

# Contracted OneCare Kansas Partners

The list of contracted OneCare Kansas Partners (OCK) and their associated Managed Care Organizations (MCOs) undergoes regular updates. MCOs submit partner updates to the State on the 1st and 15th of each month. While efforts are made to promptly update the website, it may take a few days for changes to be reflected. If an OCK partner is missing from the list, please to check back within a couple of days for updates.
