Purpose, Background and Reason for Change of the Kansas Family Medical Assistance Manual (KFMAM)

The purpose of this document is to identify the changes which have been included in the KFMAM effective April 1, 2018. Manual changes are outlined below.

- 1330.03 Tier 3: Research** – This section has been updated to include new instructions for using The Work Number and to correct wording.
- 1333.04 Mandatory Verification – Income** – This section has been updated to include new instructions for using The Work Number in Tier 3 and to incorporate verification requirements for zero income.
- 2211.01 Subsection of Categorically Needy** – This section has been updated to include TransMed and Extended Medical.
- 3100 MAGI Budgeting Units** – This section has been updated to indicate that when information is needed for tax household members who reside out of the home, the KEES form V077 shall be used. This eliminates the KC4520 form and the associated manual process.
- 3200.05 Subsection of Additional IBU Provisions** – This is a new section which addresses the use of the new ‘Family Size Only’ role to correctly determine IBUs that include household members receiving SSI or in long term care.
- 6122 Reasonable Compatibility** – This section has been updated to incorporate two new reasons by which an individual can be considered reasonably compatible. This incorporates the use of reasonable compatibility for zero income. Additional detail was provided about how the reasonable compatibility test is performed in KEES.

7330.02 Passive Review – This section has been updated to remove requirements that are no longer applicable to when a case can be passively reviewed.
