessary by KDHE and KDADS

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Assistive Services

Service Definition (Scope):

Assistive Services are those services which meet an individual assessed need of a consumer with a disability by modifying or improving a consumer's home through environmental modifications or otherwise enhancing the consumer's ability to live independently in his/her home and community through the use of adaptive equipment. Tangible equipment or hardware such as technology assistance devices, adaptive equipment, or environmental modifications may be substituted for a Personal Service when it is identified as a cost-effective alternative on the consumer's Plan of Care.

Assistive Services may include such things as ramps; lifts; modifications to bathrooms and kitchens specifically related to accessibility; and specialized safety adaptations and assistive technology that improve mobility and communication and enhance overall independence. Modifications that add to the total square footage of the home are excluded from this benefit except when necessary to complete a modification (for example, in order to improve entrance/egress in a residence or to configure a bathroom to accommodate a wheelchair). Environmental modifications may only be purchased in rented apartments or homes when the landlord agrees in writing to maintain the modifications for a period of not less than three years, and will give first rent priority to tenants with physical disabilities. Home accessibility adaptations are not furnished to adapt living arrangements that are owned or leased by providers of waiver services.

Reimbursement for this service is limited to the consumer's assessed level of service and based on the annualized plan of care. All Assistive Services will be arranged by the KanCare managed care organization chosen by the consumer, with the consumer's written authorization of the purchase. Consumers will have complete access to choose any qualified provider with consideration given to the most economical option available to meet the consumer's assessed needs. Provision of Assistive Services is arranged and paid for by the consumer's chosen KanCare managed care organization, or by the consumer's FMS provider. If a related vendor, such as a Durable Medical Equipment provider, does not wish to contract with the MCO or FMS provider, the State shall provide a separate provider agreement which will allow the vendor to receive direct payment from Medicaid.

To avoid any overlap of services, Assistive Services are limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources (such as Vocational Rehabilitation, Rehabilitation Act of 1973, or the Educational System.) HCBS-PD waiver funding is used as the funding source of last resort and requires prior authorization from the consumer's chosen KanCare MCO

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Assistive Services are limited to the consumer's assessed level of service need, as specified in the consumer's Plan of Care, subject to critical situation criteria as established by the state. All consumers are held to the same criteria when qualifying for critical situation approval as in accordance with statewide policies and guidelines. Children who may require Assistive Services whose situation does not meet critical situation criteria may receive services through the Medicaid State Plan if medically necessary.

Assistive Services is available, with prior authorization from the consumer's chosen KanCare MCO, to HCBS/PD waiver consumers for situations defined as "critical." The following three conditions must be met, applicable to the critical situation:

1. The consumer is returning to the community from an institutional setting, i.e., nursing facility, TBI rehabilitation facility, or other medical facility. The Assistive Service must be critical to the consumer's ability to return to and remain in the community and must be a necessary expenditure within the first three months of the consumer's return to the community.

2. A TBI waiver consumer is in a situation where there is:
- confirmation by Adult Protective Services that the consumer is a recent victim of abuse, neglect or exploitation;
 - confirmation by Children and Family Services that the consumer is a recent victim of abuse or neglect; or
 - documentation showing that the consumer is a recent victim of domestic violence.

In each case, the Assistive Service must be critical to the remediation of the consumer’s abuse, neglect, exploitation, or domestic violence situation, must be a necessary expenditure within three months from the related situation, and must be necessary for the consumer to remain in the community.

All participants are held to the same criteria when qualifying for critical situation approval in accordance with statewide policies and guidelines. Children who may require Assistive Services that do not meet the criteria may receive the service through the Medicaid State plan if medically necessary.

There is a \$7,500 maximum lifetime expenditure, across all waivers. Special consideration to waive this limit may be given by the KanCare MCO . Approval for waiving this limit is based on the assessed need of the participant, as indicated in the UAI, and the likelihood that the service will enhance the participant’s ability to live independently in their home and community.

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Behavior Therapy

Service Definition (*Scope*):

In general, Behavior Therapy applies to the application of findings from behavioral science research to help individuals change in ways that they would like to change. These research-based strategies are used to help increase the quality of life of the individual with TBI and decrease problem, self-destructive behavior, such as

aggression, property destruction, self-injury, poor anger management, and other behaviors that can interfere with an individual's ability to adapt to and live successfully in the community. Behavior Therapy can involve looking at the individual's early life experiences, long-time internal psychological or emotional conflicts, and/or the individual's personality structure. Generally, however, Behavior Therapy emphasizes the individual's current environment and making positive changes to that environment while improving the individual's self-control using procedures to expand the person's skills, abilities, and level of independence.

To avoid any overlap of services, Behavior Therapy is limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

A maximum of 3,120 units per year (1 unit=15 minutes) either alone or in combination with any other TBI Waiver rehabilitation therapy.

Consumers under the age of 21 who are Medicaid eligible will continue to receive Medicaid services available to them under EPSDT in addition to the extended State Plan service. EPSDT eligible children receive services solely through EPSDT unless the extended state plan service is not available under EPSDT

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Cognitive Rehabilitation

Service Definition (Scope):

Cognitive Rehabilitation is a treatment process in which a person works to alleviate deficits in thinking. In cases of persons with TBI, these deficits can include poor attention and concentration, memory loss, difficulty with problem solving, and dysfunctional thoughts and beliefs that can contribute to maladaptive behavior and emotional responses. Through Cognitive Rehabilitation, the individual utilizes methods that aim to help make the most of existing cognitive functioning despite the difficulties they are experiencing through various methods, including guided practice on tasks that reflect particular cognitive functions, development of skills to help identify distorted beliefs and thought patterns, and strategies for taking in new information, such as the use of memory aids and other assistive devices. The goal for the individual receiving Cognitive Rehabilitation is to achieve an awareness of their cognitive limitations, strengths, and needs and acquire the awareness and skills in the use of functional compensations necessary to increase the quality of life and enhance their ability to live successfully in the community.

To avoid any overlap of services, Cognitive Rehabilitation is limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Home-Delivered Meals Service

Service Definition (Scope):

Home-Delivered Meals Service provides a consumer with one (1) or two (2) meals per calendar date. Each meal will contain at least one-third (1/3) of the recommended daily nutritional requirements. The meals are prepared elsewhere and delivered to the consumer's home. Consumers eligible for this service have been determined functionally in need of the Home-Delivered Meals service as indicated by the Uniform Assessment Instrument/Long Term Care Threshold score. Meal preparation provided by TBI waiver Personal Services providers may be authorized in the consumer's Plan of Care for those meals not provided under the Home-Delivered Meals Service.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Providers of this service must have on staff or contract with a certified dietician to assure compliance with Kansas Department on Aging (KDOA) nutrition requirements for programs under the Older Americans Act.
- This service is limited to consumers who require extensive routine physical support for meal preparation as supported by the consumer's Uniform Assessment Instrument/Long Term Care Threshold Score for meal

preparation.

- This service may NOT be maintained when a consumer is admitted to a nursing facility or acute care facility for a planned brief stay time period not to exceed two months following the admission month in accordance with Medicaid policy.
- This service is not duplicative of home-delivered meal service provided through the Older Americans Act, subject to the consumer meeting related age and other eligibility requirements, nor is it duplicative of meal preparation provided by attendants through Personal Services.
- This service is available in the consumer's home.
- No more than two (2) home-delivered meals will be authorized per consumer for any given calendar date.
- This service must be authorized in the consumer's Plan of Care.

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Medication Reminder Services

Service Definition (Scope):

Medication Reminder Services provides a scheduled reminder to a consumer when it is time for the consumer to take medications. The reminder may be a phone call, automated recording, or automated alarm depending on the provider's system.

Medication Reminder/Dispenser is a device that houses a consumer's medication and dispenses the medication with an alarm at programmed times.

Medication Reminder/Dispenser Installation is the placement of the Medication Dispenser in a consumer's home.

Education and assistance with all Medication Reminder Services is made available to consumers during implementation and on an ongoing basis by the provider of this service.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Maintenance of rental equipment is the provider's responsibility.
- Repair/replacement of rental equipment is not covered.
- Rental of equipment is covered.
- Purchase of equipment is not covered.
- This service is limited to beneficiaries who live alone or who are alone a significant portion of the day, and have no regular informal and/or formal support for extended periods of time, and who otherwise require extensive routine non-physical support including medication reminder services offered through an attendant of Personal Services.
- This service is not duplicative of services offered free of charge through any other agency or service.
- These systems may be maintained on a monthly rental basis even if a beneficiary is admitted to a nursing facility or acute care facility for a planned brief stay time period not to exceed two months following the admission month in accordance with Medicaid policy.
- This service is available in the beneficiary's home.
- Medication Reminder service is not provided face-to-face with the exception of the Installation of Medication Reminder/Dispenser.
- Installation of Medication Reminder/Dispenser is limited to one installation per consumer per calendar year.

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Personal Emergency Response System and Installation

Service Definition (Scope):

Personal Emergency Response Systems (PERS) involve the use of electronic devices which enable certain individuals at high risk of institutionalization to secure help in an emergency. The individual may also wear a portable “help” button to allow for mobility. The system is connected to the person’s telephone and programmed to signal a response center once the “help” button is activated. PERS is limited to those individuals who live alone, or who are alone for significant parts of the day, and have no regular attendant (formal or informal) for extended periods of time, and who would otherwise require extensive routine supervision.

PERS Installation is the placement of electronic PERS devices in an individual’s residence. PERS Installation is for those certain individuals at high risk of institutionalization to secure help in an emergency. These individuals have met the assessed need of a Personal Emergency Response System.

To avoid any overlap of services, PERS is limited to those services not covered through regular State Plan

Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

- Maintenance of rental equipment is the responsibility of the provider.
- Repair/replacement of equipment is not covered.
- Rental of the PER System is covered; purchase is not.
- Call lights do not meet this definition.
- Maximum of two PERS Installations per year.

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Sleep Cycle Support

Service Definition (Scope):

Sleep Cycle Support provides non-nursing physical assistance and/or supervision during the consumer's normal sleeping hours in the consumer's place of residence. This assistance includes, but is not limited to the following: (1) physical assistance or supervision with toileting, transferring, turning, intake of liquids, mobility issues, and (2) prompting to take medication.

Providers will sleep and awaken as identified on the consumer's plan of care and must provide the consumer with a mechanism to gain their attention or awaken them at anytime (e.g., a bell or buzzer). Providers must be ready to call a physician, hospital, any identified contact individuals, or other medical personnel should an emergency arise. The scope of and intent behind Sleep Cycle Support Services is entirely different from and therefore not duplicative of services defined as and provided under Personal Services.

The Plan of Care must indicate a need for this service that is beyond the need for a Personal Emergency Response System.

To avoid any overlap of services, Sleep Cycle Support is limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the MCO.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

The length of service (i.e., one unit) during any 24-hour time period must be at least 6 hours, but cannot exceed twelve hours.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
- Provider managed

Specify whether the service may be provided by (check each that applies):

- Legally Responsible Person
- Relative
- Legal Guardian

Provider Specifications:

Kansas Department of Health and Environment (KDHE), through the state fiscal agent; and KanCare MCOs.

Frequency of Verification:

As deemed necessary by KDHE

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:

Transitional Living Skills

Service Definition (Scope):

Transitional Living Skills (TLS) involves the assessment and provision of community and in-home training and support services designed to prevent and/or minimize chronic disabilities while restoring the individual to the optimal level of physical, cognitive, and behavioral functioning within the context of the person, family, and the community. The primary purpose of TLS services under the waiver is to provide opportunities for waiver participants to develop and/or re-learn skills necessary to optimize independence and enhance the individual's quality of life.

Transitional Living Skills are comprehensive in nature and, therefore, address multiple aspects of an individual's needs and goals to achieve as much independence as possible. Training follows a model in which individuals with a TBI practice skills in real-life situations in their home and community. TLS services are designed to teach the individual how to become more self-sufficient through the application of these skills, which include, but are not limited to, the following areas: household management, disability and social adjustment, problem-solving, functional communication, self-management, and community living. TLS services are expected to decrease as the individual's skills increase.

To avoid any overlap of services, TLS services are limited to those services not covered through regular State Plan Medicaid and which cannot be procured from other formal or informal resources. HCBS/TBI waiver funding is used as the funding source of last resort and requires prior authorization from the KanCare MCO's.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Provided at a minimum of four hours a week (consideration will be given when consumers are ill or cannot participate in TLS activities due to unforeseen circumstances), up to four hours a day, and with a maximum of 780 hours a year.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
 Provider managed

Appendix C: Participant Services

C-1: Summary of Services Covered (2 of 2)

b. Provision of Case Management Services to Waiver Participants. Indicate how case management is furnished to waiver participants (*select one*):

- Not applicable** - Case management is not furnished as a distinct activity to waiver participants.
- Applicable** - Case management is furnished as a distinct activity to waiver participants.

Check each that applies:

- As a waiver service defined in Appendix C-3. Do not complete item C-1-c.**
- As a Medicaid State plan service under §1915(i) of the Act (HCBS as a State Plan Option). Complete item C-1-c.**
- As a Medicaid State plan service under §1915(g)(1) of the Act (Targeted Case Management). Complete item C-1-c.**
- As an administrative activity. Complete item C-1-c.**

c. Delivery of Case Management Services. Specify the entity or entities that conduct case management functions on behalf of waiver participants:

Appendix C: Participant Services

C-2: General Service Specifications (1 of 3)

a. Criminal History and/or Background Investigations. Specify the State's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (*select one*):

- No. Criminal history and/or background investigations are not required.**
- Yes. Criminal history and/or background investigations are required.**

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

b. Abuse Registry Screening. Specify whether the State requires the screening of individuals who provide waiver services through a State-maintained abuse registry (*select one*):

- No. The State does not conduct abuse registry screening.**
- Yes. The State maintains an abuse registry and requires the screening of individuals through this registry.**

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Appendix C: Participant Services

C-2: General Service Specifications (2 of 3)

c. Services in Facilities Subject to §1616(e) of the Social Security Act. *Select one:*

- No. Home and community-based services under this waiver are not provided in facilities subject to §1616(e) of the Act.**
- Yes. Home and community-based services are provided in facilities subject to §1616(e) of the Act. The standards that apply to each type of facility where waiver services are provided are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).**

Appendix C: Participant Services

C-2: General Service Specifications (3 of 3)

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

- No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.**
- Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.**

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of *extraordinary care* by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.*

Legally responsible individuals may be reimbursed when providing Personal Services and/or Sleep Cycle Support services. State regulations specify, however, that neither an adult consumer's spouse nor a minor consumer's parent shall be paid to provide HCBS services to that consumer, unless all other possible options are exhausted and one of the following extraordinary criteria is met:

- The MCO will provide written documentation that the consumer's residence is so remote or rural that HCBS services are otherwise completely unavailable.
- Two health care professionals, including the attending physician, furnish written documentation that the consumer's health, safety, or social well-being would be jeopardized.
- The attending physician furnishes written documentation that, due to the advancement of chronic disease, the consumer's means of communication can be understood only by the spouse or by the parent of a minor child.
- The MCO will furnish written documentation that delivery of HCBS services to the consumer poses serious health or safety issues for the provider, thereby rendering HCBS services otherwise unavailable. (K.A.R. 30-5-307)

Legally responsible individuals, including legal, adjudicated guardians may provide personal services although they must enroll as a Medicaid provider or have an arrangement with an enrolled Medicaid provider that includes TBI Personal Services and/or Sleep Cycle Support as a service specialty. This allowance in no way supersedes the family reimbursement restriction pertaining to spouses and parents of minor children noted above. Limitation on services is governed by the assessed need of the consumer.

Assurance that payments are made only for services rendered is provided through documentation on time sheets by the personal care services provider. Other assurance is provided through periodic reviews conducted by the Surveillance and Utilization Review System unit of the state's contracted fiscal agent.

e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians.

Specify State policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

- The State does not make payment to relatives/legal guardians for furnishing waiver services.**
- The State makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.**

Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.*

Relatives other than spouses or parents of minor children may be providers of Personal Services and/or Sleep Cycle Support. An individual acting on behalf of a new consumer or the holder of the new consumer's activated Durable Power of Attorney for Health Care Decisions cannot be the consumer's paid Personal Care Attendant (PCA). If the designation of the appointed representative is withdrawn, the individual may become the consumer's paid PCA after the next annual review or a significant change in the consumer's needs occurs prompting a reassessment.

Relatives as consumer attendants can be in the best interest of the consumer when those individuals are the only ones available to provide attendant care and/or when those individuals are the best source of knowledge regarding the consumers' specific issues, whether the issues are health, function, and/or behavioral in nature. Assurance that services provided by relatives is in the best interest of consumers is done by consumer report in periodic review of KDADS Field staff as well as ongoing monitoring by the consumer's chosen KanCare MCO.

When an individual acting on behalf of the consumer is the holder of the consumer's Durable Power of Attorney for Health Care Decisions and is also the consumer's PCA, the consumer's KanCare MCO must complete a home visit at least every three months to ensure that the selected care giver is performing the necessary services.

A consumer who has been adjudicated as needing a guardian and/or conservator cannot choose to self-direct his/her care. The participant's guardian and/or conservator may choose to self-direct the consumer's care. However, an adult consumer's legal guardian and/or conservator cannot act as the consumer's paid Personal Care Attendant (PCA).

Limitations on the amount of services are governed by the assessed need of the consumer and monitored by the consumer's KanCare MCO. In addition, assurance that services provided by a relative/legal guardian are in the best interests of the consumer are monitored in periodic review by KDADS Field staff as well as ongoing monitoring by the consumer's chosen KanCare MCO. Assurance that payments are made only for services rendered provided through the KanCare MCOs' corporate compliance/program integrity activities, as well as monitoring and review of fraud, abuse and waste activities/outcomes via the state's Quality Improvement Strategy.

- Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.**

Specify the controls that are employed to ensure that payments are made only for services rendered.

- Other policy.**

Specify:

f. Open Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

Consumers of HCBS-TBI waiver services have the right to choose who provides their services, within established guidelines regarding provider qualifications. Any qualified provider of those services may enroll through the Medicaid agency, Kansas Department of Health and Environment, (KDHE), for the Kansas Medical Assistance Program; and also must contract with, and meet the contracting terms of, the KanCare MCOs.

In addition to broadscale information and outreach by the state and the KanCare MCOs for all Medicaid providers, the providers that support HCBS waiver members have received additional outreach, information, transition planning and education regarding the KanCare program, to ensure an effective and smooth transition. In addition to the broader KanCare provider outreach (including educational tours and weekly stakeholder update calls), the providers that support HCBS waiver members have had focused discussions with state staff and MCO staff about operationalizing the KanCare program; about transition planning (and specific flexibility to support this) for the shift of targeted case management into MCO care management; and about member support in selecting their KanCare plan. The requirements, procedures and timeframes to quality have been clearly communicated via state and MCO information development and outreach as described above, and also via standardized credentialing applications and state-approved contracts which MCOs offered to each existing provider; and related information, including provider manuals has been made available via state and MCO websites.

Appendix C: Participant Services

Quality Improvement: Qualified Providers

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

i. Sub-Assurances:

- a. **Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.**

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Standard =100%; Measure = total number of new waiver provider applications, by provider type VS total number of enrolled new waiver provider applications, by provider type, in which the provider obtained appropriate licensure/certification in accordance with state law and waiver provider qualifications prior to service provision.

Data Source (Select one):

Provider performance monitoring

If 'Other' is selected, specify:

| | <input type="checkbox"/> Other |

| | |
|--|---|
| Responsible Party for data aggregation and analysis (<i>check each that applies</i>): | Frequency of data aggregation and analysis (<i>check each that applies</i>): |
| | Specify: |

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.
State staff request, approve, and assure implementation of contractor corrective action planning and/or technical assistance to address non-compliance with performance standards as detected through on-site monitoring, MCO compliance monitoring, survey results and other performance monitoring. These processes are monitored by both contract managers and other relevant state staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

| Responsible Party (<i>check each that applies</i>): | Frequency of data aggregation and analysis (<i>check each that applies</i>): |
|--|---|
| <input checked="" type="checkbox"/> State Medicaid Agency | <input type="checkbox"/> Weekly |

| <input type="checkbox"/> Sub-State Entity | <input checked="" type="checkbox"/> Quarterly |
| <input type="checkbox"/> Other Specify: | <input type="checkbox"/> Annually |
| | <input checked="" type="checkbox"/> Continuously and Ongoing |
| | <input type="checkbox"/> Other Specify: |

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Qualified Providers that are currently non-operational.

- No**
- Yes**

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix C: Participant Services

C-3: Waiver Services Specifications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

- a. Additional Limits on Amount of Waiver Services.** Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*select one*).

- Not applicable-** The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
- Applicable -** The State imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (*check each that applies*)

- Limit(s) on Set(s) of Services.** There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.
Furnish the information specified above.

- Prospective Individual Budget Amount.** There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.
Furnish the information specified above.

- Budget Limits by Level of Support.** Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services.
Furnish the information specified above.

- Other Type of Limit.** The State employs another type of limit.
Describe the limit and furnish the information specified above.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (1 of 8)

State Participant-Centered Service Plan Title:
Individual Plan of Care (POC)

- a. Responsibility for Service Plan Development.** Per 42 CFR §441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals (*select each that applies*):

- Registered nurse, licensed to practice in the State**
 Licensed practical or vocational nurse, acting within the scope of practice under State law
 Licensed physician (M.D. or D.O)
 Case Manager (qualifications specified in Appendix C-1/C-3)
 Case Manager (qualifications not specified in Appendix C-1/C-3).

Specify qualifications:

- Social Worker.**

Specify qualifications:

- Other**

Specify the individuals and their qualifications:

Kansas has contracted with three managed care organizations, to provide overall management of these services as one part of the comprehensive KanCare program. The MCOs are responsible for plan of care development, and will be using their internal staff to provide that service. Kansas requires that conflict of interest be mitigated, and recognizes that the primary way in which that mitigation has been achieved is by separating from service providers the plan of care development, and making that an MCO function. (In addition, conflict has been mitigated by Kansas separating the level of care determination from any service delivery or plan of care development.) Some of the additional safeguards that will be in place to ensure that there is no conflict of interest in this function include the operational strategies for each MCO that are described in detail at Section D.1.d of this appendix.

Regarding Amerigroup: Service plans for Amerigroup members in waivers are developed by Service Coordinators who must have at least two years of experience working with individuals with chronic illness, comorbidities, and/or disabilities in a Service Coordinator, Case Management, Advocate or similar role. Preferred qualifications include experience in home health, health care, discharge planning, behavioral health, collaborating with nursing facilities, community resources, and/or other home and community-based agencies. Experience working with Medicare, Medicaid and managed care programs is also preferred.

While a Master's degree is preferred, education/experience for Service Coordinators must include one of the following

- Bachelor's degree from an accredited college or university in Nursing, Social Work, Counseling, Special Education, Sociology, Psychology, Gerontology, or a closely related field, or State Waiver;
- Bachelor's Degree in an unrelated field and at least two years of geriatric experience; or
- In lieu of a bachelor's degree, six years of case management experience

Regarding Sunflower: Sunflower employs an Integrated Care Team approach for Service Plan Development. Teams conducting care coordination/care management are generally comprised of multidisciplinary clinical and nonclinical staff. This integrated approach allows non-medical personnel to perform non-clinical based service coordination and clerical functions, and permits the licensed professional staff to focus on the more complex and clinically based service coordination needs. Care Managers have primary responsibility for ensuring service plan development. Care managers are Registered Nurses and Master's level Behavioral Health clinicians with care management experience and, as applicable to the position, expertise including adult and pediatric medical, maternity and behavioral health/psychiatric care. Each Member receiving Care Management is assigned a lead Care Manager who oversees the Member's care. This includes, but is not limited to, participation in inpatient rounds with concurrent review nurses to assist with discharge and transitional care planning, and coordination with the Member's treating providers. Care Managers perform assessments, work with Members/caregivers to develop care plans, and provide educational resources and follow up in conjunction with the Integrated Care Team.

Regarding United: Service plans are developed by licensed nurses or licensed social workers.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (2 of 8)

b. Service Plan Development Safeguards. *Select one:*

- Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.**
- Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant.**

The State has established the following safeguards to ensure that service plan development is conducted in the best interests of the participant. *Specify:*

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (3 of 8)

- c. Supporting the Participant in Service Plan Development.** Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

When an individual with a TBI is determined eligible for services in a TBI Facility, the member's chosen KanCare MCO provides certain information and support to the consumer regarding available services and the plan development process. The MCO: (1) provides information to the consumer and/or his/her legal representative regarding alternate service options available through the TBI waiver, and (2) offers the choice of either institutional care or home and community based services (HCBS). The consumer indicates on the Consumer Choice form, his/her choice of institutional care or HCBS. Through the use of this document, and a list of rights and responsibilities, the consumer is counseled regarding his/her participation in the service plan design and informed of the self-direct option.

The consumer's authority is established through service provider training which stresses both civil rights of individuals with disabilities and independent living philosophy. This approach is reinforced through regulation (K.A.R. 30-5-309) which requires consumer participation in, and approval of, the plan. The consumer's authority is further reinforced by program policies and procedures which indicate the consumer's choice in plan development participants.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (4 of 8)

- d. Service Plan Development Process.** In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

a. All applicants for TBI waiver services must undergo an assessment to determine functional eligibility for the waiver. The first two (2) pages of the TBI Uniform Assessment Instrument (UAI) are used for this assessment. This is the same instrument utilized for nursing facility eligibility (K.S.A. 39-7,100) and for assessing deinstitutionalized individuals.

The state's ADRC contractor conducts the assessment of the applicant within five (5) working days of the referral, unless a different timeframe is requested by the applicant or his/her legal representative, if appropriate. The

participant-centered service plan, or Plan of Care (POC) is developed as soon as possible after the applicant for PD waiver services is determined eligible for services and indicates his/her choice to receive home and community based services. The POC is developed by the consumer with assistance from the consumer's chosen KanCare MCO. Family members and other representatives can participate in the process if the consumer so chooses.

- b. The primary source of information gathered about the consumer is the consumer himself/herself. If needed, with the consumer's signed release of information, the MCO may contact other information sources such as physicians, other health care providers, and/or family members. A formal assessment of needs, abilities, and health status is conducted using the TBI Uniform Assessment Instrument (UAI). The consumer is assessed and the POC is written utilizing the consumer's "typical day" criteria.
- c. Consumers are informed of services available through the waiver program by the ADRC during the initial assessment and eligibility determination process. This information is revisited by the MCO during the plan development process and specific services are identified that will best meet the consumer's needs.
- d. The plan development process ensures that the service plan addresses the consumer's needs, goals, and preferences by using consumer-specific information from both the assessment and direct input from the consumer and any significant others to guide the process. The plan development process is further ensured by the direct involvement of, and monitoring by, the consumer and/or legal representative, and any persons identified by the consumer to be involved in the plan development process. Person-centeredness of the plan is reinforced through regulation which requires consumer participation in, and approval of, the plan (K.A.R. 30-5-309). The consumer has the right to make changes to the plan deemed necessary. Changes to the plan can be made at any time to reflect changes in the consumer's needs, with reassessment conducted at least on an annual basis. Upon authorization of the plan, and when changes in status occur, the MCO is required to notify the consumer, the legal representative, if appropriate, all service providers, and the consumer's FMS provider of the authorization by use of a Notice of Action (NOA) form accompanied by the consumer's POC. Thus, all involved parties are informed and serve to monitor and advocate for the needs and wishes of the consumer. If at any time, an action is taken related to the service plan that does not meet the satisfaction of the consumer, the consumer may utilize the MCO's grievance process or the state fair hearing process that would ultimately ensure the consumer's needs are being met.
- e. Waiver and other services are coordinated by the MCO's care management staff who utilizes knowledge of available services, both formal and informal in the consumer's community, as well as information from the consumer regarding his/her current utilization of those services as well as other available services including Medicaid health services. Currently utilized services and available community services are taken into consideration as the consumer and the MCO design the Plan of Care.
- f. The Plan of Care identifies the entities responsible to provide the services selected by the consumer. In addition, once the consumer's service plan has been developed, the Attendant Care Worksheet is created by the MCO, which defines daily living tasks applicable to the functional needs identified in the consumer's Uniform Assessment Instrument. These daily living tasks correspond with the service plan and are the responsibility of the Personal Care Attendant. Monitoring of the plan by the consumer is discussed with the consumer by the MCO, and such monitoring is also the responsibility of the MCO and is conducted in an ongoing manner as the MCO visits with the consumer regularly, and confers with providers as needed to ensure that appropriate and sufficient services are being provided to meet the needs, goals, and preferences of the consumer. The Quality Assurance/Performance Improvement system established by the State also monitors the quality of services, and helps assure the health and safety of the consumer, to the extent possible.
- g. The service plan/Plan of Care is changed and updated at least annually in conjunction with a required reassessment using the PD Uniform Assessment Instrument (UAI) or as is necessary when the consumer's needs have increased, decreased, or changed in any way. An increase in hours must be justified by a change in the consumer's health and safety needs, medical condition, or informal supports.

Safeguards related to mitigating conflict of interest in the development of service plans:

Kansas has contracted with three managed care organizations, to provide overall management of these services as one part of the comprehensive KanCare program. The MCOs are responsible for plan of care development, and will be using their internal staff to provide that service. Kansas requires that conflict of interest be mitigated, and recognizes that the primary way in which that mitigation has been achieved is by separating from service providers the plan of care development, and making that an MCO function. (In addition, conflict has been mitigated by Kansas separating the level of care determination from any service delivery or plan of care development.) Some of the additional safeguards that will be in place to ensure that there is no conflict of interest in this function include the following operational strategies for each MCO:

For Amerigroup:

- Care managers (CM) and Service Coordinators (SC) do not have access to financial data such as the rates the providers are paid
- CM and SCs cannot adjudicate or adjust claims
- Policies and procedures focus on POCs being member centric and providing choice among network providers
- Members get copies of the POC that provide the member the opportunity to identify mistakes and/or complain about CM/SC interaction
- Long-Term Services and Supports (LTSS) Members sign their assessment on IPAD
- Quality department monitors and trends complaints including those related to SCs
- Health Plan conducts CAHPS surveys that include opportunities for members to express their satisfaction with CM/SC
- Health Plan selects a sample of members per month, including those participating in LTSS, to send EOBs for services billed to conduct fraud surveillance and to drive complaints to the MCO as applicable if they are dissatisfied with their services
- MCO LTSS managers audits SC/CM to assure member driven service plans
- Members can appeal decisions related to a reduction of HCBS and any other services
- MCO will submit a report to the state, on a for information basis, of members for whom any reduction in the service plan was made and excluding services that are reduced to conform with benefit or program limits, because a consumer transitions out of a particular program HCBS program, loses eligibility, or other similar circumstance.
- MCO will allow existing POC to remain in place for 180 days or until the member is re-assessed, whichever comes first. Any reduction of a waiver service during that 180 day period must be reviewed and approved by the state.

For United Healthcare:

All operations, including but not limited to the clinical operations and functions of every UnitedHealthcare Community Plan are designed to ensure no conflict of interest with the Teams that are responsible for Plans of Care, service authorization, monitoring, payment and business management of the Health Plan. To this end, standard within the Kansas UnitedHealthcare Community Plan the following safeguards exist:

- The State of KS (not UnitedHealthcare Community Plan) retains the responsibility for member initial and annual eligibility determinations for waiver programs.
- UnitedHealthcare Community Plan has developed a network of contracted HCBS providers to deliver waiver services & does not directly employ any HCBS providers (including Financial Management Services providers for members who choose Consumer-Directed care).
- A member transitioning to UnitedHealthcare Community Plan effective January 1, 2013 will continue to receive services for up to 180 days according to the existing plan until a new assessment is completed by health plan care coordinators. Any potential reductions in waiver services will be reviewed/approved by the state.
- Service plans are developed based on member clinical and functional assessment (state approved), analysis of available informal supports, and standardized internal task/hour guidelines. Inter-rater reliability activities including joint member visits are conducted regularly by managers to assure consistency & accuracy of the assessment & service plan development process.
- HCBS provider selection is driven by member choice from the network, and if no member preference exists, referrals are made to network providers in the closest geographic proximity who are able to meet the member's preferred schedule.
- Prior authorizations are required for all HCBS services and submitted by the assigned care coordinator. A utilization management team separate from the care coordination team completes final reviews of the authorization to assure that the member is eligible for the requested waiver service and that the documentation supports the proposed service plan. Inter-rater reliability activities are also conducted regularly with the utilization management team.
- The Team that conducts care coordination and Plan of Care development is different from the Team that authorizes care and they have different reporting structures.
- All UnitedHealthcare health plans including the Kansas UnitedHealthcare Community Plan offer no compensation for any clinical staff that creates incentives for activities that would deny, limit, or discontinue medically necessary services to any member. Plan of Care development and service authorization decisions are based on appropriateness of care and existence of coverage.

For Centene/Sunflower: Conflict of Interest Safeguards

Safeguards

Sunflower State Health Plan's operations, including but not limited to the clinical operations and functions, are

designed to ensure no conflict of interest exist between the teams that are responsible for Service Plans or Plan of Care, service authorization, monitoring, payment and business management of the Health Plan.

HCBS Providers Independence & Member Choice

Sunflower State Health Plan has developed a network of contracted HCBS providers to deliver waiver services and does not directly employ any HCBS providers (including Financial Management Services (FMS) providers for members who choose Consumer-Directed care).

Sunflower State works with the members to ensure member choice from our contracted network of providers. HCBS provider selection is driven by member choice from the network, and if no member preference exists, referrals are made to network providers in the closest geographic proximity who are able to meet the member's preferred schedule. The Case Manager will work closely with the member and our provider network to meet the member's service plan or plan of care.

A member transitioning to Sunflower State Health Plan effective January 1, 2013 will continue to receive services for up to 90 days according to the existing plan until a new assessment is completed by health plan care coordinators. Please note that the State of Kansas retains responsibility for members' initial and annual eligibility determinations for waiver programs.

Service Plans

Service Plans are developed based on member clinical and functional assessment tools utilized/mirroring states, analysis of support system/community, utilization of members ADLs and IADL measurement, and leveling of care to determine and standardize tasking/hour guidelines for members' Service Plans. Case Management Managers and Director for Waiver programs, will conduct Case Management inter rater reliability ensuring consistency of case management's assessment and Service Plan development. This will be ongoing, reflecting improvement of onboarding and training of staff.

Prior authorizations are required for all HCBS services and submitted by the assigned care coordinator. The Medical Management team will meet to discuss HCBS service plan ensuring member's eligibility for the requested services. Review of the HRA assessment and additional measuring tools define and support service plan needs. Inter rater reliability activities and training continues ongoing. The Medical Management team consists of CM Manager, BH, Social Worker, RN Case Manager and Medical Director when appropriate regarding the development of care planning and services.

Service Plan development and service authorization decisions are based on appropriateness of care and existence of coverage. Sunflower's State Health Plan Care Manager team base service authorizations on appropriateness of care and benefit coverage with the development of the member's Service Plan.

Role Based Security

Sunflower State Health Plan has in place role-based security to ensure no conflict of interest between the Service Plan or Plan of Care development and claims payment. Role based access control (RBAC) allows Sunflower to assign access to our Management Information Systems, in this case TruCare and Amisys Advance, to appropriately authorized personnel based on specific job roles. The claims processing team and clinical teams are two separate functional areas with different job roles and security. For Sunflower, the plans of care are developed in Kansas and the claims are processed in Great Falls, MT.

As part of the transition to the KanCare comprehensive managed care program, Kansas has worked with CMS to identify and utilize some transition safeguards for people using HCBS waiver services. Those safeguards are detailed in the Special Terms and Conditions associated with the 1115 KanCare program, and are summarized here as follows:

- a. For beneficiaries with no service assessment and revised service plan implemented within the first 180 days, the MCO will be required to continue the service plan already in existence for both service level and providers used until a new service plan is created, agreed upon by the enrollee, and implemented.
- b. MCO to prioritize initial assessments and service planning to those individuals whose service plans expire within the first 90 or 180 days or whose needs change and necessitate a new service plan
- c. Beneficiary allowed to access all LTSS providers on their current service plan on a non-par basis for up to 180 days, 1 year for residential providers, or until a new service plan is agreed to and implemented (whichever is sooner). The new MCOs will make a priority to either get those providers in-network or focus on finding a new provider of that service for the beneficiary.
- d. For the first 180 days of the KanCare program, State will review and approve all plans of care that have a

reduction, suspension, or termination in services prior to the service plan being put in place. The enrollee will also have all appeal rights afforded through the MCO and state fair hearing process and the ability to continue services during the appeal.

e. State will complete “ride-alongs” with MCO case managers during the first 180 days to assess MCO compliance with service assessment and planning. State to report to CMS on the outcome of the ride-alongs.

Kansas retains the responsibility for both initial and annual eligibility determinations for all HCBS programs, which Kansas will conduct via contractors or providers with state oversight.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

- e. **Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

The consumer’s Plan of Care (POC) takes into account information from the Uniform Assessment Instrument and the TBI Addendum, which identify potential risk factors. The POC will contain, at a minimum, the types of services to be furnished, the amount, frequency, and duration of each service, and the type of provider to furnish each service, including informal services and providers. It is through the POC that supports are identified that will minimize risk to the consumer and by which the State ensures the health and welfare of the individuals served under this waiver to the extent possible.

The POC is subject to periodic review and update. Reviews will take place to determine the appropriateness and adequacy of the services, and to ensure that the services furnished are consistent with the nature and severity of the individual’s disability.

Each individual assessed as eligible for the waiver is asked his/her emergency contact information during the assessment. This and other information from the assessment and annual re-assessment are incorporated into a backup plan which is utilized to mitigate risk related to extraordinary circumstances. Backup plans are developed according to the unique needs (such as physical limitations) and circumstances (such as the availability of informal supports) of each individual. Backup arrangements will be added to service plans and identify key elements, including specific strategies and contact persons.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

- f. **Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

Each consumer with disability found eligible for TBI waiver services can choose to receive services through the waiver program or non-waiver services in a Kansas Nursing Facility. Consumers are assisted with this choice by each consumer's chosen KanCare MCO, who outlines services provided by the waiver and by nursing facilities. The consumer's choice of service options is indicated on the Consumer Choice form provided to the consumer by the MCO. This same form is used by consumers to indicate whether or not they choose to self direct their attendant care services.

If the consumer chooses to receive waiver services, the MCO provides a list of all the service access agencies, including Financial Management Services, to the consumer and assists with accessing information and supports from the consumer's preferred qualified provider. These service access agencies have and make available to the consumer the names and contact information of qualified providers of the waiver services identified in the Plan of Care.

The State assures that each consumer found eligible for the waiver will be given free choice of all qualified providers of each service included in his/her written Plan of Care. The MCO presents each eligible consumer a list providers from which the consumer can choose for self-directed services and a list of service providers for agency-directed services. The MCO assists the consumer with assessing information and supports from the consumer's preferred provider. These service access agencies have, and make available to the consumer, the names and contact information of qualified providers of the waiver services identified in the Plan of Care.

Consumers have available access to an updated list of TBI waiver service access agencies at the Kansas Department for Aging and Disability Services/Community Services and Programs Commission(KDADS) web site. This list is also made available to consumers at their annual reassessment and upon request.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR §441.301(b)(1)(i):

The consumer's chosen MCO and the consumer develop the consumer's Plan of Care from information gathered in the assessment. For the first 180 days of the transition to the KanCare program, any reduction in HCBS services on a consumer's plan of care must be reviewed and approved by the state. Further monitoring of services is conducted by the state consistent with the comprehensive KanCare quality improvement strategy. Included in that strategy is review of data that addresses:

- Access to services
- Freedom of choice
- Consumers needs met
- Safeguards in place to assure the health and welfare of the consumer are maintained
- Access to non-waiver services and informal supports
- Follow-up and remediation of identified programs

A critical component of that strategy is the engagement of the KanCare Interagency Monitoring Team, which will meet quarterly and bring together leadership, program management, contract management, fiscal management and other staff/resources of the SSMA and the Operating Agency to collectively monitor the extensive reporting, review results and other quality information and data related to the KanCare program and services.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

- h. Service Plan Review and Update.** The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

- Every three months or more frequently when necessary
- Every six months or more frequently when necessary
- Every twelve months or more frequently when necessary
- Other schedule

Specify the other schedule:

- i. Maintenance of Service Plan Forms.** Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (*check each that applies*):

- Medicaid agency
- Operating agency
- Case manager
- Other

Specify:

Service plans and related documentation will be maintained by the consumer's chosen KanCare MCO, and will be retained at least as long as this requirement specifies

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

- a. Service Plan Implementation and Monitoring.** Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

The three KanCare contracting managed care organizations are responsible for monitoring the implementation of the Plan of Care that was developed as a partnership between the consumer and the MCO and for ensuring the health and welfare of the consumer with input from the TBI Program Manager, involvement of KDADS Regional Field Staff, and assessed with the comprehensive statewide KanCare quality improvement strategy (which includes all of the HCBS waiver performance measures).

On an ongoing basis, the MCOs monitor the Plan of Care and consumer needs to ensure:

- Services are delivered according to the Plan of Care;
- Consumers have access to the waiver services indicated on the Plan of Care;
- Consumers have free choice of providers and whether or not to self-direct their services;
- Services meet consumer's needs;
- Liabilities with self-direction/agency-direction are discussed, and back-up plans are effective;
- Consumer's health and safety are assured, to the extent possible; and
- Consumers have access to non-waiver services that include health services.

The Plan of Care is the fundamental tool by which the State will ensure the health and welfare of consumers served under this waiver. The KanCare MCOs, who deliver no direct waiver services to waiver participants, are responsible for both the initial and updated plans of care.

In-person monitoring by the MCOs is ongoing:

- Choice and monitoring are offered at least annually, regardless of current provider or self-direction, or at other life choice decision points, or any time at the request of the consumer.
- Choice is documented.
- The Plan of Care is modified to meet change in needs, eligibility, or preferences, or at least annually.

In addition, the Plan of Care and choice are monitored by state quality review and/or performance improvement staff as a component of waiver assurance and minimum standards. Issues found needful of resolution are reported to the MCO and waiver provider for prompt follow-up and remediation. Related information is reported to the TBI Program Manager.

Service plan implementation and monitoring performance measures and related collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes HCBS waiver program managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

State staff request, approve, and assure implementation of contractor/provider corrective action planning and/or technical assistance to address non-compliance with performance standards as detected through on-site monitoring, MCO compliance monitoring, survey results and other performance monitoring. These processes are monitored by both contract managers and other relevant state staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

- b. Monitoring Safeguards.** *Select one:*

- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.**
- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant**

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. *Specify:*

Appendix D: Participant-Centered Planning and Service Delivery
Quality Improvement: Service Plan

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances
i. Sub-Assurances:

- a. *Sub-assurance: Service plans address all participants’ assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.*

Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Performance Standard =100%; Measure = total number of enrolled participants VS actual number of participants with service plans that address assessed functional needs during current service year.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Kansas Department of Health and Environment, Division of Health Care Finance (KDHE), the single state Medicaid agency, and Kansas Department for Aging and Disability Services (KDADS) work together to develop state operating agency priority identification regarding all waiver assurances and minimum standards/basic assurances. The state agencies work in partnership with consumers, advocacy organizations, provider groups and other interested stakeholders to monitor the state quality strategy and performance standards and discuss priorities for remediation and improvement. The state quality improvement strategy includes protocols to review cross-service system data to identify trends and opportunities for improvement related to all Kansas waivers, policy and procedure development and systems change initiatives.

Data gathered by KDADS Regional Staff during the Quality Survey Process, and data provided by the KanCare MCOs, is compiled quarterly for evaluation and trending to identify areas for improvement. Upon completion of identified areas of improvement this information is compiled into reports and shared both internally and externally, including with KDHE. As the KanCare program is operationalized, staff of the three plans will be engaged with state staff to ensure strong understanding of Kansas’ waiver programs and the quality measures associated with each waiver program. Over time, the role of the MCOs in collecting and reporting data regarding the waiver performance measures will evolve, with increasing responsibility once the MCOs fully understand the Kansas programs. These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

State staff and/or KanCare MCO staff request, approve, and assure implementation of provider corrective action planning and/or technical assistance to address non-compliance with waiver and performance standards as detected through on-site monitoring, survey results and other performance monitoring. These processes are monitored by both program managers and other relevant state and MCO staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

Monitoring and survey results are compiled, trended, reviewed, and disseminated consistent with protocols identified in the statewide quality improvement strategy. Each provider receives annual data trending which identifies Provider specific performance levels related to statewide performance standards and statewide averages. Corrective Action Plan requests, technical assistance and/or follow-up to remediate negative trending are included in annual provider reports where negative trending is evidenced.

- ii. **Remediation Data Aggregation**

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Service Plans that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.

No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (select one):

Yes. The State requests that this waiver be considered for Independence Plus designation.

No. Independence Plus designation is not requested.

Appendix E: Participant Direction of Services

E-1: Overview (1 of 13)

a. Description of Participant Direction. In no more than two pages, provide an overview of the opportunities for participant direction in the waiver, including: (a) the nature of the opportunities afforded to participants; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the waiver's approach to participant direction.

a) All consumers of TBI waiver services have the opportunity to choose the KanCare managed care organization that will support them in overall service access and care management. The opportunity for participant direction (self

direction) of Personal Services and Sleep Cycle Support services is made known to the consumer by the MCO, which is available to all waiver consumers (Kansas Statute 39-7,100).

This opportunity includes specific responsibilities required of the consumer, including:

- Recruitment and selection of Personal Care Attendants (PCAs), back-up PCAs and Sleep Cycle Support Service providers;
- Assignment of service provider hours within the limits of the authorized services;
- Complete an agreement with an enrolled Financial Management Services (FMS) provider;
- Referral of providers to the consumer's chosen FMS provider;
- Provider orientation and training;
- Maintenance of continuous service coverage in accordance with the Plan of Care, including assignment of replacement workers during vacation, sick leave, or other absences of the assigned attendant;
- Verification of hours worked and assurance that time worked is forwarded to the FMS provider;
- Other monitoring of services; and
- Dismissal of attendants, if necessary.

b) Consumers are provided with information about self direction of services and the associated responsibilities by the MCO during the service planning process. Once the consumer is deemed eligible for waiver services, the option to self-direct is offered and, if accepted, the choice is indicated on a Consumer Choice form and included in the consumer's Plan of Care.

The MCO assists the consumer with identifying an FMS provider and related information is included in the consumer's Plan of Care. The MCO supports the consumer who selects self direction of services by monitoring services to ensure that they are provided by Personal Care Attendants and Sleep Cycle Support attendants in accordance with the Plan of Care and the Attendant Care Worksheet, which are developed by the consumer with assistance from the MCO. The MCO also provides the same supports given to all waiver consumers, including Plan of Care updates, referral to needed supports and services, and monitoring and follow-up activities.

c) The Financial Management Services provider offers supports to the consumer as described in Appendix C.

d) For all health maintenance activities, the consumer shall obtain a completed Physician/RN Statement to be signed by an attending physician or registered professional nurse. The statement must identify the specific activities that have been authorized by the physician or registered professional nurse. The MCO is responsible to ensure that the Physician/RN Statement is completed in its entirety.

Appendix E: Participant Direction of Services

E-1: Overview (2 of 13)

b. Participant Direction Opportunities. Specify the participant direction opportunities that are available in the waiver. *Select one:*

- Participant: Employer Authority.** As specified in *Appendix E-2, Item a*, the participant (or the participant's representative) has decision-making authority over workers who provide waiver services. The participant may function as the common law employer or the co-employer of workers. Supports and protections are available for participants who exercise this authority.
- Participant: Budget Authority.** As specified in *Appendix E-2, Item b*, the participant (or the participant's representative) has decision-making authority over a budget for waiver services. Supports and protections are available for participants who have authority over a budget.
- Both Authorities.** The waiver provides for both participant direction opportunities as specified in *Appendix E-2*. Supports and protections are available for participants who exercise these authorities.

c. Availability of Participant Direction by Type of Living Arrangement. *Check each that applies:*

- Participant direction opportunities are available to participants who live in their own private residence or the home of a family member.**
- Participant direction opportunities are available to individuals who reside in other living arrangements where services (regardless of funding source) are furnished to fewer than four persons unrelated to the proprietor.**
- The participant direction opportunities are available to persons in the following other living arrangements**

Specify these living arrangements:

Appendix E: Participant Direction of Services

E-1: Overview (3 of 13)

d. Election of Participant Direction. Election of participant direction is subject to the following policy (*select one*):

- Waiver is designed to support only individuals who want to direct their services.
- The waiver is designed to afford every participant (or the participants representative) the opportunity to elect to direct waiver services. Alternate service delivery methods are available for participants who decide not to direct their services.
- The waiver is designed to offer participants (or their representatives) the opportunity to direct some or all of their services, subject to the following criteria specified by the State. Alternate service delivery methods are available for participants who decide not to direct their services or do not meet the criteria.

Specify the criteria

Appendix E: Participant Direction of Services

E-1: Overview (4 of 13)

e. Information Furnished to Participant. Specify: (a) the information about participant direction opportunities (e.g., the benefits of participant direction, participant responsibilities, and potential liabilities) that is provided to the participant (or the participant's representative) to inform decision-making concerning the election of participant direction; (b) the entity or entities responsible for furnishing this information; and, (c) how and when this information is provided on a timely basis.

a) Consumers are informed that, when choosing participant direction (self direction) of services, they must exercise responsibility for making choices about attendant care services, understand the impact of the choices made, and assume responsibility for the results of any decisions and choices they make. Consumers are provided with, at a minimum, the following information about the option to self direct services:

- the services covered and limitations;
- the need to select and enter into an agreement with an enrolled Financial Management Services (FMS) provider;
- related responsibilities (outlined in E-1-a);
- potential liabilities related to the non-fulfillment of responsibilities in self-direction;
- supports provided by the managed care organization (MCO) they have selected;
- the requirements of personal care attendants;
- the ability of the consumer to choose not to self direct services at any time; and
- other situations when the MCO may discontinue the consumer's participation in the self-direct option and recommend agency-directed services.

b) The MCO is responsible for sharing information with the consumer about self direction of services by the consumer. The FMS provider is responsible for sharing more detailed information with the consumer about self-direction of services once the consumer has chose this option and identified an enrolled provider. This information is also available from the TBI Program Manager, KDADS Regional Field Staff, and is also available through waiver policies and procedures manual.

c) Information regarding self-directed services is initially provided by the MCO during the plan of care/service plan process, at which time the Consumer Choice form is completed and signed by the consumer, and the choice is indicated on the consumer's Plan of Care. This information is reviewed at least annually with the member. The

option to end self direction can be discussed, and the decision to choose agency-directed services can be made at any time.

Appendix E: Participant Direction of Services

E-1: Overview (5 of 13)

f. Participant Direction by a Representative. Specify the State's policy concerning the direction of waiver services by a representative (*select one*):

- The State does not provide for the direction of waiver services by a representative.**
- The State provides for the direction of waiver services by representatives.**

Specify the representatives who may direct waiver services: (*check each that applies*):

- Waiver services may be directed by a legal representative of the participant.**
- Waiver services may be directed by a non-legal representative freely chosen by an adult participant.**

Specify the policies that apply regarding the direction of waiver services by participant-appointed representatives, including safeguards to ensure that the representative functions in the best interest of the participant:

Waiver services may be directed by a non-legal representative of an adult waiver-eligible consumer. An individual acting on behalf of the consumer must be freely chosen by the consumer. This includes situations when the representative has an activated durable power of attorney (DPA). The DPA process involves a written document in which consumers authorize another individual to make decisions for them in the event that they cannot speak for themselves. A DPA is usually activated for health care decisions. The extent of the non-legal representative's decision-making authority can include any or all of the responsibilities outlined in E-1-a that would fall to the consumer if he/she chose to self-direct services. Typically a durable power of attorney for health care decisions, if activated, cannot be the consumer's paid attendant for Personal Services and/or Sleep Cycle Support.

Safeguards include:

- If the designation of the appointed representative is withdrawn, the individual may become the consumer's paid attendant for Personal Services and/or Sleep Cycle Support after the next annual review or a significant change in the consumer's needs occurs prompting a reassessment.
- As of January 1, 2000, the HCBS/TBI waiver, as approved by CMS, states that 'persons directing a consumer's care through the self-directed care option may not be a provider of this service.' Those providing the service prior to this date have been 'grandfathered' under this standard. When an individual acting on behalf of the consumer is the holder of the consumer's durable power of attorney for health care decisions, and is also the attendant for TBI waiver services under the "grandfathered" standard, the MCO chosen by the consumer must complete a monitoring visit at least every three months to ensure the selected caregiver is performing the necessary tasks as outlined in the consumer's Plan of Care (POC).
- A consumer who has been adjudicated as needing a guardian and/or conservator cannot choose care. The consumer's guardian and/or conservator may choose to self-direct the consumer's care. An adult TBI waiver consumer's legal guardian and/or conservator cannot, however, act as the consumer's paid attendant for Personal Services and/or Sleep Cycle Support.

To ensure that non-legal representatives function in the best interests of the consumer, additional safeguards are in place. Quality of care is continuously monitored by the MCO. The MCO may discontinue the self direct option and offer agency-directed services when, in the judgment of the MCO, as observed and documented in the consumer's case file, certain situations arise, particularly when the consumer's health and welfare needs are not being met. In addition, post-pay reviews completed by the fiscal agent and quality assurance reviews completed by the KDADS Regional Field Staff and/or MCO staff serve to monitor consumer services, and serve as safeguards to ensure the consumer's best interests are followed. Any decision to restrict or remove a participant's opportunity to self-direct care, made by a KanCare MCO, is subject to the grievance and appeal protections detailed in Appendix F.

Appendix E: Participant Direction of Services

E-1: Overview (6 of 13)

- g. Participant-Directed Services.** Specify the participant direction opportunity (or opportunities) available for each waiver service that is specified as participant-directed in Appendix C-1/C-3.

| Participant-Directed Waiver Service | Employer Authority | Budget Authority |
|-------------------------------------|-------------------------------------|--------------------------|
| Personal Services | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| Sleep Cycle Support | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| Financial Management Services | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

Appendix E: Participant Direction of Services

E-1: Overview (7 of 13)

- h. Financial Management Services.** Except in certain circumstances, financial management services are mandatory and integral to participant direction. A governmental entity and/or another third-party entity must perform necessary financial transactions on behalf of the waiver participant. *Select one:*

- Yes. Financial Management Services are furnished through a third party entity.** (Complete item E-1-i).

Specify whether governmental and/or private entities furnish these services. *Check each that applies:*

- Governmental entities**
 Private entities

- No. Financial Management Services are not furnished. Standard Medicaid payment mechanisms are used.**
Do not complete Item E-1-i.

Appendix E: Participant Direction of Services

E-1: Overview (8 of 13)

- i. Provision of Financial Management Services.** Financial management services (FMS) may be furnished as a waiver service or as an administrative activity. *Select one:*

- FMS are covered as the waiver service specified in Appendix C1/C3**

The waiver service entitled:
Financial Management Services

- FMS are provided as an administrative activity.**

Provide the following information

- i. Types of Entities:** Specify the types of entities that furnish FMS and the method of procuring these services:

Enrolled FMS providers will furnish Financial Management Services using the Agency with Choice provider model. The provider requirements will be published and placed on the Kansas Medical Assistance Program (KMAP) website and/or in the KanCare MCO provider manuals and websites.

Organizations interested in providing Financial Management Services (FMS) are required to submit a signed Provider Agreement to the State Operating Agency, KDADS, prior to enrollment to provide the service. The agreement identifies the waiver programs under which the organization is requesting to provide FMS and outlines general expectations and specific provider requirements. In addition, organizations are required to submit the following documents with the signed agreement:

- Community Developmental Disability Organization (CDDO) agreement (DD only)
- Secretary of State Certificate of Corporate Good Standing
- W-9 form

- Proof of Liability Insurance
- Proof of Workers Compensation insurance
- Copy of the most recent quarterly operations report or estimate for first quarter operations
- Financial statements (last 3 months bank statements or documentation of line of credit)
- Copy of the organization's Policies and Procedures manual, to include information that covers requirements listed in the FMS Medicaid Provider Manual.

The FMS provider agreement and accompanying documentation are reviewed by the State Operating Agency and all assurances are satisfied prior to signing by the Secretary of KDADS (or designee). The fully-signed agreement is then submitted by the provider along with the necessary enrollment documents to the State's Fiscal Agent for final review for enrollment to provide FMS. Organizations cannot enroll to provide FMS until an FMS Provider Agreement is fully executed; and must also contract with the KanCare MCO(s) in order to serve KanCare members.

ii. Payment for FMS. Specify how FMS entities are compensated for the administrative activities that they perform:

FMS providers will be reimbursed a monthly fee per consumer through the electronic Plans of Care system (MMIS). The per member per month payment was estimated based upon a formula that included all direct and indirect costs to payroll agents and an average hourly rate for direct care workers. Information was gathered as part of a Systems Transformation Grant study conducted by Myers & Stauffer. Under the KanCare program, FMS providers will contract with MCOs for final payment rates, which cannot be less than the current FFS rate.

iii. Scope of FMS. Specify the scope of the supports that FMS entities provide (*check each that applies*):

Supports furnished when the participant is the employer of direct support workers:

- Assists participant in verifying support worker citizenship status**
- Collects and processes timesheets of support workers**
- Processes payroll, withholding, filing and payment of applicable federal, state and local employment-related taxes and insurance**
- Other**

Specify:

Supports furnished when the participant exercises budget authority:

- Maintains a separate account for each participant's participant-directed budget**
- Tracks and reports participant funds, disbursements and the balance of participant funds**
- Processes and pays invoices for goods and services approved in the service plan**
- Provide participant with periodic reports of expenditures and the status of the participant-directed budget**
- Other services and supports**

Specify:

Additional functions/activities:

- Executes and holds Medicaid provider agreements as authorized under a written agreement with the Medicaid agency**

- Receives and disburses funds for the payment of participant-directed services under an agreement with the Medicaid agency or operating agency**
- Provides other entities specified by the State with periodic reports of expenditures and the status of the participant-directed budget**
- Other**

Specify:

- iv. Oversight of FMS Entities.** Specify the methods that are employed to: (a) monitor and assess the performance of FMS entities, including ensuring the integrity of the financial transactions that they perform; (b) the entity (or entities) responsible for this monitoring; and, (c) how frequently performance is assessed.

(a) The state verifies FMS providers meet waiver standards and state requirements to provide financial management services through a biennial review process. A standardized tool is utilized during the review process and the process includes assurance of provider requirements, developed with stakeholders and the State Medicaid Agency (Kansas Department of Health and Environment [KDHE]). Requirements include agreements between the FMS provider and the participant, Direct Support Worker and the State Medicaid Agency and verification of processes to ensure the submission of Direct Support Worker time worked and payroll distribution. Additionally, the state will assure FMS provider development and implementation of procedures including, but not limited to, procedures to maintain background checks; maintain internal quality assurance programs to monitor participant and Direct Support Worker satisfaction; maintain a grievance process for Direct Support Workers; and offer choice of Information and Assistance services.

The Division of Legislative Post Audit contracts with an independent accounting firm to complete Kansas' state wide single audit each year. The accounting firm must comply with all requirements contained in the single audit act. The Medicaid program, including all home and community based services waivers, is a required component of every single state audit. Independent audits of the waiver will look at cost-effectiveness, the quality of services, service access, and the substantiation of claims for HCBS payments. Each HCBS provider is to permit KDHE or KDADS, its designee, or any other governmental agency acting in its official capacity to examine any records and documents that are necessary to ascertain information pertinent to the determination of the proper amount of a payment due from the Medicaid program. The Surveillance and Utilization Review Unit of the fiscal agent completes the audits of both participants and providers (K.A.R. 30-5-59).

(b) The Operating Agency is responsible for performing and monitoring the FMS review process. State staff will conduct the review and the results will be monitored by KDADS. A system for data collection, trending and remediation will be implemented to address individual provider issues and identify opportunities for systems change. KDHE through the fiscal agent maintains financial integrity by way of provider agreements signed by prospective providers during the enrollment process and contract monitoring activities.

(c) All FMS providers are assessed on a biennial basis through the FMS review process and as deemed necessary by the State Medicaid Agency.

(d) State staff will share the results of state monitoring and auditing requirements, with the KanCare MCOs, and state/MCO staff will work together to address/remediate any issue identified. FMS providers also must contract with KanCare MCOs to support KanCare members, and will be included in monitoring and reporting requirements in the comprehensive KanCare quality improvement strategy.

Appendix E: Participant Direction of Services

E-1: Overview (9 of 13)

- j. Information and Assistance in Support of Participant Direction.** In addition to financial management services, participant direction is facilitated when information and assistance are available to support participants in managing their services. These supports may be furnished by one or more entities, provided that there is no duplication. Specify the payment authority (or authorities) under which these supports are furnished and, where required, provide the additional information requested (*check each that applies*):

- Case Management Activity.** Information and assistance in support of participant direction are furnished as an element of Medicaid case management services.

Specify in detail the information and assistance that are furnished through case management for each participant direction opportunity under the waiver:

- Waiver Service Coverage.** Information and assistance in support of participant direction are provided through the following waiver service coverage(s) specified in Appendix C-1/C-3 (check each that applies):

| Participant-Directed Waiver Service | Information and Assistance Provided through this Waiver Service Coverage |
|---|--|
| Personal Services | <input type="checkbox"/> |
| Physical Therapy (Extended State Plan service) | <input type="checkbox"/> |
| Sleep Cycle Support | <input type="checkbox"/> |
| Assistive Services | <input type="checkbox"/> |
| Personal Emergency Response System and Installation | <input type="checkbox"/> |
| Transitional Living Skills | <input type="checkbox"/> |
| Occupational Therapy (Extended State Plan service) | <input type="checkbox"/> |
| Medication Reminder Services | <input type="checkbox"/> |
| Home-Delivered Meals Service | <input type="checkbox"/> |
| Cognitive Rehabilitation | <input type="checkbox"/> |
| Behavior Therapy | <input type="checkbox"/> |
| Speech and Language Therapy (Extended State Plan service) | <input type="checkbox"/> |
| Financial Management Services | <input checked="" type="checkbox"/> |

- Administrative Activity.** Information and assistance in support of participant direction are furnished as an administrative activity.

Specify (a) the types of entities that furnish these supports; (b) how the supports are procured and compensated; (c) describe in detail the supports that are furnished for each participant direction opportunity under the waiver; (d) the methods and frequency of assessing the performance of the entities that furnish these supports; and, (e) the entity or entities responsible for assessing performance:

Appendix E: Participant Direction of Services

E-1: Overview (10 of 13)

k. Independent Advocacy (select one).

- No. Arrangements have not been made for independent advocacy.**
- Yes. Independent advocacy is available to participants who direct their services.**

Describe the nature of this independent advocacy and how participants may access this advocacy:

Independent advocacy is available to participants who direct their services through the Disability Rights Center of Kansas (DRC), the state's Protection and Advocacy organization. DRC is a public interest legal advocacy

agency empowered by federal law to advocate for the civil and legal rights of Kansans with disabilities. DRC operates eight federally authorized and funded protection and advocacy programs in Kansas, including a program specifically for persons with TBI. Consumers are referred directly to DRC from various sources, including KDADS. These organizations do not provide direct services either through the waiver or through the Medicaid State Plan.

Independent advocacy is also available through the Brain Injury Association of Kansas and Greater Kansas City (BIAKS). The mission of BIAKS, an affiliate of the national Brain Injury Association of America, is to be the voice of brain injury in the state in a way that contributes to the improvement of the quality of life for survivors and family members. BIAKS provides timely information, resources, and training to survivors and family members through various means including support groups, seminars, and individual contact. BIAKS acts as a source of disinterested assistance to consumers and family members in that it provides no direct waiver or State plan services to consumers nor assessment, monitoring, fiscal, or service oversight functions that have a direct impact on the consumer. Consumers access support through direct contact with BIAKS. A link to the BIAKS web site is available on the KDADS web site.

Appendix E: Participant Direction of Services

E-1: Overview (11 of 13)

- l. Voluntary Termination of Participant Direction.** Describe how the State accommodates a participant who voluntarily terminates participant direction in order to receive services through an alternate service delivery method, including how the State assures continuity of services and participant health and welfare during the transition from participant direction:

One of the consumer's opportunities, as well as responsibilities, is the ability to discontinue the self-direct option. At any time, if the consumer chooses to discontinue the self-direct option, he/she is to:

- Notify all providers as well as the Financial Management Services (FMS) provider.
- Maintain continuous attendant coverage for authorized Personal Services and/or Sleep Cycle Support.
- Give ten (10) day notice of his/her decision to the KanCare MCO chosen by the consumer, to allow for the coordination of service provision.

The duties of the consumer's KanCare MCO are to:

- Explore other service options and complete a new Consumer Choice form with the consumer; and
- Advocate for consumers by arranging for services with individuals, businesses, and agencies for the best available service within limited resources.

Appendix E: Participant Direction of Services

E-1: Overview (12 of 13)

- m. Involuntary Termination of Participant Direction.** Specify the circumstances when the State will involuntarily terminate the use of participant direction and require the participant to receive provide-managed services instead, including how continuity of services and participant health and welfare is assured during the transition.

The consumer's chosen KanCare MCO or the Kansas Department for Aging and Disability Services may discontinue the consumer's participation in the self-directed option and offer agency-directed services when, in the MCO's professional judgment as observed and documented in the consumer's case file, one or more of the following occurs:

- The health and welfare needs of the consumer are not being met either based on the observations of the MCO and other relevant staff, including KDADS Quality Assurance staff, or confirmation by Adult Protective Services (Child Protective Services if the consumer is under the age of 18 years), and all training methods have been exhausted.
- The Personal Care Attendant or Sleep Cycle Support provider is not providing the services as outlined on the Attendant Care Worksheet, and the situation cannot be remedied.
- The consumer is falsifying records resulting in claims for services not rendered.

The MCO works with the consumer to maintain continuous attendant coverage as outlined and authorized on the consumer's Plan of Care. The MCO, though their care management and monitoring activities, works with the

consumer's choice of a non-self-directed agency to assure consumer health and welfare during the transition period and beyond by communicating with both the consumer and the non-self-directed agency, by monitoring the services provided, and by gathering continual input from the consumer as to satisfaction with services.

Appendix E: Participant Direction of Services

E-1: Overview (13 of 13)

- n. Goals for Participant Direction.** In the following table, provide the State's goals for each year that the waiver is in effect for the unduplicated number of waiver participants who are expected to elect each applicable participant direction opportunity. Annually, the State will report to CMS the number of participants who elect to direct their waiver services.

Table E-1-n

| | Employer Authority Only | Budget Authority Only or Budget Authority in Combination with Employer Authority | |
|-------------|-------------------------|--|--|
| Waiver Year | Number of Participants | Number of Participants | |
| Year 1 | 290 | | |
| Year 2 | 400 | | |
| Year 3 | 448 | | |
| Year 4 | 502 | | |
| Year 5 | 561 | | |

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant Direction (1 of 6)

- a. Participant - Employer Authority** Complete when the waiver offers the employer authority opportunity as indicated in Item E-1-b:

- i. Participant Employer Status.** Specify the participant's employer status under the waiver. *Select one or both:*

- Participant/Co-Employer.** The participant (or the participant's representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.

Specify the types of agencies (a.k.a., agencies with choice) that serve as co-employers of participant-selected staff:

Consumers execute an agreement with enrolled providers of Financial Management Services (FMS) to act as co-employers of workers who provide participant-directed waiver services. FMS providers are those agencies that have completed and maintain in good standing a provider agreement with the State operating agency, a Medicaid provider agreement with the State Medicaid agency through the State's fiscal agent, and a contract with the consumer's KanCare MCO.

FMS provider agencies perform necessary payroll and human resource functions and provide to the participant the supports necessary to conduct employer-related functions, including the selection and training of individuals who will provide the needed assistance and the submission of complete and accurate time records to the FMS provider agency

- Participant/Common Law Employer.** The participant (or the participant's representative) is the common law employer of workers who provide waiver services. An IRS-Approved Fiscal/Employer Agent functions as the participant's agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.

ii. Participant Decision Making Authority. The participant (or the participant's representative) has decision making authority over workers who provide waiver services. *Select one or more decision making authorities that participants exercise:*

- Recruit staff**
- Refer staff to agency for hiring (co-employer)**
- Select staff from worker registry**
- Hire staff common law employer**
- Verify staff qualifications**
- Obtain criminal history and/or background investigation of staff**

Specify how the costs of such investigations are compensated:

The FMS provider covers the cost of criminal history and/or background investigation of staff should the consumer request one.

- Specify additional staff qualifications based on participant needs and preferences so long as such qualifications are consistent with the qualifications specified in Appendix C-1/C-3.**
- Determine staff duties consistent with the service specifications in Appendix C-1/C-3.**
- Determine staff wages and benefits subject to State limits**
- Schedule staff**
- Orient and instruct staff in duties**
- Supervise staff**
- Evaluate staff performance**
- Verify time worked by staff and approve time sheets**
- Discharge staff (common law employer)**
- Discharge staff from providing services (co-employer)**
- Other**

Specify:

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant-Direction (2 of 6)

b. Participant - Budget Authority Complete when the waiver offers the budget authority opportunity as indicated in Item E-1-b:

Answers provided in Appendix E-1-b indicate that you do not need to complete this section.

i. Participant Decision Making Authority. When the participant has budget authority, indicate the decision-making authority that the participant may exercise over the budget. *Select one or more:*

- Reallocate funds among services included in the budget**
- Determine the amount paid for services within the State's established limits**
- Substitute service providers**
- Schedule the provision of services**
- Specify additional service provider qualifications consistent with the qualifications specified in Appendix C-1/C-3**
- Specify how services are provided, consistent with the service specifications contained in Appendix C-1/C-3**
- Identify service providers and refer for provider enrollment**

- Authorize payment for waiver goods and services
- Review and approve provider invoices for services rendered
- Other

Specify:

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant-Direction (3 of 6)

b. Participant - Budget Authority

Answers provided in Appendix E-1-b indicate that you do not need to complete this section.

- ii. **Participant-Directed Budget** Describe in detail the method(s) that are used to establish the amount of the participant-directed budget for waiver goods and services over which the participant has authority, including how the method makes use of reliable cost estimating information and is applied consistently to each participant. Information about these method(s) must be made publicly available.

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant-Direction (4 of 6)

b. Participant - Budget Authority

Answers provided in Appendix E-1-b indicate that you do not need to complete this section.

- iii. **Informing Participant of Budget Amount.** Describe how the State informs each participant of the amount of the participant-directed budget and the procedures by which the participant may request an adjustment in the budget amount.

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant-Direction (5 of 6)

b. Participant - Budget Authority

Answers provided in Appendix E-1-b indicate that you do not need to complete this section.

- iv. **Participant Exercise of Budget Flexibility.** *Select one:*

- Modifications to the participant directed budget must be preceded by a change in the service plan.
- The participant has the authority to modify the services included in the participant directed budget without prior approval.

Specify how changes in the participant-directed budget are documented, including updating the service plan. When prior review of changes is required in certain circumstances, describe the circumstances and specify the entity that reviews the proposed change:

Appendix E: Participant Direction of Services

E-2: Opportunities for Participant-Direction (6 of 6)

b. Participant - Budget Authority

Answers provided in Appendix E-1-b indicate that you do not need to complete this section.

- v. **Expenditure Safeguards.** Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards:

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice (s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Kansas has contracted with an ADRC to conduct level of care determinations. Decisions made by the ADRC are subject to state fair hearing review, and notice of that right and related process will be provided by the ADRC with their decision on the LOC determination/redetermination.

Kansas has contracted with three KanCare managed care organizations (MCOs) who are required to have grievance and appeal processes that meet all relevant federal and state standards, including state fair hearings and expedited appeals. Each MCO has established operational processes regarding these issues, about which they must inform every member. In addition, the State will review member grievances/appeals during the initial implementation of the KanCare program on a daily basis to see if there are issues with getting into care, ability to get prescriptions or ability to reach a live person on the phone. The State will report to CMS the number and frequency of these types of complaints/grievances during the initial transition period, and will continue to monitor this issue throughout the KanCare program.

Each member is provided information about grievances, appeals and fair hearings in their KanCare member enrollment packet.

KanCare members have the right to file a grievance. A grievance is any expression of dissatisfaction about any matter other than an Action. Grievances can be filed in writing or verbally. Grievances will be acknowledged by MCOs in writing within 10 business days of receipt, and a written response to the grievance will be given to the member within 30 business days (except in cases where it is in the best interest of the member that the resolution timeframe be extended).

All KanCare members are advised the following regarding appeals and state fair hearings:

An appeal can only occur under the following circumstances:

- If an Action has occurred. An Action is the denial of services or a limitation of services, including the type of service; the reduction, suspension, or termination of a service you have been receiving; the denial, in whole or part, of payment for a service; or the failure of the health plan to act within established time requirements for service accessibility.
- You will receive a Notice of Action in the mail if an Action has occurred.
- An Appeal is a request for a review of any of the above actions.

- To file an Appeal: You, your friend, your attorney, or anyone else on your behalf can file an appeal.
- An appeal can be filed verbally, but it must be followed by a written request. The Customer Service Center for your health plan can also help you with an appeal.
- An appeal must be filed within 30 calendar days after you have received a Notice of Action.
- The appeal will be resolved within 30 calendar days unless more time is needed. You will be notified of the delay, but your appeal will be resolved in 45 calendar days.

You have other options for a quicker review of your appeal. Call your health plan for more information.

Fair Hearings

A Fair Hearing is a formal meeting where an impartial person (someone you do not know), assigned by the Office of Administrative Hearings, listens to all of the facts and then makes a decision based on the law.

- If you are not satisfied with the decision made on your appeal, you or your representative may ask for a fair hearing. It must be done in writing and mailed or faxed to:

Office of Administrative Hearings

1020 S. Kansas Ave.
Topeka, KS 66612-1327
Fax: 785-296-4848

- The letter or fax must be received within 30 days of the date of the appeal decision.

Members have the right to benefits while a hearing is pending, and can request such benefits as part of their fair hearing request. All three MCOs will advise members of their right to a State Fair Hearing. Members do not have to finish their appeal with the MCO before requesting a State Fair Hearing.

Addressing specific additional elements required by CMS:

I. How individuals are informed of the Fair Hearing process during entrance to the waiver including how, when and by whom this information is provided to individuals.

For all KanCare MCOs: In addition to the education provided by the State, members receive information about the Fair Hearing process in the member handbook they receive at the time of enrollment. The member handbook is included in the welcome packet provided to each member. It will also be posted online at the MCOs' member web site. In addition, every notice of action includes detailed information about the Fair Hearing process, including timeframes, instructions on how to file, and who to contact for assistance. And, at any time a member can call the MCO to get information and assistance with the Fair Hearing process.

II. All instances when a notice must be made to an individual of an adverse action including: 1) choice of HCBS vs. institutional services, 2) choice of provider or service, and 3) denial, reduction, suspension or termination of service.

The state requires that all MCOs define an "action" pursuant to KanCare RFP Attachment C and 42 CFR §438.400. While the State determines, including through contracting entities, eligibility for HCBS waivers and is responsible for notifying an individual of an adverse action in the event that their application (choice of HCBS vs. institutional services) is denied, MCOs issue a notice of adverse action under the following circumstances:

- The denial or limited authorization of a requested service, including the type or level of service;
- The reduction, suspension, or termination of a previously authorized service;
- The denial, in whole or in part, of payment for a service;
- The failure to provide services in a timely manner;
- The failure of an Amerigroup to act within the timeframes provided in 42 CFR §438.408(b); and
- For a resident of a rural area with only one MCO, the denial of a Medicaid enrollee's request to exercise his or her right, under 42 CFR §438.52(b)(2)(ii), to obtain services outside the network.

III. How notice of adverse action is made.

Amerigroup: Once the decision to deny a service is made, the Medical Director notifies the Health Care Management Services department of the denial by routing the authorization request to specified queues within Amerigroup's system of record (Facets). An Amerigroup Utilization Management nurse reviews the denial, makes any necessary updates to the authorization and routes it to the designated denial queue in Facets. The Case Specialist assigned to the queue will create the letter in Amerigroup's document repository system (Maccess) under the member's account and send to the Amerigroup Document Control Center (DCC) for mailing to both the member and the provider.

Sunflower: Sunflower will issue notice of adverse actions in writing. The notice of action letters utilized by Sunflower will have the prior written approval of KDHE before they are used. Written notification of adverse action may also be

supplemented with telephonic and/or face-to-face notifications if necessary.

United: A Notice of Action is provided in writing to the member with a cc: to the provider.

IV. The entity responsible for issuing the notice

Amerigroup: Case Specialists in the Amerigroup Health Care Management Services Department are responsible for issuance of the notice (which includes the Amerigroup Medical Director's signature). These notices are sent from the Case Specialist to Amerigroup's Document Control Center for mailing.

Sunflower: Sunflower State Health Plan is responsible for issuing notifications to its enrolled members. Subcontracted entities who may be delegated appeal may also issue Notice of Action letters to members who are denied or received reduction of services that the delegated entity provides. All of the Sunflower's subcontracted entities will use the previously approved notice of action and grievance/appeal process letters that Sunflower uses.

United: UnitedHealthcare Community Plan will be issuing the notices.

V. The assistance (if any) that is provided to individuals in pursuing a Fair Hearing.

Amerigroup: The Amerigroup Quality Management Department includes Member Advocates that are dedicated to tasks such as helping members file grievances, appeals and Fair Hearings. If a member calls the Amerigroup Member Services line to request assistance with a Fair Hearing, our call center provides a transfer to the Member Advocate who assists the member.

Sunflower: Sunflower's Member Service Representative, Grievance and Appeals Coordinators and Care Managers will all be available to provide personal assistance to members needing support at any stage of the grievance process including Fair Hearing. They will provide information to members about their rights, how access the Fair Hearing process, provide assistance in completing any required documentation and provide all information relevant to the issue giving rise to the need for a Fair Hearing. In addition, Members will have access to communication assistance such as translation, TTY/TTD availability, interpreter services or alternative formats for member materials.

United: UnitedHealthcare has Member Advocates who can provide general assistance and a Plan Grievance Coordinator who is available to assist members with filing the request and who will prepare the files for submission to the State.

VI. Specify where notices of adverse action and the opportunity to request a Fair Hearing are kept.

Amerigroup: Template Notice of Adverse Action letters are housed in Amerigroup's electronic document repository system (Macess). When individual letters are created, they are saved in the member's individual folder within this system. All these letters include notification of the opportunity to request a Fair Hearing.

Sunflower: Sunflower will maintain records of all notices of adverse action letters issued to members, with the required Fair Hear rights and process language, in our TruCare Medical Management application and in our Customer Relations Management (CRM) application used to track and report events in the grievance process.

United: Notice of Action letters are maintained in corporate letter archives. They are tied to the notification number in our CareOne Medical Management System. They are indexed by State, date of notice, member name. product (i.e. Medicaid) and notification number.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

- a. Availability of Additional Dispute Resolution Process.** Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

- No. This Appendix does not apply**
- Yes. The State operates an additional dispute resolution process**

- b. Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. *Select one:*

- No. This Appendix does not apply**
- Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver**

b. Operational Responsibility. Specify the State agency that is responsible for the operation of the grievance/complaint system:

Under the KanCare program, nearly all Medicaid services - including nearly all HCBS waiver services - will be provided through one of the three contracting managed care organizations. However, for those situations in which the participant is not a KanCare member, this grievance/complaint system applies. The Single State Medicaid Agency, Kansas Department of Health and Environment (KDHE), employs the fiscal agent to operate the consumer complaint and grievance system.

A description to how KanCare members are informed that filing a grievance is not a prerequisite for a Fair Hearing is included at Appendix F.1

c. Description of System. Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The Medical Assistance Customer Service Center (MACSC) at the fiscal agent is open to any complaint, concern, or grievance a consumer has against a Medicaid provider. The Consumer Assistance Unit staff logs and tracks all complaints, concerns, or grievances. If a provider has three complaints lodged against them, an investigation is initiated. KDHE and KDADS have access to this information at any time.

The MACSC transfers grievances to the Quality Assurance Team (QAT) on the date received. QAT has three (3) days to contact the grievant to acknowledge the grievance and thirty (30) days to coomplete the research and resolution. If more time is needed, QAT must request additional time from the state Program Manager.

QAT trends grievances on a monthly basis. Criterion for further research is based on number of grievances per provider in a specific time frame.

Consumers who are not part of the KanCare program are educated that lodging a complaint and/or grievance is not a pre-requisite or substitute for a Fair Hearing and is a separate activity from a Fair Hearing. This information may also be provided by the TBI Waiver Program Manager.

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

a. Critical Event or Incident Reporting and Management Process. Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program.*Select one:*

- Yes. The State operates a Critical Event or Incident Reporting and Management Process** (*complete Items b through e*)
- No. This Appendix does not apply** (*do not complete Items b through e*)
If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.

- b. State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The state provides for the reporting and investigation of the following major and serious incidents.

- Definitions of the types of critical events or incidents that must be reported:

Abuse: Any act or failure to act performed intentionally or recklessly that causes or is likely to cause harm to an adult including: 1) infliction of physical or mental injury; 2) any sexual act with an adult when the adult does not consent or when the other person knows or should know that the adult is incapable or resisting or declining consent to the sexual act due to mental deficiency or disease or due to fear of retribution or hardship; 3) unreasonable use of a physical restraint, isolation or medication that harms or is likely to harm an adult; 4) unreasonable use of a physical or chemical restraint, medication or isolation as punishment for convenience, in conflict with a physician's orders or as a substitute for treatment, except where such conduct or physical restraint is in furtherance of the health and safety of the adult; 5) a threat or menacing conduct directed toward an adult that results or might reasonably be expected to result in fear or emotional or mental distress to an adult; 6) fiduciary abuse; or 7) omission or deprivation by a caretaker or another person of goods or services which are necessary to avoid physical or mental harm or illness. K.S.A 39-1430(b).

Neglect: The failure or omission by one's self, caretaker or another person with a duty to supply or to provide goods or services which are reasonably necessary to ensure safety and well-being and to avoid physical or mental harm or illness. K.S.A 39-1430(c).

Exploitation: Misappropriation of an adult's property or intentionally taking unfair advantage of an adult's physical or financial resources for another individual's personal financial advantage by the use of undue influence, coercion, harassment, duress, deception, false representation or false pretense by a caretaker or another person. K.S.A. 39-1430(d).

Fiduciary Abuse: A situation in which any person who is the caretaker of, or who stands in a position of trust to, an adult, takes, secretes, or appropriates his/her money or property, to any use of purpose not in the due and lawful execution of such person's trust or benefit. K.S.A 39-1430(e).

- Identification of the individuals/entities that must report critical events and incidents:

The Kansas statute (K.S.A. 39-1431) identifies mandated reporters required to report suspected abuse neglect, and exploitation or fiduciary abuse immediately to either Social and Rehabilitation Services (now the Kansas Department for Children and Families) or Law Enforcement. According to K.S.A. 39-1431, mandated reporters include: (a) Any person who is licensed to practice any branch of the healing arts, a licensed psychologist, a licensed master level psychologist, a licensed clinical psychotherapist, the chief administrative officer of a medical care facility, a teacher, a licensed social worker, a licensed professional nurse, a licensed practical nurse, a licensed dentist, a licensed marriage and family therapist, a licensed clinical marriage and family therapist, licensed professional counselor, licensed clinical professional counselor, registered alcohol and drug abuse counselor, a law enforcement officer, a case manager, a rehabilitation counselor, a bank trust officer or any other officers of financial institutions, a legal representative, a governmental assistance provider, an owner or operator of a residential care facility, an independent living counselor and the chief administrative officer of a licensed home health agency, the chief administrative officer of an adult family home and the chief administrative officer of a provider of community services and affiliates thereof operated or funded by the department of social and rehabilitation services [now the Kansas Department for Children and Families] or licensed under K.S.A. 75-3307b and amendments thereto who has reasonable cause to believe that an adult is being or has been abused, neglected or exploited or is in need of protective services shall report, immediately from receipt of the information, such information or cause a report of such information to be made in any reasonable manner. An employee of a domestic violence center shall not be required to report information or cause a report of information to be made under this subsection.

- The timeframes within which critical events or incidents must be reported:

All reports of abuse, neglect, and exploitation must be reported to the Kansas Department for Children and Families immediately.

- The method of reporting:

Reports shall be made to the Kansas Department for Children and Families, by calling the Kansas Protection Report Center (a section of DCF), via their 24/7 in-state toll free number: 1-800-922-5330. Telephone lines are staffed in the report center 24 hours a day, including holidays. In the event of an emergency, a report can be made to local law enforcement or 911.

- c. Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

The participant's chosen KanCare MCO provides information and resources to all consumers and caregivers regarding strategies to identify, prevent, report, and correct any instances of potential Abuse, Neglect or Exploitation. Information and training on these subjects is provided by the MCOs to members in the member handbook, is available for review at any time on the MCO member website, and is reviewed with each member, by the care management staff responsible for service plan development, during the annual process of plan of care/service plan development. Depending upon the individual needs of each member, additional training or information is made available and related needs are addressed in the individual's service plan. The information provided by the MCOs is consistent with the state's abuse, neglect and exploitation incident reporting and management process (although the MCOs also have additional incident management information and processes beyond those regarding reporting/management of member abuse, neglect and exploitation).

- d. Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

- The entity that receives reports of each type of critical event or incident: Kansas Department for Children and Families.

- The entity that is responsible for evaluating reports and how reports are evaluated.

Kansas Department for Children and Families (DCF) Intake Unit is responsible for receiving reports and determining if each report is screened in or out based on current policies identified in The Kansas Economic and Employment Support Manual [KEESM] for screening reports [12210]. If the report indicates criminal activity, local law enforcement is notified immediately.

- The timeframes for conducting an investigation and completing an investigation.

For children, the State of Kansas requires reporting of any suspected Abuse, Neglect, Exploitation or Fiduciary Abuse of a child to DCF for review and follow-up. If the report alleges that a child is not in immediate, serious, physical danger, but the report alleges critical neglect or physical/sexual abuse, DCF must respond within 72 hours. If the report alleges that a child is not in immediate, serious, physical danger and the report does not allege physical or sexual abuse or neglect, DCF must respond within 20 working days. By policy, Children and Family Services (CFS) is required to make a case finding in 25 working days from case assignment.

For adults, the State of Kansas requires reporting of any suspected Abuse, Neglect, Exploitation or Fiduciary Abuse of an adult to DCF for review and follow-up. K.S.A. 39-1433 establishes time frames for personal visits with involved adults and due dates for findings for DCF investigations. This statute identifies the following:

1. Twenty-four (24) clock hours if the involved adult's health or welfare is in imminent danger.
2. Three (3) working days if the involved adult has been abused but is not in imminent danger.
3. Five (5) working days if the adult has been neglected or exploited and there is no imminent danger.

- The entity that is responsible for conducting investigations and how investigations are conducted.

Kansas Department for Children and Families is responsible for contacting the involved adult, alleged perpetrator and all other collaterals to obtain relevant information for investigation purposes.

1. Interview the involved adult. If the involved adult has a legal guardian or conservator, contact the guardian and/or conservator.
2. Assess the risk of the involved adult.
3. The APS social worker should attempt to obtain a written release from involved adult or their guardian to receive/review relevant records maintained by others.

- The process and timeframes for informing the participant including the participant (or the participant's family or

legal representative as appropriate) and other relevant parties (e.g., the waiver providers, licensing and regulatory authorities, the waiver operating agency) of the investigation results.
2540 Notice of Department Finding:

The Notice of Department Finding for family reports is CFS 2012. The Notice of Department Finding for facility reports is CFS 2013. The Notice of Department Finding informs pertinent persons who have a need to know of the outcome of an investigation of child abuse/neglect. The Notice of Department Finding also provides persons information regarding the appeal process. The following persons must receive a notice:

- The parents of the child who was alleged to have been maltreated
- The alleged perpetrator
- Child, as applicable if the child lives separate from the family
- Contractor providing services to the family if the family is receiving services from a CFS contract
- The director of the facility or the child placing agency of a foster home if abuse occurred in a facility or foster home
- Kansas Department of Health and Environment if abuse occurred in a facility or a foster home

The Notice of Department Finding shall be mailed on the same day, or the next working day, as the case finding decision, the date on the Case Finding CFS-2011.

All case decisions/findings shall be staffed with the APS Supervisor/designee and a finding shall be made within (30) working days of receiving the report [K.S.A. 39-1433(a)(3)].

KEESM [12360] allows for joint investigations with KDADS licensed facilities per the option of the DCF Service Center and the facility. Joint investigations require a Memorandum of Agreement between the DCF Service Center and the facility which must be approved by the DCF Central Office APS Attorney. Additionally, the KEESM manual [12230] requires copies of facility based reports be sent to the KDADS Regional Field Staff.

e. Responsibility for Oversight of Critical Incidents and Events. Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

- The state entity or entities responsible for overseeing the operation of the incident management system.

Kansas Department for Children and Families, Division of Adult Protective Services is responsible for overseeing the reporting of and response to all critical incidents and events. Adult Protective Services maintains a data base of all critical incidents/events and makes available the contents of the data base to the Kansas Department for Aging and Disability Services and the Kansas Department of Health and Environment, single state Medicaid agency, on an on-going basis.

- The methods for overseeing the operation of the incident management system, including how data are collected, compiled, and used to prevent re-occurrence.

Collaboration between the KDADS Field Staff and APS Social Worker includes meeting on a monthly basis to review trends and severity of Critical Events. KDADS Field Staff identify trends and severity with PD waiver providers to ensure adequate services and supports are in place.

The Performance Improvement Program Manager of KDADS, Community Supports & Programs, and the DCF Adult Protective Services Program Manager gather, trend and evaluate data from multiple sources that is reported to the KDADS CSP Director and the State Medicaid Agency.

This information will also be a monitoring, reporting and follow up element of the comprehensive KanCare quality improvement strategy, managed by an Interagency Monitoring Team to support overall quality improvement activities for the KanCare program.

- Frequency of oversight activities

KDADS conducts on-going, on-site, in-person reviews to educate and assess the consumer's knowledge and ability and freedom to prevent or report information about Abuse, Neglect, and Exploitation. If it is determined that there is suspected for Abuse, Neglect or Exploitation, the KDADS Field Staff report immediately. Any areas of vulnerability would be identified for additional training and assurance of education. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for

ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 2)

a. Use of Restraints or Seclusion. *(Select one):*

The State does not permit or prohibits the use of restraints or seclusion

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints or seclusion and how this oversight is conducted and its frequency:

- The Kansas Department for Aging and Disability Services (KDADS) has primary responsibility for overseeing this issue, and works with the Kansas Department of Health and Environment (KDHE), as part of the comprehensive KanCare quality improvement strategy to monitor this service issue.
- Methods for detecting unauthorized use, over use or inappropriate, ineffective use of restraint or seclusion and ensuring that all applicable state requirements are followed.

KDADS conducts on-going, on-site, in-person reviews to educate and assess the consumer's knowledge, ability and freedom from the use of restraint or seclusion. If it is determined that there is suspected un-authorized use, the KDADS Field Staff report immediately. Any areas of vulnerability would be identified for additional training and assurance of non-aversive methods. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

- How data are analyzed to identify trends and patterns and support improvement strategies; and the methods for overseeing the operation of the incident management system including how data are collected, compiled, and used to prevent re-occurrence.

KDADS Field Staff conduct on-going, on-site, in-person reviews with the consumer and his/her informal supports and paid staff supports to ensure there is no use of restraint or seclusion. Additionally, KDADS Field staff review planning for each individual to ensure appropriate supports and services are in place to eliminate the need for restrictive intervention. On the rare occurrence of detection, the incident is addressed immediately. Any areas of vulnerability would be identified for additional training and assurance of non-aversive methods. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

- The frequency of oversight: Continuous and ongoing.

The use of restraints or seclusion is permitted during the course of the delivery of waiver services.

Complete Items G-2-a-i and G-2-a-ii.

- i. Safeguards Concerning the Use of Restraints or Seclusion.** Specify the safeguards that the State has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints or seclusion). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- ii. State Oversight Responsibility.** Specify the State agency (or agencies) responsible for overseeing the use of restraints or seclusion and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (2 of 2)

b. Use of Restrictive Interventions. *(Select one):*

The State does not permit or prohibits the use of restrictive interventions

Specify the State agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

- The state agency (or agencies) responsible for overseeing the use of restrictive interventions and ensuring that the state's safeguards are followed.

The Kansas Department for Aging and Disability Services (KDADS) has primary responsibility for overseeing this issue, and works with the Kansas Department of Health and Environment (KDHE), as part of the comprehensive KanCare quality improvement strategy to monitor this service issue.

- Methods for detecting unauthorized use, over use or inappropriate, ineffective use of restrictive interventions and ensuring that all applicable state requirements are followed.

KDADS conducts on-going, on-site, in-person reviews to educate and assess the consumer's knowledge, ability and freedom from the use of unauthorized restrictive interventions. If it is determined that there is suspected unauthorized use, the KDADS Field Staff report immediately. Any areas of vulnerability would be identified for additional training and assurance of non-aversive methods. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

- How data are analyzed to identify trends and patterns and support improvement strategies; and the methods for overseeing the operation of the incident management system including how data are collected, compiled, and used to prevent re-occurrence.

KDADS Field Staff conduct on-going, on-site, in-person reviews with the consumer and his/her informal supports and paid staff supports to ensure there is no use of unauthorized restrictive interventions. Additionally, KDADS Field staff review planning for each individual to ensure appropriate supports and services are in place to eliminate the need for restrictive intervention. On the rare occurrence of detection, the incident is addressed immediately. Any areas of vulnerability would be identified for additional training and assurance of non-aversive methods. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

- The frequency of oversight: Continuous and ongoing

The use of restrictive interventions is permitted during the course of the delivery of waiver services
Complete Items G-2-b-i and G-2-b-ii.

- i. Safeguards Concerning the Use of Restrictive Interventions.** Specify the safeguards that the State has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

- ii. State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. Applicability. Select one:

- No. This Appendix is not applicable** (*do not complete the remaining items*)
 Yes. This Appendix applies (*complete the remaining items*)

b. Medication Management and Follow-Up

- i. Responsibility.** Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

- ii. Methods of State Oversight and Follow-Up.** Describe: (a) the method(s) that the State uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the State agency (or agencies) that is responsible for follow-up and oversight.

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (2 of 2)

c. Medication Administration by Waiver Providers

Answers provided in G-3-a indicate you do not need to complete this section

- i. Provider Administration of Medications.** *Select one:*

- Not applicable.** (*do not complete the remaining items*)
 Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications. (*complete the remaining items*)

- ii. State Policy.** Summarize the State policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- iii. Medication Error Reporting.** *Select one of the following:*

- Providers that are responsible for medication administration are required to both record and report medication errors to a State agency (or agencies).**
Complete the following three items:

(a) Specify State agency (or agencies) to which errors are reported:

(b) Specify the types of medication errors that providers are required to *record*:

(c) Specify the types of medication errors that providers must *report* to the State:

- Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the State.**

Specify the types of medication errors that providers are required to record:

- iv. State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The State, on an ongoing basis, identifies, addresses and seeks to prevent the occurrence of abuse, neglect and exploitation.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Standard =100%; Measure = total number of enrolled TBI Waiver participants / families VS number participants/families that identify they know how to prevent, protect from, and report abuse, neglect and exploitation.

- ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Collaboration between the KDADS Field Staff and DCF-APS Social Worker occurs on an on-going basis to review trends and severity of Critical Events. KDADS Field Staff identify trends and severity with PD waiver providers to ensure adequate services and supports are in place. Additionally, KDADS conducts on-going, on-site, in-person reviews to educate and assess the consumer’s knowledge and ability and freedom to prevent or report information about Abuse, Neglect, and Exploitation. If it is determined that there is suspected Abuse, Neglect or Exploitation, the KDADS Field Staff report immediately. Any areas of vulnerability would be identified for additional training and assurance of education. KDADS Field Staff will be conducting a portion of these reviews with MCO staff, and over time the MCO staff will also be responsible for ensuring these issues are effectively in place for waiver participants, as part of the overall KanCare quality improvement strategy.

DCF’s Division of Adult Protective Services is responsible for overseeing the reporting of and response to all critical incidents and events. Adult Protective Services maintains a data base of all critical incidents/events and makes available the contents of the data base to the KDADS and KDHE on an on-going basis. The Performance Improvement Program Manager of KDADS-Community Services and Programs, and the DCF Adult Protective Services Program Manager, and Children and Family Services gather, trend and evaluate data from multiple sources that is reported to the KDADS-Community Services and Programs Director and the State Medicaid Agency.

These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. (The QIS is reviewed at least annually, and adjusted as necessary based upon that review.) That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

b. Methods for Remediation/Fixing Individual Problems

- i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

KDADS-Community Services & Programs is responsible for oversight of critical events/incidents, and unauthorized use of restraints/restrictive procedures, in accordance with Kansas regulatory and statutory requirements. Oversight of regulatory standards and statute is conducted by KDADS Field Staff.

DCF-Child Protective Services (CPS) and DCF-Adult Protective Services (APS) maintain data bases of all critical incidents and events. CPS and APS maintain data bases of all critical incidents and events and make available the contents of the data base to KDADS and KDHE through quarterly reporting.

KDADS and DCF-Child Protective Services (CPS) and DCF-Adult Protective Services (APS) meet on a quarterly basis to trend data, develop evidence-based decisions, and identify opportunities for provider improvement and/or training.

State staff request, approve, and assure implementation of contractor corrective action planning and/or technical assistance to address non-compliance with performance standards as detected through on-site monitoring, MCO compliance monitoring, survey results and other performance monitoring. These processes are monitored by both contract managers and other relevant state staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

| Responsible Party <i>(check each that applies):</i> | Frequency of data aggregation and analysis <i>(check each that applies):</i> |
|---|--|
| <input checked="" type="checkbox"/> State Medicaid Agency | <input type="checkbox"/> Weekly |
| <input checked="" type="checkbox"/> Operating Agency | <input type="checkbox"/> Monthly |
| <input type="checkbox"/> Sub-State Entity | <input type="checkbox"/> Quarterly |
| <input type="checkbox"/> Other Specify: | <input type="checkbox"/> Annually |
| | <input checked="" type="checkbox"/> Continuously and Ongoing |
| | <input type="checkbox"/> Other Specify: |

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Health and Welfare that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix H: Quality Improvement Strategy (1 of 2)

Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State

specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

Quality Improvement Strategy: Minimum Components

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QMS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I) , a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the QMS* and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QMS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program.

Appendix H: Quality Improvement Strategy (2 of 2)

H-1: Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

The Kansas Quality Improvement Strategy (KQIS) provides oversight, monitoring and continuous improvement strategies in accordance with the separation of Quality Assurance and Quality Improvement functions defined by the State of Kansas. This separation, in combination with the CMS Home and Community-Based Services (HCBS) Quality Framework, will serve as the driving force for systems with regard to health and safety assurances, as well as, continual systems improvement to promote and assure quality of life for participants. This approach will provide Kansas participants the opportunities to directly impact and move the service system in a manner which truly defines participant-centered approaches and outcomes. The Quality Improvement system is data-based and outcome-focused. The system provides for

data-based decision making to improve the individual lives of each participant while pro-actively building statewide capacity. The KQIS is a two-prong approach utilizing identification of minimum standard compliance and assurance of corrective action to address systematic weaknesses while simultaneously utilizing the data to identify best practices to promote participant independence, productivity, community inclusion and opportunities for systems improvement to promote participant quality of life.

Statewide/Regional/Provider data is compiled, trended, reviewed, and disseminated to providers through the Performance Improvement Analysis Process. Each provider receives annual data trending which identifies provider specific performance levels related to statewide performance standards and statewide averages. Corrective Action Plan requests and/or technical assistance to remEDIATE negative trending are included in annual provider reports where negative trending is evidenced. The state has a system intervention process in place that allows participants across the state to review cross-service system data to identify trends and opportunities for improvement related to all Kansas waivers, policy and procedure development and systems change initiatives. This systems integration process involves establishing relationships between parties that result in common goals, mission, and philosophy.

The following Performance Improvement Analysis Process occurs on an annual basis.

1. Performance Improvement Data Aggregation (Central Office Performance Improvement Program Manager)
2. Performance Improvement Analysis Process including:
 - a. Community Choice Reflection Team (100% consumer members) review of statewide data versus local provider trends)
 - b. Performance Improvement Review Committee (Central Office PI Program Manager and Regional SRS field staff)
 - c. Performance Improvement Executive Review Committee (Central Office Assistant Director, Performance Improvement Program Manager and waiver program managers.)
3. Performance Improvement Waiver Report provided to Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF) via the KDHE/DHCF Long Term Care Committee, for review by the State Medicaid Agency (SSMA).

Data gathered by SRS/DBHS/CSS Regional Staff during the Quality Survey Process is provided quarterly to the SRS/DBHS/CSS Performance Improvement Review Committee [Chaired by the Performance Improvement Program Manager / staffed by PI Staff statewide] for evaluation and trending to identify areas for improvement. Upon completion of identified areas of improvement this information is compiled into an executive report (quarterly and annually) which is submitted to the Performance Improvement Executive Committee [Chaired by the Assistant Director SRS/DBHS/CSS / staffed by Waiver Program Managers, QA Program Manager and PI Program Manager]. The Performance Improvement Executive Committee generates corrective action planning and improvement planning which is submitted to the Director of SRS/DBHS/CSS, the Medicaid Operating Agency, for review and approval/denial and sent to the Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF) via the KDHE/DHCF Long Term Care Committee for review by the State Medicaid Agency (SSMA). The approval/denial from the Director of SRS/DBHS/CSS would be returned to the Performance Improvement Executive Committee for corrective action or planning for implementation of improvement.

ii. System Improvement Activities

| Responsible Party <i>(check each that applies):</i> | Frequency of Monitoring and Analysis <i>(check each that applies):</i> |
|--|---|
| <input type="checkbox"/> State Medicaid Agency | <input type="checkbox"/> Weekly |
| <input checked="" type="checkbox"/> Operating Agency | <input type="checkbox"/> Monthly |
| <input type="checkbox"/> Sub-State Entity | <input checked="" type="checkbox"/> Quarterly |
| <input type="checkbox"/> Quality Improvement Committee | <input type="checkbox"/> Annually |
| <input type="checkbox"/> Other Specify: _____ | <input type="checkbox"/> Other Specify: _____ |

b. System Design Changes

- i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State's targeted standards for systems improvement.

Statewide/Regional/Provider data is compiled, trended, reviewed, and disseminated to providers through the Performance Improvement Analysis Process. Each provider receives annual data trending which identifies provider specific performance levels related to statewide performance standards and statewide averages. Corrective Action Plan requests and/or technical assistance to remediate negative trending are included in annual provider reports where negative trending is evidenced. The state has a system intervention process in place that allows participants across the state to review cross-service system data to identify trends and opportunities for improvement related to all Kansas waivers, policy and procedure development and systems change initiatives. This systems integration process involves establishing relationships between parties that result in common goals, mission, and philosophy.

The following Performance Improvement Analysis Process occurs on an annual basis.

1. Performance Improvement Data Aggregation (Central Office Performance Improvement Program Manager)
2. Performance Improvement Analysis Process including:
 - a. Community Choice Reflection Team (100% consumer members) review of statewide data versus local provider trends)
 - b. Performance Improvement Review Committee (Central Office PI Program Manager and Regional SRS field staff)
 - c. Performance Improvement Executive Review Committee (Central Office Assistant Director, Performance Improvement Program Manager and waiver program managers.)
3. Performance Improvement Waiver Report provided to Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF) via the KDHE/DHCF Long Term Care Committee, for review by the State Medicaid Agency (SSMA).

Data gathered by SRS/DBHS/CSS Regional Staff during the Quality Survey Process is provided quarterly to the SRS/DBHS/CSS Performance Improvement Review Committee [Chaired by the Performance Improvement Program Manager / staffed by PI Staff statewide] for evaluation and trending to identify areas for improvement. Upon completion of identified areas of improvement this information is compiled into an executive report (quarterly and annually) which is submitted to the Performance Improvement Executive Committee [Chaired by the Assistant Director SRS/DBHS/CSS / staffed by Waiver Program Managers, QA Program Manager and PI Program Manager]. The Performance Improvement Executive Committee generates corrective action planning and improvement planning which is submitted to the Director of SRS/DBHS/CSS, the Medicaid Operating Agency, for review and approval/denial and sent to the Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF) via the KDHE/DHCF Long Term Care Committee for review by the State Medicaid Agency (SSMA). The approval/denial from the Director of SRS/DBHS/CSS would be returned to the Performance Improvement Executive Committee for corrective action or planning for implementation of improvement.

Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF), the single state Medicaid agency, and the Department of Social and Rehabilitation Services (SRS) work together to develop state operating agency priority identification regarding all waiver assurances and minimum standards / basic assurances. SRS/DBHS/CSS works in partnership with consumers, Community Choice Reflection Teams (100% primary consumers of services & families), advocacy organizations, provider groups and other interested stakeholders to tailor the performance standards and establish priorities for remediation and improvement. Included in the Kansas Quality Improvement Strategy evaluation is review of current processes, human resources, current tools, data availability and compilation, corrective action planning processes, and remediation, improvement and follow-up processes.

- ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

The KQIS is specifically reviewed and / or revised at least annually and as determined appropriate by SRS/DBHS/CSS.

Annual periodic evaluation and revision is conducted with input from:
 Community Choice Reflection Teams (100% primary consumers of services & families)
 Performance Improvement Review Committee

Providers and other stakeholders
Performance Improvement Executive Committee

Annual reviews of protocol / forms / processes are approved by:
Community Choice Reflection Teams (100% primary consumers of services & families)
SRS/DBHS/CSS
KDHE/DHCF (SRS/DBHS/CSS meets with KDHE/DHCF during 9 of the 12 monthly meetings to discuss the KQIS)

SRS/DBHS/CSS Performance Improvement Review Committee [Chaired by the Performance Improvement Program Manager / staffed by PI Staff statewide] utilizes input from the above identified groups to make recommendations for annual revision to the Kansas Quality Improvement Strategy. This information is compiled into an executive report (quarterly and annually) which is submitted to the Performance Improvement Executive Committee [Chaired by the Assistant Director SRS/DBHS/CSS staffed by Waiver Program Managers, QA Program Manager and PI Program Manager]. The Performance Improvement Executive Committee generates corrective action planning and improvement planning which is submitted to the Director of SRS/DBHS/CSS, the Medicaid Operating Agency, for review and approval/denial and sent to the Kansas Department of Health and Environment/Division of Health Care Finance (KDHE/DHCF) via the KDHE/DHCF Long Term Care Committee for review by the State Medicaid Agency (SSMA). The approval/denial from the Director of SRS/DBHS/CSS would be returned to the Performance Improvement Executive Committee for corrective action or planning for implementation of improvement.

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Based on signed provider agreements, each HCBS provider is required to permit the Kansas Department of Health and Environment, the Kansas Department for Aging and Disabilities (KDADS), their designee, or any other governmental agency acting in its official capacity to examine any records and documents that are necessary to ascertain information pertinent to the determination of the proper amount of a payment due from the Medicaid program. Additionally, the Division of Legislative Post Audit contracts with an independent accounting firm to complete Kansas' statewide single audit on an annual basis. The accounting firm must comply with all requirements contained in the single audit act. The Medicaid program, including all home and community based services waivers is a required component of the single state audit. Independent audits of the waiver will look at cost-effectiveness, the quality of services, service access, and the substantiation of claims for HCBS payments. These issues are addressed in a variety of ways, including: statewide single annual audit; annual financial and other audits of the KanCare MCOs; encounter data, quality of care and other performance reviews/audits; and audits conducted on HCBS providers. There are business practices of the state that result in additional ongoing audit activities that provide infrastructure/safeguards for the HCBS programs, including:

- a. Because of other business relationships with the state, each of the following HCBS provider entities are required to obtain and submit annual financial audits, which are reviewed and used to inform their Medicaid business with Kansas: Area Agencies on Aging; Community Mental Health Centers; Community Developmental Disability Organizations; and Centers for Independent Living.
- b. As a core provider requirement, FMS providers must obtain and submit annual financial audits, which are reviewed and used to monitor their Medicaid business with Kansas.

Under the KanCare program, payment for services is being made through the monthly pmpm paid by the state to the contracting MCOs. (The payments the MCOs make to individual providers, who are part of their networks and subject to contracting protections/reviews/member safeguards.) Payments to MCOs are subject to ongoing monitoring and reporting to CMS, consistent with the Special Terms and Conditions issued with approval of the related 1115 waiver. Those STCs include both monitoring of budget neutrality as well as general financial requirements, and also a robust evaluation of that demonstration project which addresses the impact of the KanCare program on access to care, the quality, efficiency, and coordination of care, and the cost of care.

In addition, these services - as part of the comprehensive KanCare managed care program - will be part of the corporate

compliance/program integrity activities of each of the KanCare MCOs. That includes both monitoring and enforcement of their provider agreements with each provider member of their network and also a robust treatment, consistent with federal regulation and state law requirements, of prevention, detection, intervention, reporting, correction and remediation program related to fraud, waste, abuse or other impropriety in the delivery of Medicaid services under the KanCare program. The activities include comprehensive utilization management, quality data reporting and monitoring, and a compliance officer dedicated to the KanCare program, with a compliance committee that has access to MCO senior management. As those activities are implemented and outcomes achieved, the MCOs will be providing regular and ad hoc reporting of results. KDHE will have oversight of all portions of the program and the KanCare MCO contracts, and will collaborate with KDADS regarding HCBS program management, including those items that touch on financial integrity and corporate compliance/program integrity. The key component of that collaboration will be through the KanCare Interagency Monitoring Team, an important part of the overall state's KanCare Quality Improvement Strategy, which will provide quality review and monitoring of all aspects of the KanCare program – engaging program management, contract management, and financial management staff from both KDHE and KDADS.

Some of the specific contractual requirements associated with the program integrity efforts of each MCO include:

Coordination of Program Integrity Efforts.

The CONTRACTOR shall coordinate any and all program integrity efforts with KDHE/DHCF personnel and Kansas' Medicaid Fraud Control Unit (MFCU), located within the Kansas Attorney General's Office. At a minimum, the CONTRACTOR shall:

- a. Meet monthly, and as required, with the KDHE/DHCF staff and MFCU staff to coordinate reporting of all instances of credible allegations of fraud, as well as all recoupment actions taken against providers;
- b. Provide any and all documentation or information upon request to KDHE/DHCF or MFCU related to any aspect of this contract, including but not limited to policies, procedures, subcontracts, provider agreements, claims data, encounter data, and reports on recoupment actions and receivables;
- c. Report within two (2) working days to the KDHE/DHCF, MFCU, and any appropriate legal authorities any evidence indicating the possibility of fraud and abuse by any member of the provider network; if the CONTRACTOR fails to report any suspected fraud or abuse, the State may invoke any penalties allowed under this contract including, but not limited to, suspension of payments or termination of the contract. Furthermore, the enforcement of penalties under the contract shall not be construed to bar other legal or equitable remedies which may be available to the State or MFCU for noncompliance with this section;
- d. Provide KDHE/DHCF with a quarterly update of investigative activity, including corrective actions taken;
- e. Hire and maintain a staff person in Kansas whose duties shall be composed at least 90% of the time in the oversight and management of the program integrity efforts required under this contract. This person shall be designated as the Program Integrity Manager. The program integrity manager shall have open and immediate access to all claims, claims processing data and any other electronic or paper information required to assure that program integrity activity of the CONTRACTOR is sufficient to meet the requirements of the KDHE/DHCF. The duties shall include, but not be limited to the following:
 - (1) Oversight of the program integrity function under this contract;
 - (2) Liaison with the State in all matters regarding program integrity;
 - (3) Development and operations of a fraud control program within the CONTRACTOR claims payment system;
 - (4) Liaison with Kansas' MFCU;
 - (5) Assure coordination of efforts with KDHE/DHCF and other agencies concerning program integrity issues.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State's quality improvement strategy, provide information in the following fields to detail the State's methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability

State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.

i. Performance Measures

For each performance measure/indicator the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator. Each performance measure must be specific to this waiver (i.e., data presented must be waiver specific).

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Performance Standard =100%; Measure = Claims received and coded in accordance with the reimbursement methodology specified in the approved waiver VS claims paid for in accordance with the reimbursement methodology specified in the approved waiver.

Data Source (Select one):

Financial records (including expenditures)

If 'Other' is selected, specify:

| | <input type="checkbox"/> Other Specify: _____ |

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The state established a KanCare Interagency Coordination and Contract Monitoring (KICCM) to ensure effective interagency coordination as well as overall monitoring of MCO contract compliance. This work will be governed by the comprehensive state Quality Improvement Strategy for the KanCare program, a key component of which is the Interagency Monitoring Team that engages program management, contract management and financial management staff of both KDHE and KDADS.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

These measures and collection/reporting protocols, together with others that are part of the KanCare MCO contract, are included in a statewide comprehensive KanCare quality improvement strategy which is regularly reviewed and adjusted. That plan is contributed to and monitored through a state interagency monitoring team, which includes program managers, contract managers, fiscal staff and other relevant staff/resources from both the state Medicaid agency and the state operating agency.

State staff request, approve, and assure implementation of contractor corrective action planning and/or technical assistance to address non-compliance with performance standards as detected through on-site monitoring, survey results and other performance monitoring. These processes are monitored by both contract managers and other relevant state staff, depending upon the type of issue involved, and results tracked consistent with the statewide quality improvement strategy and the operating protocols of the Interagency Monitoring Team.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

| Responsible Party(check each that applies): | Frequency of data aggregation and analysis (check each that applies): |
|---|---|
| <input checked="" type="checkbox"/> State Medicaid Agency | <input type="checkbox"/> Weekly |
| <input checked="" type="checkbox"/> Operating Agency | <input type="checkbox"/> Monthly |
| <input type="checkbox"/> Sub-State Entity | <input type="checkbox"/> Quarterly |
| <input checked="" type="checkbox"/> Other Specify: KanCare MCOs contracting with Kansas. | <input type="checkbox"/> Annually |
| | <input checked="" type="checkbox"/> Continuously and Ongoing |
| | <input type="checkbox"/> Other Specify: _____ |

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Financial Accountability that are currently non-operational.

- No**
- Yes**

Please provide a detailed strategy for assuring Financial Accountability, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (1 of 3)

- a. Rate Determination Methods.** In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Under the KanCare comprehensive managed care program, capitation rates are established consistent with federal regulation requirements, by actuarially sound methods, which take into account utilization, medical expenditures, program changes and other relevant environmental and financial factors. The resulting rates are certified to and approved by CMS.

- b. Flow of Billings.** Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

Claims for services are submitted to the MCOs directly from waiver provider agencies or from Financial Management Service (FMS) agencies for those individuals self-directing their services. All claims are either submitted through the EVV system, the State's front end billing solution or directly to the MCO either submitted through paper claim format or through electronic format. Claims for services required in the EVV system are generated from that system. Capitated payments in arrears are made only when the consumer was eligible for the Medicaid waiver program during the month.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

- c. Certifying Public Expenditures** (*select one*):

- No. State or local government agencies do not certify expenditures for waiver services.**
- Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid.**

Select at least one:

- Certified Public Expenditures (CPE) of State Public Agencies.**

Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (*Indicate source of revenue for CPEs in Item I-4-a.*)

- Certified Public Expenditures (CPE) of Local Government Agencies.**

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (*Indicate source of revenue for CPEs in Item I-4-b.*)

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (3 of 3)

- d. Billing Validation Process.** Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

A capitated payment is made to the MCOs for each month of Waiver eligibility. This is identified through KAEES, the State's eligibility system. The state also is requiring the MCOs to utilize the State's contracted Electronic Visit Verification for mandatory Waiver services. Those Waiver services are billed through EVV based on electronically verified provided services, connected to the consumer's plan of care detailing authorized services. All mandated services must be billed through the EVV system. Reviews to validate that services were in fact provided as billed is part of the financial integrity reviews described above in Section I-1.

- e. Billing and Claims Record Maintenance Requirement.** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

Appendix I: Financial Accountability

I-3: Payment (1 of 7)

- a. Method of payments -- MMIS (*select one*):**

- Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).**
- Payments for some, but not all, waiver services are made through an approved MMIS.**

Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) and how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

- Payments for waiver services are not made through an approved MMIS.**

Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

- Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.**

Describe how payments are made to the managed care entity or entities:

The MMIS Managed Care system assigns beneficiaries to one of the three KanCare Plans. Each assignment generates an assignment record, which is shared with the plans via an electronic record. At the end of each month, the MMIS Managed Care System creates a capitation payment, paid in arrears, for each beneficiary who was assigned to one of the plans. Each payment is associated to a rate cell. The rate cells, defined by KDHE as part of the actuarial rate development process which is certified to and approved by CMS, each have a specific dollar amount established by actuarial data for a specific cohort and an effective time period for the rate.

Appendix I: Financial Accountability

I-3: Payment (2 of 7)

b. Direct payment. In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (*select at least one*):

- The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.**
- The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.**
- The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.**

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

- Providers are paid by a managed care entity or entities for services that are included in the State's contract with the entity.**

Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities.

All of the waiver services in this program are included in the state's contract with the KanCare MCOs.

Appendix I: Financial Accountability

I-3: Payment (3 of 7)

c. Supplemental or Enhanced Payments. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one*:

- No. The State does not make supplemental or enhanced payments for waiver services.**
- Yes. The State makes supplemental or enhanced payments for waiver services.**

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.

Appendix I: Financial Accountability

I-3: Payment (4 of 7)

d. Payments to State or Local Government Providers. *Specify whether State or local government providers receive payment for the provision of waiver services.*

- No. State or local government providers do not receive payment for waiver services.** Do not complete Item I-3-e.
- Yes. State or local government providers receive payment for waiver services.** Complete Item I-3-e.

Specify the types of State or local government providers that receive payment for waiver services and the services that the State or local government providers furnish: *Complete item I-3-e.*

Appendix I: Financial Accountability

I-3: Payment (5 of 7)

e. Amount of Payment to State or Local Government Providers.

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. *Select one:*

Answers provided in Appendix I-3-d indicate that you do not need to complete this section.

- The amount paid to State or local government providers is the same as the amount paid to private providers of the same service.**
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.**
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. When a State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the State recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.**

Describe the recoupment process:

Appendix I: Financial Accountability

I-3: Payment (6 of 7)

f. Provider Retention of Payments. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. *Select one:*

- Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.**
- Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.**

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the State.

No. The monthly capitated payments to the MCOs are not reduced or returned in part to the state.

Appendix I: Financial Accountability

I-3: Payment (7 of 7)

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. *Select one:*

- No. The State does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.**
- Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).**

Specify the governmental agency (or agencies) to which reassignment may be made.

ii. Organized Health Care Delivery System. *Select one:*

- No. The State does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.**
- Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.**

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. Contracts with MCOs, PIHPs or PAHPs. *Select one:*

- The State does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.**
- The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the State Medicaid agency.**

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

- This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.**

Appendix I: Financial Accountability**I-4: Non-Federal Matching Funds (1 of 3)**

- a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the State source or sources of the non-federal share of computable waiver costs. *Select at least one:*

- Appropriation of State Tax Revenues to the State Medicaid agency**
- Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.**

If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the State entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

The non-federal share of the waiver expenditures is from direct state appropriations to the Department for Aging and Disability Services (KDADS), through agreement with the Single State Medicaid Agency, Kansas Department of Health and Environment (KDHE), as of July 1, 2012. The non-federal share of the waiver expenditures are directly expended by KDADS. Medicaid payments are processed by the State's fiscal agent through the Medicaid Management Information System using the InterChange STARS Interface System (iCSIS). iCSIS contains data tables with the current federal and state funding percentages for all funding types. State agencies are able to access iCSIS's reporting module to identify payments made by each agency. KDHE – Division of Health Care Finance draws down federal Medicaid funds for all agencies based on the summary reports from iCSIS. Interfund transfers to the other state agencies are based on finalized fund summary reports. The full rate will be expended on capitation payments in the KanCare program.

- Other State Level Source(s) of Funds.**

Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by State agencies as CPEs, as indicated in Item I-2- c:

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (2 of 3)

- b. Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs.** Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. *Select One:*

- Not Applicable.** There are no local government level sources of funds utilized as the non-federal share.
- Applicable**

Check each that applies:

- Appropriation of Local Government Revenues.**

Specify: (a) the local government entity or entities that have the authority to levy taxes or other revenues; (b) the source(s) of revenue; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement (indicate any intervening entities in the transfer process), and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

- Other Local Government Level Source(s) of Funds.**

Specify: (a) the source of funds; (b) the local government entity or agency receiving funds; and, (c) the mechanism that is used to transfer the funds to the State Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and /or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2- c:

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (3 of 3)

c. Information Concerning Certain Sources of Funds. Indicate whether any of the funds listed in Items I-4-a or I-4-b that make up the non-federal share of computable waiver costs come from the following sources: (a) health care-related taxes or fees; (b) provider-related donations; and/or, (c) federal funds. *Select one:*

- None of the specified sources of funds contribute to the non-federal share of computable waiver costs**
- The following source(s) are used**
Check each that applies:
- Health care-related taxes or fees**
- Provider-related donations**
- Federal funds**

For each source of funds indicated above, describe the source of the funds in detail:

Appendix I: Financial Accountability

I-5: Exclusion of Medicaid Payment for Room and Board

a. Services Furnished in Residential Settings. *Select one:*

- No services under this waiver are furnished in residential settings other than the private residence of the individual.**
- As specified in Appendix C, the State furnishes waiver services in residential settings other than the personal home of the individual.**

b. Method for Excluding the Cost of Room and Board Furnished in Residential Settings. The following describes the methodology that the State uses to exclude Medicaid payment for room and board in residential settings:

When establishing reimbursement rates as described in Appendix I-2,a, no expenses associated with room and board are considered.

Appendix I: Financial Accountability

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. *Select one:*

- No. The State does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.**
- Yes. Per 42 CFR §441.310(a)(2)(ii), the State will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The State describes its coverage of live-in caregiver in Appendix C -3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver's home or in a residence that is owned or leased by the provider of Medicaid services.**

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (1 of 5)

a. **Co-Payment Requirements.** Specify whether the State imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. *Select one:*

- No. The State does not impose a co-payment or similar charge upon participants for waiver services.**
 Yes. The State imposes a co-payment or similar charge upon participants for one or more waiver services.

i. **Co-Pay Arrangement.**

Specify the types of co-pay arrangements that are imposed on waiver participants (*check each that applies*):

Charges Associated with the Provision of Waiver Services (if any are checked, complete Items I-7-a-ii through I-7-a-iv):

- Nominal deductible**
 Coinsurance
 Co-Payment
 Other charge

Specify:

|

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (2 of 5)

a. **Co-Payment Requirements.**

ii. **Participants Subject to Co-pay Charges for Waiver Services.**

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (3 of 5)

a. **Co-Payment Requirements.**

iii. **Amount of Co-Pay Charges for Waiver Services.**

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (4 of 5)

a. **Co-Payment Requirements.**

iv. **Cumulative Maximum Charges.**

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (5 of 5)

b. Other State Requirement for Cost Sharing. Specify whether the State imposes a premium, enrollment fee or similar cost sharing on waiver participants. *Select one:*

- No. The State does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.**
- Yes. The State imposes a premium, enrollment fee or similar cost-sharing arrangement.**

Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income; (c) the groups of participants subject to cost-sharing and the groups who are excluded; and, (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:

Appendix J: Cost Neutrality Demonstration

J-1: Composite Overview and Demonstration of Cost-Neutrality Formula

Composite Overview. Complete the fields in Cols. 3, 5 and 6 in the following table for each waiver year. The fields in Cols. 4, 7 and 8 are auto-calculated based on entries in Cols 3, 5, and 6. The fields in Col. 2 are auto-calculated using the Factor D data from the J-2d Estimate of Factor D tables. Col. 2 fields will be populated ONLY when the Estimate of Factor D tables in J-2d have been completed.

Level(s) of Care: Hospital

| Col. 1 | Col. 2 | Col. 3 | Col. 4 | Col. 5 | Col. 6 | Col. 7 | Col. 8 |
|--------|----------|-----------|-------------|-----------|-----------|-------------|---------------------------------|
| Year | Factor D | Factor D' | Total: D+D' | Factor G | Factor G' | Total: G+G' | Difference (Col 7 less Column4) |
| 1 | 24146.52 | 7877.00 | 32023.52 | 123679.00 | 9842.00 | 133521.00 | 101497.48 |
| 2 | 17882.15 | 6184.00 | 24066.15 | 114053.00 | 37867.00 | 151920.00 | 127853.85 |
| 3 | 17958.98 | 6029.00 | 23987.98 | 116334.00 | 38624.00 | 154958.00 | 130970.02 |

| 5 | 22998.02 | 10364.00 | 33362.02 | 138333.00 | 45928.00 | 184261.00 | 150898.98 |

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (1 of 9)

a. Number Of Unduplicated Participants Served. Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table: J-2-a: Unduplicated Participants

| Waiver Year | Total Number Unduplicated Number of Participants (from Item B-3-a) | Distribution of Unduplicated Participants by Level of Care (if applicable) | |
|-------------|--|--|--|
| | | Level of Care: | |
| | | Hospital | |
| Year 1 | 315 | 315 | |

| Waiver Year | Total Number Unduplicated Number of Participants (from Item B -3-a) | Distribution of Unduplicated Participants by Level of Care (if applicable) | |
|-------------|---|--|--|
| | | Level of Care: | |
| | | Hospital | |
| Year 2 | 594 | 594 | |
| Year 3 | 664 | 664 | |
| Year 4 | 734 | 734 | |
| Year 5 | 804 | 804 | |

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (2 of 9)

- b. Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

Average Length of Stay was calculated by using the total days of waiver coverage for SFY2010 (7/1/2009 - 6/30/2010) : 155,709, divided by the unduplicated number served: 582, or 268 ALOS.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

- c. Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.

- i. Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

Factor D was estimated by utilizing data from the Kansas MMIS system and reflects the average HCBS waiver service cost and utilization for TBI waiver participants for the state fiscal years July 2007 through June 2010. This average expenditure was projected to Year 4 of the waiver, which is then projected to Year 5 of the waiver at an average annual trend of 0.62%.

The cost per member shown in Factor D is based on the unduplicated counts seen in table J-2-a. These unduplicated counts remain consistent with the previous submission.

- ii. Factor D' Derivation.** The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor D was estimated by utilizing data from the Kansas MMIS system and reflects the average acute care cost and utilization for TBI waiver participants for the state fiscal years July 2007 through June 2010. This average expenditure was projected to Year 4 of the waiver, which is then projected to Year 5 of the waiver at an average annual trend of 0.62%.

Factor D' does not include the cost of Medicare Part D Prescribed Drugs. This is not a Medicaid cost and is not paid through the MMIS system.

The cost per member shown in Factor D' is based on the unduplicated counts seen in table J-2-a. These unduplicated counts remain consistent with the previous submission.

- iii. Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G is based upon Traumatic Brain Injury Rehabilitation Facility FY 2010 costs divided by unduplicated people served with a 3.89% increase for each year thereafter.

- iv. Factor G' Derivation.** The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

Factor G' is calculated from LAG MAR Report end date 6/30/09, where (B'=G') with an estimated inflation rate of 3.89%.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (4 of 9)

Component management for waiver services. If the service(s) below includes two or more discrete services that are reimbursed separately, or is a bundled service, each component of the service must be listed. Select “*manage components*” to add these components.
