### WHAT KIND OF HELP DOES WORKING HEALTHY GIVE?

- Get KanCare
- You can work and earn money without losing KanCare
- You can have more assets
- You can have unlimited retirement accounts
- Gives you more personal and financial freedom
- Help paying Medicare or private insurance premiums
- When you are working you may continue to have Medicare. Of, if you make enough that you stop getting a Social Security check you can still qualify for KanCare via Working Healthy.
