Quick Facts

What is KanCare?

KanCare is the new name and the new way, for Medicaid services. It combines health care (like doctor visits) and community long-term services and supports (like help in your home).

You get to choose the **KanCare** plan that works for you!

KanCare is the State of Kansas' plan to improve services and manage Medicaid costs.

Who are the KanCare Providers?

Kansas partnered with three health plans to deliver **KanCare** services to you. Each plan is statewide.

Amerigroup Kansas, Inc.

KanCare Timeline

November 2012

You get information about your new **KanCare** health plan

January 1, 2013

Kansas Medicaid and HealthWave becomes **KanCare**

January-April 4, 2013

You will be assigned to one of the **KanCare** health plans. You will be given information about the other two health plans that will explain what you need to do if you want to choose a different health plan. You will have from November to April 4, 2013 to decide if you want to change health plans. You can't change your plan after the choice period. You will have a chance every year to choose a different plan. You can change providers at any time.
