IMPORTANT INFORMATION

Remember – you can change plans during your initial Choice Period and then each year during your Annual Open Enrollment. The deadline to change is listed on the Enrollment Form in the field named “Choice Period End”.

If you are pregnant or will be adding a newborn (under 12 months of age) to your case – the baby will usually be added to the same plan as the mother. The system will try to keep the mother and baby together beginning at birth if coverage is approved. Think about this when choosing your plan.

Things to know:

- Your primary care provider may be a doctor, physician assistant, nurse practitioner, or a clinic in your health plan. If you need a specialist, please reach out to your specialist and check with your health plan to make sure that they are in the network.
- Call your primary care provider if you or your child gets sick. In an emergency, go to the nearest emergency room or call 911.
- If you have special health care needs, call your health plan after you are enrolled and they will make sure you get the care you need.
- KanCare does not have copays.
- The Annual Open Enrollment period is based on the household as a whole rather than each person within a household.

How can my health plan help me when my needs change?

In KanCare, your health plan must make sure you get the care you need. Your health plan will ask questions about your health when you enroll into KanCare. This helps to find out what health care you need.

Your health plan must coordinate your services. They will let you know who to contact for help with this. Your health plan can coordinate services:

- When your care settings change, such as going home after a hospital stay;
- If you switch health plans;
- If you switch from Fee-For-Service Medicaid to KanCare Medicaid;
- With your community or social support service providers.

As your care needs change, your health plan must make sure that your care continues. This may be done by:

- Allowing you to get care from non-network providers for a period of time;
- Connecting you to providers within the health plan's network;
- Coordinating with providers, the State, or other health plans serving you.

Your health plan may need to share some of your information with providers, the State, or other health plans serving you. This could include health risk information or medical records. Your information will only be shared when needed to manage your services. Your information will be shared in a way that protects your privacy.

What are my rights and responsibilities?

In KanCare, you have the right to:

- Be treated with respect.
- Receive information about KanCare benefits.
- Choose your primary provider within your plan.
- Make decisions about your health care.
- Have access to medical advice from your provider, either in person or by phone, 24 hours a day, 7 days a week.
- A second opinion.
- Voice concerns about your provider or services.
- Appeal any denials from the program.
- Review records used for the denials from the program.
- File a grievance if you are unhappy with your care.
- Ask if a service is covered before receiving it by asking your provider or calling your health plan.

In KanCare, you have the responsibility to:

- Review the KanCare enrollment packet. You have until the Choice Period End date on the Enrollment Form to change plans. If you choose not to change by that date, the next time you are able to change is during your Annual Open Enrollment.
 - Choose your primary provider within the available plan.
 - Call your provider for any medical problem.
 - Go to your primary provider for preventive care.
 - Read all the information given to you on your medical benefits.
 - Make and keep appointments. If you can't keep an appointment, call and cancel.
 - Follow the advice of providers.
 - Pay for services that are not covered by KanCare.
-
- 

What are my rights and responsibilities?

In KanCare, you have the responsibility to (cont.):

- Show respect to providers.
- Use services appropriately. Example: Use the emergency room only when you believe you are having a true emergency.
- Tell your provider about other insurance coverage you have, including Medicare.

What if I am not happy with my healthcare?

Grievances

A grievance is an expression of dissatisfaction about anything other than an adverse benefit determination. You may ask for a grievance at any time. Call or write one of the customer service centers below to ask for a grievance. Customer service staff will help you with a grievance.

Appeals

An Appeal is a request for a review of any of the adverse benefit determinations below. You can appeal:

- The denial of approval for services or a limited approval of services, including the type or level of service;
- Reducing, suspending, or ending a service you have been receiving;

What if I am not happy with my healthcare?

Appeals (cont.)

- The denial, in whole or part, of payment for a service;
 - The failure of the health plan to act within the required time for service;
 - The failure of the health plan to resolve grievances or appeals within the required times;
 - The denial of your request to dispute something we say you owe.
- You will receive a Notice in the mail explaining the adverse benefit determination.
 - To ask for an Appeal: You or someone acting on your behalf can ask for an appeal.
 - You can ask for an appeal verbally or in writing. Customer service for your health plan can also help you with an appeal.
 - You must ask for an appeal within 63 calendar days of the date of the Notice.
 - The appeal will be reviewed within 30 calendar days unless more time is needed. You or the health plan can ask for an additional 14 calendar days to review the appeal. If the health plan requests more time, you will be notified of the delay. You may be able to have a quicker review of your appeal. Call your health plan for more information.

What if I am not happy with my healthcare?

State fair hearings

A state fair hearing is a formal meeting where an impartial person (someone you do not know) from the Office of Administrative Hearings (OAH) listens to all of the facts and then makes a decision based on the law.

- If you are not happy with the decision made on your appeal, you or someone acting on your behalf may ask for a state fair hearing. You can ask your health plan by calling your health plan or you can ask in writing by mailing or faxing your request to:

**Office of Administrative
Hearings
1020 S. Kansas Ave.
Topeka, KS 66612-1327
Fax: 785-296-4848**

- If you ask for a state fair hearing after your appeal, the letter or fax must be received at OAH within 123 calendar days of the date of the Notice.
 - You may be able to have a quicker state fair hearing. Call your health plan for more information.
 - You must ask for an appeal first to your health plan before you can ask for a state fair hearing with the Office of Administrative Hearings.
 - Your healthcare providers can ask for an external review of your health plan's denial or limited approval of a service. If you are not happy with the decision made by the external reviewer, you may ask for a state fair hearing by calling your health plan or in writing.
 - If you ask for a state fair hearing after the external reviewer's decision, the letter or fax must be received at OAH within 33 calendar days of the date of the Notice that tells you about the decision of the external reviewer.

How do I make a change?

If you would like to use the Internet but do not have a computer, try going to your public library, place of worship or neighborhood school.

STEP 1

Look at the Enrollment Form in the packet. It lists the members in your household who are enrolled. It tells you who can change their health plan and the last day that the change can be made.

STEP 2

Look at the **Health Plan Highlights**. Ask the plans or check their website for the providers in their networks. You will find doctors, hospitals, pharmacies, or other providers you may use. This includes aging or disability services and mental health or substance abuse services.
